Tojo Rallies Following Transfusion

ROUNDUP OF RENEGADES PROGRESSING

American Occupation Authorities Extend List Of "Wanted" Occidentals As War Criminals

HOMMA MAKES ESCAPE

BULLETIN
Tokyo, Thursday, Sept. 12—(P)—The Japanese cabinet today called into special session to discuss General MacArthur's designation of members of former Premier Hideki Tojo's "Pearl Harbor" cabinet as among those to be taken into custody.

By the Associated Press
Tokyo, Sept. 12—(P)—American occupation authorities tonight pressed the roundup of 47 Japanese war leaders and renegade occidentals as a gift of blood from Pennsylvania sergeant probably saved the life of Hideki Tojo, principal architect of the Pearl Harbor assault.

General MacArthur, extending a list of "wanted" men to include even of the notorious Black Dragon Society's top terrorists, ordered dissolution of that Jingoistic secret organization, which the Japanese claimed had disbanded more than a month ago.

While the roundup bag increased, one of the most badly wanted, Gen. Masaharu, who sanctioned the murderous death march at Bataan, fled to his island home at the northwest coast.

One of those caught, however, as Heinrich Georg Stahmer, German ambassador held chiefly responsible for bringing Japan into the Rome-Berlin Axis.

Stahmer came to Tokyo in 1940 as a special envoy on the Axis deal, was rewarded by being named Hitler's envoy to the Nanking puppet government and then became ambassador to Tokyo. He was a personal assistant to Nazi Foreign Minister Joachim von Ribbentrop.

Tojo, who attempted suicide yesterday, admitted to escape trial the main Japanese war criminal, but who missed his heart with bullet from a pistol taken from downed American flier, rallied tonight after the transfusion of B-type whole blood and injections of penicillin.

Doctors, who said he a better- even chance to live, declared a condition now was "very satisfactory." Tojo himself was strong enough to thank them and to tell Japanese government representative, I. Sugaku, who visited him in Yokohama, that he appreciated the care he was getting.

The blood donation came from (Turn to Page Nine)

6,000,000 Will Be Out By July

Washington, Sept. 12—(P)—Secretary of War Patterson today told the army expects to discharge 6,000,000 men next July 1.

Defending the point system of mobilization in testimony before senate military committee, Patterson said it should bring the army down to a strength of 2,500,000 by the middle of 1946.

The undersecretary vigorously acted a proposal by Senator Owens (D-Colo.) that congress up a special agency to police mobilization. Johnson asked if would be "harmful" for congress to name a committee which would "watch the situation closely—stating that members were "overwhelmed" with requests for discharges.

He believed it would be harmful," Patterson replied.

Surrender of Jap Forces In Southeast Asia and East Indies Made To Mountbatten

By MARC PURDUE
Singapore, Sept. 12—(P)—Admiral Lord Louis Mountbatten received the surrender of all Japanese forces in southeast Asia and the East Indies today from Gen. Seishiro Itagaki, representing the ailing commander of the Japanese southern armies, Marshal Count Juichi Terauchi.

Promptly after the ceremony the Allied southeast Asia commander announced he would tolerate no arrogance from the Japanese and told his troops in an order of the day that they would have his support "in taking the sternest measures against any Japanese attempt at obstinacy, impudence or non-cooperation."

The order of the day underscored Mountbatten's previous stern announcement that "we are going to treat our enemies with justice and humanity, but we are going to be their masters."

The surrender involved about 85,000 Japanese troops in the Singapore area and some 500,000 soldiers in the rest of the region.

BULLETIN
San Francisco, Sept. 12—(P)—Field Marshal Gen. Sugiyama, former war minister, committed suicide today, the Tokyo radio said.

By the instrument the Japanese gave up the richest and most expansive conquests of their long campaign of aggression—an area stretching 6,500 miles from the Arabian sea to Mollandia, embracing 1,500,000 square miles and populated by 128,000,000 people.

Lt. Gen. Sir William J. Slim, commander of Allied land forces in southeast Asia, and Lt. Gen. R. A. Wheeler, of the U. S. Army, deputy southeast Asia commander, as well as representatives of the Netherlands, Australia, France and China looked on while Mountbatten signed eleven copies of the surrender instrument, using a fresh pen each time.

The ceremony began in the council chamber of Singapore's flag-draped municipal building at 11:15 a. m. (11:15 p. m. Tuesday EWT) and was concluded in a few minutes. Itagaki signed for Terauchi. (Turn to Page Nine)

Fourteen Navy Men Killed In Plane Crash

Miami, Fla., Sept. 12—(P)—Fourteen navy men died today in the crash of a big, four-engine Privateer which, with one engine fire, was being guided to cleared runways by radio. One man escaped by leaping with his parachute.

The man who jumped was W. J. De Roche (address unavailable immediately), aviation ordnance man, who attempted to rescue his comrades but was driven away by flames and exploding ammunition.

Naval authorities have this description of the tragedy: The big plane with 15 men aboard took off from the Naval Air Station on a regular training flight and as it gained the air over the control tower saw that its No. 3 engine was afire.

"Your engine is afire," the pilot was told by radio. "You will land immediately on any runway. All runways are being cleared for you."

Every plane in the vicinity was ordered out of the way of the distressed craft as the pilot acknowledged. (Turn to Page Nine)

PENNSY TRAIN HITS AUTO ON CROSSING

Tiro, O., Sept. 12—(P)—The second section of the Red Arrow, Pennsylvania passenger train from Washington to Detroit was derailed here today after it struck a stalled automobile. At least 10 persons were injured.

The locomotive and seven cars—baggage car, diner and five coaches and pullmans—left the tracks.

The train, west bound, was wrecked at 6:50 a. m. (Central War Time).

Matty Jr. Is Home

Among the 14,500 soldiers landing in New York after the Queen Mary's latest trip from Europe was Lt.-Col. Christy Mathewson, of Saranac Lake, N. Y., son of the famous Giant pitcher. He had been overseas 13 months with the AAF.

Mother Held For Death Of Five-Year-Old

Johnstown, Sept. 12—(P)—Mrs. Mary Cimon Aniol, 28, who pleaded guilty when charged with the strangulation death of her five-year-old son yesterday, waited in Cambria county jail at Ebensburg today for action of the December grand jury.

Alderman Louis B. Saylor ordered her held without bail after a brief hearing last night. The charge was preferred by City Detective Charles Griffiths, who said Mrs. Aniol at her arraignment was still wearing the simple house dress she had on when she was arrested.

Detective Sgt. John W. Reed stated officers were called to the Aniol home, in a war housing project, by neighbors who said Mrs. Aniol had begged them "come and help or call police." The boy, John, was found dead in a bedroom of the home.

Reed quoted the mother as saying, "When I went into his room and saw him lying on the bed, I don't know what came over me." At the hearing, Mrs. Aniol was hardly coherent; she appeared stunned. (Turn to Page Nine)

Conventions Off Restricted List

Washington, Sept. 12—(P)—Conventions, group meetings and trade shows go off the restricted list October 1.

The Office of Defense Transportation banned such gatherings last February 1 to reduce travel and ease hotel crowding. Since then it has loosened the rules to permit state meetings of any size and out-of-state attendance up to 150. The new order lifts all restrictions.

ODT Director J. Monroe Johnson asked, however, that the public still stifle that urge to travel until after peak troop movements have been accomplished early next year.

He suggested that in the meanwhile big gatherings be deferred when possible.

Investigations Refute Claim Of Permanent Bomb Damage

By HOWARD W. BLAKESLEE
Associated Press Science Editor
Alamogordo, N. M., Sept. 12—(P)—Secret details of Japanese scientific investigations released here today refute enemy radio reports that the atomic bomb area of Hiroshima had become unfit for human habitation.

Disclosed by Maj. Gen. Leslie R. Groves, head of the atomic bomb project, these reports declared that 11 days after the bomb fell Hiroshima apparently was safe from dangerous rays. The reports said that at any point beneath the impact of the explosion there was less than a tolerance dose of X-rays coming from ground or air.

This amount means, General Groves said, that it is safe for anyone to live in that area permanently without risk.

The general issued the Japanese reports in connection with a visit to the site of the first atomic bomb explosion, about 60 miles north of here. He led a party of 31 writers and photographers, five scientists and a dozen army officers into the bomb crater last Sunday afternoon.

Prisoner Bearing Up Well After Her Collapse Tuesday

After a night's rest from the ordeal of Tuesday on the witness stand, Mrs. Adaline McKinney this morning resumed the stand for a cross-examination at the hands of District Attorney Joseph H. Goldstein. Mrs. McKinney, pale and with but a touch of rouge on her cheeks, was much more composed than she was yesterday and answered all questions in a firm, clear voice. Several times she smiled at her attorneys as they interposed objections to questions of the commonwealth attorneys.

District Attorney Goldstein, courteously recognizing the nervous temperament of the woman, quietly put his questions and his cross-examination was not such as to cause an emotional outburst. He questioned her at some length relative to statements made to Sheriff L. E. Linder and Coroner Ed C. Lowrey.

Almost immediately he went into the "walk" which Mrs. McKinney took Sunday night. She related incidents of the evening calmly and in a clear voice as follows: "I came home from the picture show about 9 and was home until 11 when I left the house for a walk. I saw a car which I recognized as one that had been driven past our house. I stopped and asked if the driver were 'Holly' Albaugh. He said it was and while talking I got into the car."

"Was it parked in an alley, do you remember?" said Mr. Goldstein. "Yes, I think it was on the cross walk. After I got in the car we drove toward Cory. Finally he turned off on a dirt road and stopped the car. I opened the door and leaned back on the seat and talked for some time. I didn't just know where we were. We sat there talking for about half an hour. I wasn't afraid of Mr. Albaugh and when I got in the car I leaned my head back, closed my eyes and wished he would drive and drive."

"Did you see a car near the brick works where Mr. Albaugh let you out of his car?" "No I did not."

"Isn't it a fact that it was your husband's car that was close to you when you stopped?" "I didn't see any other car."

Mrs. McKinney said she was treated most courteously by the officers on the evening she made her confession and that she tried to tell the truth as she knew it at the time but can remember better now. She recalled that she had shot the gun once last year sometime when she was on the hill and that it was the only time she ever shot a revolver.

"Do you recall," Mrs. McKinney, stating in your confession that you loaded the gun and held it behind your dress when you went back to the bath room?" queried Mr. Goldstein.

"No, I just didn't know whether I had it in my hand at my side or back of me. I just couldn't say." Mrs. McKinney related that she spent three days at Chautauque Lake with her sister in July. She said her husband didn't want her to go but that her husband had promised her a vacation a long time ago and so she went, anyway.

Relating events of last Christmas she said she did not want to give her a Christmas present but he finally gave her money. Other years he had given her gifts.

Several times during her examination she closed her eyes and held her hand over her eyes. As Mr. Goldstein finished Mr. Glassman asked a couple of questions and she said "I never loaded a revolver in my life."

"What was your condition following the shooting on July 16th?" asked Mr. Goldstein. "I could hardly talk and I was nervous and distraught. It was an awful shock but I gave the truth the best I could at the Sheriff's office where I was kept until about 1 o'clock in the morning."

Mr. Goldstein had no further questions. While Mrs. McKinney testified this morning an attendant stood near her watching for an emotional outbreak but nothing of the kind took place. The public was again barred from the court room this morning and a wooden barrier was placed on the foot of the stairway.

At noon the court announced a recess until two o'clock. (Turn to Page Six)

HAAS WANTS MINORS BACK IN CLASS ROOMS

Harrisburg, Sept. 12—(P)—Pennsylvania employers were urged by Dr. Francis B. Haas, superintendent of public instruction, to discharge all minors as early as possible so that they may return to school.

Dr. Haas, in a letter sent yesterday to all county and district superintendents said "you may deem it advisable to write to employers of minors formerly enrolled in your schools, advising them of the immediate problem," that of adjusting the school system to provide for the return of the one-time students.

MANY VITAL QUESTIONS UP TO CONGRESS

Senate Military Committee Calls Big Shots To Find Out About Releasing Soldiers

ATTACK PROBE FIXED

Washington, Sept. 12—(P)—Undersecretary of War Patterson today told congress—demanding to know why men can't be discharged from the army faster—that:

1. Six million would be discharged by next July 1.
2. The discharge rate will be speeded up by reducing the point score even lower than it is now.

Patterson made these statements to the senate military committee which called upon him and other top officials to explain about demobilization.

The present point system—80 points will get a man discharged—was defended by Patterson.

But when Senator Revercomb (R-W. Va.) asked if the lowering the point score still further would not hasten demobilization, Patterson said:

"Yes, sir, and that will be done." By discharging six million men within the next 11 months, Patterson said the army then would be down to a strength of 2,500,000 by July 1.

Congress called up the military authorities in the hope that the folks back home would listen to the answers and stop writing letters complaining about the present rate of releasing men from service.

But congress was in a real questioning mood. It wanted to know about the Pearl Harbor disaster, about un-American activities, and what was going on in UNRRA.

A congressional investigation of the Pearl Harbor attack was all set. Both the senate and house voted for it unanimously. That means more quizzing for army, navy big shots. Six Democrats and four Republicans will do the quizzing.

Un-American activities snapped back into the news when the house committee to investigate them held its first formal meeting under the new chairman, Rep. John S. Wood of Georgia.

This used to be the "Dies committee." Wood said he expects the group to have more work than ever before. (But he said he's going to be mighty careful whom he labels "Un-American.")

Herbert H. Lehman, boss of UNRRA—the United Nations Relief and Rehabilitation Administration—came before the senate foreign relations committee for stiff questioning.

Meanwhile a Republican from Pennsylvania, Rep. James Fulton, just back from Europe, took a poke at UNRRA. He said its activities are a "laughing stock" in Europe. (Turn to Page Nine)

Washington, Sept. 12—(P)—President Truman will fly to Missouri Friday to visit his mother and the homefront at Kansas City and Independence.

The White House announced the president will leave here at 1:30 p. m., Friday from the National Airport, arriving in Kansas City about 6:25 p. m., Central War time.

He will return to Washington Sunday, arriving about 6:50 p. m. The chief executive, traveling in the presidential C-54—the "Sacred Cow"—will give Senate Majority Leader Barkley (Ky.) a lift to Paducah. Barkley has a weekend speaking engagement in his home state.

The president will pick up Barkley again on the return trip Sunday, flying him back to Washington.

On the Friday trip the president also will stop at Scott Field, Ill., where Miss Reathel Odum, Mrs. Truman's secretary, will leave the party to start a vacation at her home nearby.

Among the most pressing requests for a speedy decision is one from OPA Administrator Chester Bowles. Bowles' agency soon must start printing October point value charts if rationing is to be continued next month.

Bowles conferred yesterday with Acting Secretary of Agriculture J. B. Hutson, telling him that a quick decision would be a good thing.

If the decision is to terminate meat rationing by October 1 or sooner, there probably will be no announcement before the eve of the effective date. OPA says announcement well in advance will make it difficult to enforce rationing regulations in the meantime.

Washington, Sept. 12—(P)—The question of how soon meat rationing will end moved nearer a showdown today.

As housewives began buying all varieties of cheese without stamps government food officials predicted an early decision on whether meat can go off the ration list.

1. Before month's end.
2. By October 1, or
3. At some later date.

The possibilities were that wide open as the matter became a first order of business for Secretary of Agriculture Anderson.

Due back in the capital shortly from a vacation at his home in Albuquerque, N. M., Anderson will be asked for something definite on meat—quickly.

PLEASING GIFT

The Times-Mirror business office staff is very appreciative of a lovely gift of glads brought in by Sam Gerardi, one dark red specimen being particularly outstanding in the bouquet.

K. OF C. MEETING

The Knights of Columbus will hold their regular meeting tomorrow night promptly at eight o'clock in the club rooms. Lunch will be served following the meeting.

PASTORS RETURNED

It will interest their many Warren friends to learn that Methodist pastors returned to former charges at the Erie Conference sessions in Meadville include Rev. Ralph Richardson, of Conneautville, and Rev. Jesse J. Knapp, of Saegertown.

CRASHED TRAFFIC LIGHTS

Leonard Thompson, 307 Laurel street was summoned to police court last night at 8:10 when he crashed the traffic lights at Conewango and Pennsylvania avenues and also at Liberty street and Pennsylvania avenue. He was driving a Butterkrust Bread truck and went through both lights.

NURSES GRADUATED

Five Warren girls were included in the class of 65, largest ever graduated from Millard Fillmore Hospital School of Nursing in Buffalo, given diplomas on September 7. They were Wilma Endress, Elizabeth Edinger, Elizabeth Hotell, Louise Johnson and Marjorie Simones.

BOY BURGLARS

The Collins store at Gladerun, formerly the Smith store, has been entered several times lately and small articles taken. Last evening the proprietor caught several small boys making their exit from the store. They were rounded up and implicated other lods. The boys will have a confab with the police.

CONTINUES STUDIES

Mrs. Max English, wife of Ensign English, has returned to Louisville, Ky., after spending ten days with Mr. and Mrs. Max English, Kinzua. She will resume her studies at Nichols General Hospital in Louisville, where she is specializing in occupational therapy. Ensign English is now enroute to some station in the South Pacific. Ensign and Mrs. English were married in Denver, Colo., on July 17.

ON FIVE-DAY WEEK

George W. Ervin, manager of the Erie, Pennsylvania field office of the Social Security Board, located in the G. Daniel Baldwin building, announced today that his office is now operating on a five-day week, Monday through Friday. Hours will be from 8:30 a. m. to 5:00 p. m. The new work week has been adopted by the Federal Security agency of which the Social Security Board is a part. This schedule is in line with the general policy of government departments and agencies to return to the normal number of working hours during a week which prevailed before the war. Return to the pre-war policy was requested by President Truman following the surrender of Japan. The field office will continue to provide its regular services to the public. Mr. Ervin stated. The office accepts claims for monthly retirement and survivors insurance benefits under the Social Security Act, issues social security account numbers and furnishes information to the public.

Personal Paragraphs

Mrs. W. W. Ion, of Fisher, Clarion county, spent Tuesday here as the guest of Mr. and Mrs. Charles Wetmore, Pennsylvania avenue, east.

Miss Ethel Hodges, nurse for the Warren County Tuberculosis Society, and Mrs. C. A. Satterlund, worker for the organization, are leaving today for Pittsburgh where they will attend a one-day conference.

Miss Alberta Hice, 520 Conewango avenue, is reported to be getting along very nicely after submitting to an appendectomy at the Warren General Hospital Saturday.

Donald Sheldon, aged 50, of Youngsville, was brought to Warren General Hospital Tuesday by his brother, J. L. Sheldon, when it was feared he was suffering from sunstroke. He was admitted for further care and treatment.

Mrs. Carrie Sager, Dartmouth street, and her guest, Mrs. Alice Ostman, are spending a few days with relatives in Brookville.

Paper is a MUST in caring for the soldiers overseas. Have yours bundled and at the curb Sept. 19.

Poor Digestion? ☐ **Headachy?** ☐ **Sour or Upset?** ☐ **Tired-Listless?** ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable. Therefore, you must increase the flow of this digestive juice, Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

Highway Dept. Engineer Is Speaker Before Lions Club

On Tuesday noon S. W. Jackson, district engineer for the Pennsylvania Department of Highways, was guest speaker at the Lions Club luncheon.

It was very interesting to learn that Mr. Jackson, who is now a resident of Franklin, was at one time a citizen of Warren. He entered the service of the highway department about 1905, which was shortly after the department was created by an act of the state legislature. At that time the district office of the highway department was located in the flat-iron building in Warren. While he lived in Warren, the speaker also sang in the choir of the Episcopal church. Later the highway districts were changed and Mr. Jackson was moved from Warren.

Since 1905 there have been many changes in road building, he pointed out. Up to 1911 the only roads built were those known as state aid roads. The state furnished part of the cost of building these roads and the townships paid the rest. In 1911 an act was passed by the legislature whereby the highway department took over the maintenance of 8,000 miles of roads. This amount has been added to each year until today the state maintains 41,522 miles of roads. Most people do not realize the magnitude or the importance of our Pennsylvania system of highways. It is the largest transportation system in the United States and one of the largest in the world. Our state highway system of roads is much larger than that of New York, Texas, Ohio, or West Virginia.

During the past several years, due to wartime conditions, the state has been able to do but very little new construction of roads. Most of the work done has been maintenance work such as re-surfacing of roads, widening of roads, and surface treatment. We are located in Highway District No. 1, which consists of Erie, Venango, Crawford, Mercer, Lawrence, and Warren counties. Warren G. Lowe is superintendent in charge of construction and maintenance for Warren county. At the present time there are 518 miles of state maintained roads in this county. Of this amount 417 miles are improved roads and 101 are unimproved. The latter are smaller roads and the traffic over them would not justify expensive construction work. For the most part they are of the graveled type.

Our highway department is maintained by the money which is received in the motor fund. At present this fund is very large. Most of this money is derived from license fees and state gasoline tax. From 1941 through 1943 a total of \$256,000,000 has been paid into the fund by motorists. About half of this amount or \$128,000,000 has gone to the Department of Highways during this same period. Some money is also received from the federal government for road building. Ordinarily from \$60,000,000 to \$85,000,000 is spent annually on our state highway system in Pennsylvania. At present a post war program calling for an expenditure of \$100,000,000 per year is being considered. Whether or not this program is carried out is dependent greatly upon employment conditions. If industry does not take up the workers released from war work, the state will use them in road work. If, however, industry does use these workers and business proves to be good probably the highway construction schedule will be held up somewhat in order to not take men away from industry.

At the present time there are many highway surveys being made. Among these are plans for improving such roads as Route 6 which goes through Warren. The purpose will be to straighten curves, rebuild certain sections of the road, and perhaps eliminate railroad crossings. Many factors will enter into this. Foremost among those mentioned was the question of whether or not the Kinzua dam will be built. Strange as it may seem, this will affect both the highways and railroads in this section. In this connection Mr. Jackson mentioned that highway surveys were at one time relatively simple and one man could survey one mile of road per day. At present and with modern developments it takes days and requires several men and quite an amount of equipment to survey a mile of new road.

In concluding the speaker read copies of some very interesting letters which had been received by various high-ranking officials of the state relative to certain projects for the repairing and relocating of roads. The letters were evidently from very eccentric people and proved most amusing. Evidently most of the boys at

Tuesday's meeting were in good spirits, as several comments were heard about the volume of the group singing. Gus Borg and Bob Wilson staged a little contest to see who was the better song leader. The writer of this article does not wish to commit himself, so will only say that Gus Borg managed to survive (two didn't know how) after singing "On Wisconsin" as a solo number and perhaps should therefore be accorded top honors. Rev. Paul Ackert, of Valencia, M. E. Bucklin, of Tidoute, and A. Kerr Vincent, of Tiffin, Ohio were out of town guests at the meeting.

Meeting At Court House This Evening

A large attendance of retailers, contractors and distributors of services is expected at the meeting in the large court room at the Court House this evening at 7:30 o'clock. L. Jerome Wolcott of Philadelphia, regional manager of the Committee for Economic Development, as already announced, will be speaker and will show a movie film, "The Last Three Feet". The meeting is being sponsored by the Warren Chamber of Commerce for the Committee for Economic Development.

AT THE HOSPITAL

Visiting Hours:

2:00 to 3:00 - 7:00 to 8:00 p. m.

Admitted Tuesday
Mrs. Alveda F. Smith, 818 Pennsylvania avenue, west.

Youngsville Community Fair Most Successful Ever Held

Youngsville, Sept. 11.—One of the best attended and successful Youngsville fairs was completed Saturday evening, Sept. 8th. The horse show was, as expected, the center of interest, on Friday and Saturday and was most interesting with many fine horses shown and with riders who showed great skill in their performance. Especially was this true of the closing stake events of the horse show.

Several new features were to be seen at this year's community fair. The attractive administration building was new this year, replacing a building which collapsed last winter because of heavy snow. The judges' booth was another feature this year in the center of the exhibition circle.

AMUSEMENTS

Ernie Pyle's Story of "GI Joe" Comes to the Library Theatre Next Sun., Mon. and Tues.

Ernie Pyle's "Story of GI Joe," the new Lester Cowan-United Artists screen production which glorifies the plan American infantry soldier, has a love story in its background. Yet only two women have featured roles in it. And the cast doesn't boast of even one sweeter girl.

When Producer Cowan began work on the screen version of "Joe," he decided that there was an opportunity to weave in the romantic angle without making this theme too obvious.

He was, he said, proceeding on the theory that what's in a man's mind during an emotional experience is frequently more profound and dramatic and compelling than any story action. Here, it was decided, the love interest would be taken care of through the medium of symbols or by what Mr. Cowan calls the "intangibles."

In screening this picture, the producer made but two concessions to what might pass for realism in the minds of the audience. He did insert the scene in which a love-starved Brooklyn Yank encounters a voluptuous and willing Italian girl as she crashes into the interior of a shell-raked building. Also, he filmed a sequence which pictures the marriage of a Yank officer and an American army nurse—and their not-too-private honeymoon within the shelter of an immobile ambulance which stood nearby.

The rest of the story is carried out through suggestion. By this means Cowan brought to life the varied reactions of a war-weary band of men who deprived of the women upon whom they might expend their affection—men who sought by something pathetic little devices to stifle the gentle emotions which few if any of them could escape.

"Christmas in Connecticut" Held Over at Columbia Theatre Today and Thursday

Barbara Stanwyck, Dennis Morgan and Sydney Greenstreet head the cast of Warner Bros.' latest and delightfully different comedy-romance, "Christmas in Connecticut," which arrived Friday at the Columbia Theatre. Hailed as one of the most unique romantic triangles of the screen, the film tells the rollicking story of one hungry sailor's hilarious furlough week-end and of the beautiful girl he finds in his Christmas stocking. With a supporting cast of old favorites, including S. Z. Sakall, Reginald Gardner, Frank Jenks, Joyce Compton and Robert Shayne, "Christmas in Connecticut" races along in merry style from start to finish, involving the leading characters in countless, gleeful adventures.

Directed by Peter Godfrey, the film was produced by William Jacobs. At the Columbia Theatre today and Thursday.

Men and Women In the Service

Awards Given F/O Sheldon

Mrs. Lester M. Sheldon has received from her husband, Flight Officer Sheldon, additional information concerning his recent decoration with the Distinguished Flying Cross and the Air Medal.

Now stationed in Kunming, China, as an airline pilot, F/O Sheldon writes that the decorations were conferred by Brigadier General William H. Tunner, commanding general of the India-China Division of the Air Transport Command, for operational flight over the difficult and dangerous "Hump" and China routes, where enemy attack was probable and expected.

The Air Medal was given for 150 hours and the Distinguished Flying Cross for completion of 500 hours, the citations accompanying them reading as follows:

"Flying by night, as well as by day, at high altitude over impassable mountainous terrain, through treacherous weather conditions, necessitating long periods of operation on instruments... requiring courageous and superior performance of his duties to overcome, he accomplished his missions with distinction."

In addition to these awards, Flight Officer Sheldon previously received two battle participation stars and the Presidential Unit Citation.

GIVEN DISCHARGES AT INDIANTOWN GAP

Local soldiers listed among those discharged from the service at Indiantown Gap in the past few days are: Lt. Reginald A. Nauman, 108 West Third avenue; Cpl. Robert E. Tanner, 45 Locust street; Pfc. Howard F. Nelson, 130 Crescent Park; T/5 Clayton P. Sanden, 622 Beech street; Cpl. Arthur R. Temple, 118 Russell street; T/Sgt. William W. Gebhardt, 316 Pennsylvania avenue, east; T/5 Clifford W. Barlight, 15 Park street; T/5 Raymond H. Dillenbeck, Bear Lake; Lt. Ward W. Anderson, Tan street, Ludlow; Lt. Glenn R. Alexander, Tionesta; T/4 Thomas D. Sleeman, Clarendon; Cpl. Leroy W. Winslow, 82

Mill street, Sheffield. Among those processed and given furloughs before reassignment were these men: Pfc. Melvin G. Anderson, 211 Dartmouth street; Pfc. Richard D. Guild, 12 Branch street; Pfc. John R. Baker, 16 Lacy street; T/5 Herbert M. Hagstrom, 8 Nesmith Place; T/5 Arthur Christensen, 711 Lexington avenue; S/Sgt. Jack R. Kifer, 220 Oneida avenue; T/5 William G. Yeagle, Warren RD 1; T/4 Roy J. Kesby, Warren RD 2; Pfc. Carl W. McIntyre, Columbus; Pfc. William L. Jones, Endeavor; T/4 Robert M. Gesin, Tidoute; Pfc. Arylo H. Delp, Youngville RD 1; Pfc. Norman L. Blum, Tionesta.

ARE KNOWN HERE

Contained in lists of Pennsylvania soldiers processed at Indiantown Gap this week are two from Sigel who have a number of relatives in this vicinity. They are Lt. George A. Songer, discharged from service, and 2nd Lt. Joseph O. Slike, given a furlough prior to reassignment.

IS IN BRUSSELS

It is learned from Mrs. Ralph Dwight Farr, of Washington, D. C., that her husband, Capt. Farr, is now located with the 134th Finance Distribution Section in Brussels, Belgium.

MEET ON LUZON

Mr. and Mrs. Gerald Smith, 325 Hickory street, have received a letter from their son, Robert, seaman first class, from Luzon, stating that he is well and getting along fine. He writes that he met Jim Scalise from Warren the sec-

THE NATION'S LARGEST RETAILER OF POPULAR PRICED FURS

THE STORY OF THE ATOM

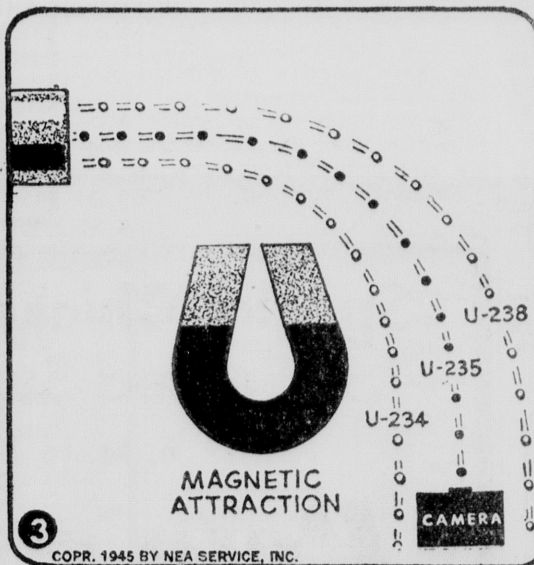

No. 7: Germans Toy With Secret

(1) The first artificially radioactive elements ever made were produced in Paris in 1934 by the daughter and son-in-law of Marie Curie, Irene Curie-Joliot and F. Joliot whose laboratory with its huge electrical equipment is shown above. To do this, they bombarded the elements boron, aluminum and magnesium with alpha particles, or the hearts of helium atoms. It is now known that radioactive forms of all the elements can be produced. Many of these already have become highly useful in medical and other forms of biological research. Radioactive sodium in table salt on a soda cracker, for example, can be followed in its course through the body, by the radiation it gives off.

(2) Neutrons, used in the atomic bomb, have proven to be some of the most useful of bullets to fire at atoms to blow them to bits. A stream of atomic bullets, fired from a cyclotron with a force of 40,000,000 electron volts, will cause a piece of steel in their path to vanish into vapor. The neutrons, made up of both positive and negative charges of electricity, goes straight to its mark because it is not pulled out of its course by any force in the outer shell of the atom. It was discovered by James Chadwick in England. The first neutrons obtained were knocked out of the atoms of beryllium, a close relative of aluminum, with alpha particles.

(3) With the discovery of the neutron, science had in its possession the first essential ingredient of the atomic bomb. The second essential ingredient, U-235, was discovered two years later by Arthur J. Dempster at the University of Chicago. It was found by Dempster's atomic microscope, or mass spectrograph. Uranium atoms were shot through an electric field, were deflected by the pull of a magnet and permitted to fall on a photographic plate. U-235 made a spot on the photograph. Ordinary uranium is a mixture of U-234, U-235, and U-238. The process of separating U-235 was like pulling iron buck shot of one size out of the air with a magnet when iron shot of different size was fired from a

gun. The iron shot would be attracted by the magnet; but each would be deflected according to its weight. Thus the U-235 would describe one curve, the U-234 and U-238 different curves.

(4) At the time of Dempster's discovery, Adolf Hitler was rallying the German people to world conquest. Not far from the resounding footsteps of the goose-stepping Nazis in Berlin before their Fuehrer, a group of scientists was quietly at work. They had put together the two ingredients of the atomic bomb—U-235 and neutrons—which might have brought victory to the Reich if events had gone differently.

parents, Mr. and Mrs. S. T. Platt. Games and music furnished diversion for a delightful evening that was concluded by refreshments of ice cream and cake. A number were present from Bradford.

Mrs. Roy Bennett, was hostess for members and invited guests to the Friday club. Cards furnished diversion for a most pleasant time. High card token and slam prize was awarded to Mrs. Mayme Kraft, second high, Mrs. Lida Wilcox, third honors, Mrs. Edna Tome, consolation, Mrs. Rubie Day.

The Foreign Missionary Society met with Mrs. Eugene Crooks. Sewing occupied the time. Refreshments concluded the very enjoyable affair.

Miss Virginia Crooks, was present from Warren. Mr. and Mrs. William Leonard and son, has returned to Tona-wanda, after a weekend visit with the A. M. Krafts.

Mrs. Stanley Platt and Miss Mary Lou Platt were recent Bradford visitors.

Miss Leatrice Smith, left Sunday to resume her studies at Clarion Teachers College.

Donna Lee Malone, attending the Warren schools spent the weekend with her grandparents.

Miss Celeste VanSickle, is leaving this week Thursday for Chambersburg, where she is enrolled at Wilson College. Her mother accompanied her there and will visit relatives in Mifflinsburg before returning home.

Mr. and Mrs. M. A. Russ, Mr. and Mrs. R. J. Clawson and Mr. and Mrs. Ed. Johnson, were in Russell to visit the Earl Peters family.

Mr. and Mrs. David Whyte and

son, and Ed. Frame, Bradford, has been guests of the L. J. Whytes.

Mrs. A. M. Kraft and Mrs. Robert Ammerman, were weekend visitors in Salamanca.

Mr. and Mrs. Charles Kraft, Buffalo, and Mrs. A. A. Anderson, of Wardwell, are among callers of Mr. and Mrs. John Erickson and other local relatives.

Mrs. Arthur Fair spent several days in Warren during court week and also visiting relatives.

Master Tony Burgett spending the past week with the G. A. Prues has returned to his home in Saegertown.

The Fellowship group of the Methodist church held a corn roast

Friday evening. An enjoyable time was reported.

Mr. and Mrs. C. C. Browne a daughter, Bruin, Mr. and Mrs. John Hodden, Allegheny, and the sons are among visitors of Mr. and Mrs. B. M. Stoltz.

Miss Beverly Prue, teacher the Lander schools spent the weekend at her home here.

Mrs. William Crooks Jr., has turned to Endicott after spending Labor Day with Mrs. Carr Crooks.

Floyd Elmer Pasco was buried in Corydon cemetery last Tuesday following services in Adeley.

was a one time resident of St.

House-of-the-Month Is Being Displayed at Warren National

To satisfy the increased demand for one story dwellings, this current House-of-the-Month was designed along modern architectural lines to provide the maximum of comfort and convenience. For those who consider a flat roof too severe, a hip roof is suggested since such an alternate necessitates no other change in the basic plans.

The Ulster is in the shape of an inverted "U" with the living and dining area in the rear, the sleeping quarters in the right wing, the garage, utility room and kitchen in the left wing, while the open space forms a delightful paved patio in the front.

The main entry is into the living room. Cases and a plywood partition that shield the dining space from the front door form a semi-foyer equipped with closet large enough for guests' clothing, card tables, etc. Two completely glazed walls are formed by the windows of full depth horizontal sliding type, though a more conventional type may be substituted if desired. Both bedrooms have cross ven-

tilation with the master bedroom containing a large closet and a standard size closet. The other room features corner windows, a regulation closet and ample wall space. The bathroom, with its linen closet just outside the door, is especially well placed so as to be easily accessible from all parts of the house.

In harmony with the shape of the house, the kitchen is also designed on the "U" plan which is by far the most practical type of layout. Three windows above the working area permit an excellent view of the rear garden. The adjoining utility room, with sliding door between, houses the laundry and heating equipment.

For those who desire a basement, the utility room may be changed to a service entry having an appropriate stairway in this space. Working drawings show this alternate arrangement.

The garage is of ample size to permit a work bench with cases above and also two 2x4 cabinets for storage of tools, garden equipment, etc. The left door at the rear of the garage may be used as a service entrance through the utility room while the one at the right rear allows covered entry to the main part of the house.

As is the case with all Houses-of-the-Month, the Ulster has been designed to conform with the standards and construction requirements of the FHA and with electrical layout checked and approved by the National Adequate Wiring Bureau.

Colored sketches, posters, 1/4" scale blueprints and specifications as well as similar material for many former Houses-of-the-Month are now on display in the lobby of the Warren National Bank.

LANDER

Lander, Sept. 9—Weekend guests of Mr. and Mrs. Joseph Swanson were Mrs. Harriette Gardner and daughter Ceora, Mrs. Mabel Wonderly all of Ridgway. Other Sunday guests were Miss Phyllis Gardner of Warren, Mr. and Mrs. Stanley Fosburg of Jamestown and John Fosburg of Freensburg. Labor Day guests were Mr. and Mrs. Oliver Swanson and Mrs. Amanda Swanson of Jamestown.

Mr. and Mrs. Harry Ludwick accompanied by Mrs. Walter Thompson and Miss Audrey Wall of Russell went to Leedsdale Wednesday to bring Linda Thompson, who was in a hospital there, home.

Misses Rose, Mary and Caroline Wilcox, Edward and Weston Wilcox visited relatives at Marienville Sunday. Mrs. Evelyn Wilcox and granddaughter Delores returned home after a week's visit there.

Sunday guests of Mr. and Mrs. Lyle Porter were Mr. and Mrs. Clifford Scanton of Starbuck; Mrs. Baugher and son Merle of Oil City.

Miss Evelyn Porter attended the wedding reception of Miss Agnes Moore and Roger McFarland at the Wheeler Hill church, near Fentonville Thursday.

Mr. Myles Porter and children attended the Home Coming at Scandia, Labor Day.

Sunday guests of Mr. and Mrs. J. A. Cowles were Corp. and Mrs. J. Clair Cowles and daughter of Bangor, Me., and Mr. and Mrs. Lloyd Cowles and family of Jamestown.

Miss Rose Mary Wilcox has returned to Jamestown where she is a teacher.

Miss Pauline Rowland and Evan Wilcox attended an executive meeting of the Senior Extension at the home of Helen Peterson, Lottsville, Wednesday evening.

Mr. and Mrs. Lavern Gebhart and family called on Mr. and Mrs. Lyle Porter Monday evening.

Miss Rachel Hitchcock is attending Jamestown Business College.

Miss Evelyn Porter visited Mr. and Mrs. Everett Webster at Mud-run Sunday.

Ed Sweet of Warren visited Mr. and Mrs. Myles Porter Thursday evening.

Mrs. Jean Beck is visiting her parents, Mr. and Mrs. Fred Ludwick.

Mr. and Mrs. Fred Ludwick attended the 30th wedding anniversary of Dr. and Mrs. Ralph Knapp at Youngsville Friday evening.

Mr. and Mrs. Lewis VanOrd and sons Lewis and Stewart and Norman VanOrd were in Erie Sunday where Mr. and Mrs. VanOrd visited Howard VanOrd at the Zem Zem hospital.

Misses Iene, Marlan, Kay Shepard visited the families of Lewis and Bert VanOrd last week.

The "500" club gathered at the home of Mr. and Mrs. Ernest Stanton Thursday evening to celebrate their silver wedding anniversary which was Sept. 4. The evening was spent in playing "500" with prizes awarded to Cecil Cowles and Ernest Stanton for high, Lucy Lindell and Paul Rowland for consolation. Mary Stufflebeam receiving the travelling prize. Lunch was served and the club presented Mr. and Mrs. Stanton a gift. The guests departed at a late hour wishing them many more anniversaries.

"Hanging out the laundry" in war combat parlance means to drop parachute troopers.

ANOTHER "IDEA HOUSE" FOR HOME BUILDERS

BUILDING A HOME . . . watching it progress from blueprint to the final coat of paint . . . is a happy experience you will always remember. You will want to be sure your new home includes every modern construction feature . . . and the answer is advance planning. Take advantage of our House-of-the-Month Club. It offers ideas by America's leading small house architects . . . without cost.

Don't overlook including in your plans a program of regular saving to accumulate a substantial down-payment. Ask us how the balance may be financed by a plan as modern as your home itself. We'll be glad to quote the monthly payment on the amount you expect will require financing.

COMPLETE FLOOR PLANS and a large poster of "THE ULSTER" are now on display in our lobby. A scale model will be added within a few days.

WE INVITE YOU to make full use of this exhibit and if you would like a color sketch with floor plans of each House-of-the-Month as announced, just use the convenient coupon.

Special Memorial Display At the Warren Public Library

Books honoring the memory of Mrs. Hilda Wood Jacobs are in the special memorial display at the public library this week. Additional titles presented in memory of Mrs. Jacobs are also on order at the present time.

Titles in the display are The Biography of a Cathedral by Robert Anderson; Soul of Amber, the Background of Electrical Science by Alfred Still; The Maintenance of Shade and Ornamental Trees by P. P. Pirone; Pastel Painting by Gladys Rockmore Davis; All Our Lives, a biography of Alice Duer Miller by Henry Wise Miller; Shakespeare and the Popular Dramatic Tradition by S. L. Bethell; and The Romance of Archaeology by Magoffin and Davis.

Also on display at the public library this week is a group of memorial books recently presented to honor Dr. M. V. Ball. They are Joseph Lister, Father of Modern Surgery by Rhoda Truax; The Best Is Yet by Morris L. Ernst; Growth of American Thought by Merle Curti; Human Nature, the Marxian by Vernon Venable; Mind, Medicine and Man by Gregory Zilboorg; Doctors at War by Morris

Fishbein; Public Medical Care, by Frantz Goldman; Man the Measure by Erick Kahler; the Home Book of Quotations edited by Burton Stevenson; and the Modern Home Medical Adviser by Morris Fishbein.

Additional titles are also on order to be placed in the library in Dr. Ball's honor. The books at present on display will be released for circulation on Saturday, September 16th.

What Endocrine can do to bless you with a younger looking face

Think of the added beauty a more youthful face and throat can give! Then harken to this: Scientific research has proved that **ENDOCREME** can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that **ENDOCREME** actually helps to improve the skin itself, not just its transient, superficial "look." This is because **ENDOCREME**, alone, possesses **ACTIVOL**®. This **ACTIVOL**® is a scientific replacement for woman's own natural skin-vitalizing substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.

Endocrine ... in successful use since 1937 ... the only cream containing **ACTIVOL**®

Beauty through Science

County Girl Scout Council Greets New Staff Member

The Warren County Girl Scout Council greeted a new staff member, Miss Mary Alice Clark, of Wichita, Kansas, at the first meeting of the fall season on Tuesday afternoon. Miss Clark, who took up her duties on Monday, September 10, is well known to many Warren county Girl Scouts by reason of membership in the staff of Camp Birdsall Edey for the past three seasons.

Mrs. E. E. Koebler, chairman of the staff and office committee, announced that Miss Clark's title is field secretary. She will assist

in the executive and field work throughout the county. More than 50 Girl Scout and Brownie Scout troops are now registered at national headquarters and many more are requested by girls and adults.

Mrs. C. Vance Weld, commissioner of Warren County Girl Scouts, addressed the meeting, briefly calling attention to the fact that, while war work has claimed the best efforts of all members of the Girl Scout organization for the past four years, the peace now gives an opportunity to emphasize parts of the program which have had to be sacrificed temporarily. Emphasis may now be laid on the cultural activities which had to be curtailed, but the program will still include service and appreciation of the contributions of other countries to our civilization.

The organization committee sees a busy and fruitful year ahead, according to the report made by Mrs. N. K. Wendelboe, chairman. Many more adult leaders are needed for Girl Scout and Brownie troops, although the majority of the leaders who were active last spring will continue. A few changes in leadership are necessary and many new troops are needed.

Plans have been made to finance the purchase of some necessary office equipment. No funds from the Community Chest or the War Fund are budgeted for this purpose.

Council members were urged to take an active part in the United War Fund drive to be held in October. Preparations are being made for a campaign for capital expense for Camp Birdsall to be held at a future date.

The resignation of Mrs. B. J. Messerly was accepted with regret. Mrs. Messerly has served with success as the chairman of the public relations committee but, due to the demand of her teaching position, has found it impossible to continue for the present.

The October meeting of the council will be held at the home of the commissioner, who has invited the group for dessert at 1:30 on Tuesday, October 9.

Now She's Walking On Air

Every day, people who really suffer from tired, burning feet are learning the quick, thrilling comfort that lies in a jar of **Ice-Mint**. Under the touch of this frosty-white cream, you can actually feel tired muscles relax, as your feet respond almost instantly to its refreshing coolness. To help soften corns and calluses, there's nothing better than medicinal **Ice-Mint**. So get a jar today and enjoy the blissful feeling that comes with all-day foot comfort. At all drugstores.

SOCIETY NEWS

Dobsons Observe Golden Wedding At Sugar Grove

Sugar Grove, Sept. 12.—Mr. and Mrs. A. G. Dobson were at home to friends Sunday afternoon and evening in celebration of their 50th wedding anniversary. More than 50 friends called at the farm home near here during the day.

The home was decorated with the many lovely bouquets of flowers sent them by friends, among which was a basket of flowers from the Presbyterian church, of which both Mr. and Mrs. Dobson are members.

Mrs. Ellsworth Dobson and Mrs. Harold Dobson, daughters-in-law of the couple, seated the callers at a table centered with the large cake decorated in gold and white. They were assisted by the two granddaughters, Florence and Margaret Dobson, and Ann Younie. The couple received nice gifts, including cards and money.

Mr. and Mrs. Dobson were married September 13, 1895, in Burdett township, Winnebago county, Ill., and resided in Roscoe and Rockford, Ill., until 1921, when they came to Sugar Grove. They have resided here since that time. They have four sons, Ernest, who resides in Roscoe, Ill.; Everett, residing in Beloit, Wis.; Harold and Ellsworth, in Sugar Grove. They also have nine grandchildren.

Today, Mr. and Mrs. Dobson are leaving to visit their sons in Roscoe and Beloit, where a celebration is being planned for the 18th and at which the couple who were attendants of the bride and groom of fifty years ago are expected to be present.

Mrs. Dobson is 72 years of age and Mr. Dobson is 80 years old. Both of them are in fine health and help operate the large dairy farm with their son, Harold, and wife, doing more work than many younger persons.

Warren Soldier Is Wed to Ex-Brooklyn Girl In No. Africa

S/Sgt. Joseph A. Scalise, Jr., of this city, son of Mr. and Mrs. Joseph A. Scalise, 413 Taft Place, was married to Miss Mary Conticello, former Brooklyn girl and daughter of Mr. and Mrs. Albert Conticello, also formerly of Brooklyn, on September 1, 1945. The following account of the wedding will interest the many friends of the family.

The ceremony took place at the famous Pro-Cathedral of Tunis, Tunisia (North Africa) where more than 1000 people joined together in one of the greatest military weddings overseas. There was a Military Police Guard of Honor of 24 MPs (12 from two MP companies). The Honor Guard was at "Present Arms" when the bride and groom and six best men and maids of honor passed through. Captain Jacob V. Fried, Personnel Service Officer of the 126th AAF Base Unit, was best man and Miss Mary Elise Morand of the American Red Cross staff, who was in Tunis, was maid of honor. A dinner reception was held at the "Dar-Naouar", Sidi-Bou-Said, Tunisia, and a grand reception and dance held at the Hotel de France, Tunis. The couple spent their ten day honeymoon at a summer resort in Hammamet, Tunisia.

Staff Sergeant Scalise enlisted in the army with the Pennsylvania National Guard, 112th Infantry, on 14 February, 1941. He was stationed at Indiantown Gap for some time and departed overseas on 8 February 1943. He has been overseas 31 months.

Mr. and Mrs. Albert Conticello have one son, Leo and their daughter, Anny. They are all from Brooklyn, New York and have been living in Tunis the past 14 years. They expect soon to return to Brooklyn and S/Sgt. Scalise and his wife also expect to return to the states in the near future.

Martha Maitland Bride On Tuesday

Martha L. Maitland, daughter of Mrs. Marie Maitland, became the bride of Paul E. Jackson, son of the late Mr. and Mrs. Melvin Jackson, at eleven o'clock Tuesday morning, September 11, at the Maitland residence, 114 Conewang avenue.

Chaplain James A. Davidson, assisted by Rev. Milton G. Perry, performed the ceremony in the presence of the immediate families.

After a wedding breakfast at the Pittsfield Inn, the couple are motoring to Seattle, Wash., and after October 1, will be at home at 2726 Harvard avenue, N., Seattle, 2, Wash.

Mrs. Jackson has been a teacher at the Johnson school for a number of years and Mr. Jackson, formerly of Warren, has just been honorably discharged from service in the United States Army.

WOMEN '38 to '52' are you embarrassed by HOT FLASHES?

If you suffer from hot flashes, feel weak, nervous, high-strung, a bit blue at times—due to the functional "middle-age" period peculiar to women—try this great medicine—**Dr. E. Pinkham's Vegetable Compound**—to relieve such symptoms. Pinkham's Compound helps nature. It's one of the best known medicines for this purpose. Follow label directions.

Recreation Unit Very Appreciative Of Council Help

At its first fall meeting on Tuesday, the Community PTA Council voted to continue its sponsorship of the community recreation parties at Beatty school for young people of the community, requesting that the Committee on Community Recreation continue to be responsible for heading up the party plans.

In this connection, the committee on Commonwealth Recreation has asked the Times-Mirror to publicly express its appreciation to the PTA Council for its fine cooperation in this project. The committee announced today that its sub-committee for this month's party is headed by Duane Wilder and Teresa Fino. Different co-chairmen will have charge of each month's parties, Charles Cochener and Georgia Spinney, having been appointed by the committee to head the October recreation night events.

The young people are enthusiastic about their plans for the Hill-Billy party which they are planning for Saturday, the 22nd of September. Betty Lou Hook is lining up the young artists in town to contribute their talent for the decorating. Betty Bimber is working on a special new square dance feature which will be used at the next party.

There was a good turnout for floor show auditions Monday night and the tryouts will be completed on Saturday morning at ten o'clock in the Beatty school auditorium. The young people report that Jean Foster, talented young professional orchestra vocalist, who was so enthusiastically received at one of the community parties this summer, is assisting with the next floor show. Her sister, Betty Seymour, is also helping, with a Hill-Billy act, which promises to make a hit.

It is important that there should be a large number of volunteers helping at the next party. The game rooms will be opened up for the 22nd and also a special room for square dancing, in addition to dancing in the gymnasium, with a floor show at ten o'clock. Young people wishing to help are asked to get in touch with one of the co-chairmen, Duane Wilder or Teresa Fino, or other committee heads, who will be announced tomorrow.

Many Activities At Community PTA Council Meeting

Much business of importance was transacted at the first fall meeting of the Community PTA Council, held Tuesday afternoon at the YWCA activities building.

The group voted to sponsor two Clare Tree Major plays in the coming season, "The Little Princess" on October 22 and "Aladdin and His Lamp" on February 4. It was stated that children participating in the Clare Tree Major poster contest must have their entries in the hands of the chairman, Mrs. Albert Ristau, no later than October 11. It was stated the price of season tickets will remain the same as last year and that distribution of tickets to school buildings will be carried out under the same plan. There will be both matinee and evening performances, all at the high school.

The president, Mrs. Walter Mather, announced appointment of Mrs. William Rohrer as PTA Magazine chairman; Mrs. Ristau, as play chairman, and Mrs. F. H. Hetrick to head the publicity committee. She also made announcement of the all-day conference of the Northwestern Pennsylvania District to be held here during October and named as general committee Mrs. Rohrer, Mrs. Francis Kotmar, Mrs. T. R. Sponser.

The Council will contribute two books to the Mothers' Shelf at the public library, with Mrs. William Wright and Mrs. Hetrick named to select the volumes.

The unit voted to continue its sponsorship of the community recreation nights for young people at Beatty school and welcomed expressions of appreciation from the following young people: Duane Wilder, Teresa and Gujo Fino, Georgia Spinney, Rita Servino and JoAnn Phillips. A letter from Charles Cochener expressed his gratitude for the Council's help in these activities.

Lacy school unit was hostess for the social hour and refreshments which followed, the following serving as a committee: Mrs. Orta Buchanan, Mrs. Ray Gafner and Mrs. Newton O'Dell.

East street's group will be hostesses for the next meeting on December 11.

Regional Session

Principal item to come before the Thursday luncheon-meeting of Zonta Club, to be held at the YWCA activities building, will be completion of plans for the fall conference of Region A, District 3, to be held here on Saturday, October 6. The schedule will include registration from 9 to 10 a. m., business sessions from 10 a. m. to noon and from 2 to 5 p. m., luncheon at 12:30 p. m. and banquet at 6:30 p. m. All reservations must be made no later than Saturday, September 22. Marjorie Dougherty, general chairman for the conference arrangements, is being assisted by Dorothy Newell, Lillian Offerle, Beulah Nichols, Pearl Bradley and Bertha Christensen as co-chairmen, with these committees handling other details:

Conference headquarters, Mary Church; registration, Mary Topper, Ann Donahue, Ethel Hodges, Connie Frederickson, Marian Robertson; finance, Rocena Stone, Wilda Peel, Nancy Van Tassel; credentials, Irma Eba; reservations, Mary Corah, Isabelle Beck, Erma Connelly, Agnes McLaughlin, Alice Wilson; luncheon and banquet, Althea Correll, Elverda Fagley, Dorothy Spiridon; publicity, Mary Topper; program, including speakers, music, etc., Grace Aberg, Ann McClune, Alice Mead, Marguerite Painter, Frances Schimmelfeng; decorations, Elverda Fagley, Lillian Offerle, Jessie Sanden, Claire Elliott, Mame Wendelboe, Lucille McLaughlin; hostess, Dr. Elizabeth Beatty, Pearl Bradley, with all other members of the club; correspondence, Alice Davis.

Ann McGary heads the local club as it prepares to entertain other units of the section and has as her state officers and directors: Vice president, Dorothy Newell; secretary, Irma Eba; treasurer, Martha Topper; directors, Lillian Offerle, Beulah Nichols, Pearl Bradley, Bertha Christensen.

Prisoner Bearing Up Well After Her Collapse Tuesday

(From Page One)

One of the most sensational scenes ever enacted in the staid old Warren county court house thrilled those in attendance at the murder trial of Mrs. Adaline McKinney yesterday afternoon. The young woman was testifying in her own behalf when overcome with emotion and nervous strain, she collapsed and half supported by court attendants slid to the floor. Screaming, "I can't do it, I can't do it," she suffered a severe nervous convulsion and was carried to the Judge's Chamber. Women in the crowd wept with her and a great wave of sympathy for the girl widow swept the court room.

Judge Wade declared a recess and a physician was hastily brought to the court house by Sheriff L. E. Linder. A cot in one of the rooms on the floor at the

rear of the court room was pressed into service. A sedative was administered and after about half an hour the physicians in attendance recommended to the Court that if the court room were cleared Mrs. McKinney might be able to continue her story.

A Court order was made to the effect that the court room be cleared and the crowd of over 400 was turned out. Mrs. McKinney was then again placed on the stand. Attorney William I. Glassman reassured the young woman and she continued her testimony until her direct examination was concluded about 4 p. m. and court was recessed until this morning.

The break came when Mrs. McKinney was relating how during the month of February Priscilla Dove came to her home and when McKinney came from work he picked up a shoe and struck his wife.

Upon resuming the stand Mr. Glassman led her skillfully until she regained a measure of composure. Then she related a number of incidents of her married life which culminated in the fatal shooting on July 16th.

"One evening he (Wendell McKinney) came home and I did not have supper quite ready. He grew angry and tried to choke me and I ran out in the yard. He would not let me in. Finally I said 'what will the neighbors say?' He then let me in and he grabbed me and threw me into a chair. At the supper table he threw a glass of milk at me.

"On another occasion he tried to hold my head in the toilet bowl and drown me.

"He tried to get me to go out with other fellows and he asked me to go out with a fellow. I told him I would not do it at all hours and drove their cars past our house. Wendell told Priscilla to tell a fellow I wanted to go out with him but I told him I was true to him and would not do it. He said he wanted Priscilla to think I was an awful wife.

"Once I went down to talk to Priscilla's mother and when I told my husband about it he wouldn't let me sleep in the bed. I lay on the davenport so tense I didn't dare move. He said that when I got to sleep he would use the gun on me so I wouldn't know it. I slept on the davenport for six nights.

"Wendell wanted me to go so he could get the house and the children. I told him that no one could have my house or come in and take my children. He would get mad if I went to a show but he would stay out late and come in at 4 or 5 o'clock and once it was 6:30.

"I couldn't go without my children and I loved my husband in spite of it all.

"On Sunday, July 15, I came home from the show and he was taking on the telephone. I said, 'Who is it?' I took the phone from his ear and heard Priscilla and I told her to go mind her own business. Then he choked me and covered my mouth and nose with his hand so I could not scream. In bed he had the gun under his pillow and he held my head outside the bed and tried to choke me, but I got my hands away. We quarreled until 3 o'clock in the morning.

"Sunday evening when Wendell came home I went out for a walk. I have often taken long walks evenings. I saw a car driving by and I looked at the telephone. I said, 'I have often driven past our house and I have never seen a car like that. I stopped it and asked the driver, 'are you Harold Albright?' He said 'yes'. Then I said 'I want to talk to you. Are you the man who has been driving past our house?' He said 'yes'. I asked him if he was the man who had been calling me up at all hours and he said, 'No'.

"Two girls were coming along and I stepped into his car and he drove around for a time and I told him about Wendell. I wanted to tell somebody."

"Monday morning I got up and prepared his breakfast and packed his lunch but he did not talk to me. When he came home that evening about 5 or half past 5 I said 'I want you to get out of here before next week'. Then he went up to take a bath. I went up and said 'Wendell, why can't we forget it all and start over again?' He didn't answer me. Then I said, 'My jaw is sore where you hit me'.

Your beloved button-up... up to new fall mischief. Definitely leftist, that smart side entrance... downright giddy, the keyhole neckline and bow. In Zanda crape, a fine rayon fabric by Hayman.

and he said 'Shut up or I'll make the other jaw sore.'

"I said, 'I suppose you are getting ready to see your girl friend tonight' and he said, 'Shut up. When I get out of this bath tub I'll blow your brains out'.

He had such a look I knew he meant it and I ran into the bed room to get the gun before he did. It was open and I saw one empty hole. I shoved the bullets down with my finger and came back to the bath room door. His face was crimson and he glared at me. I didn't know what to expect and I was terribly afraid. It was the first time he had ever threatened to kill me when I thought he meant it.

"I didn't intend to shoot him but when I saw his face and he lunged toward me I heard a shot. I thought he was coming out to get hold of me. I didn't know what I was doing."

Mrs. McKinney said that when she signed the statement at the Sheriff's she did her best to tell the truth but remembered better now than she did then of the events of the night.

When she left the stand she bore evidence of the terrific strain to which she had been subjected and tears coursed down her cheeks when escorted to the jail by Deputy Sanford Secor and Mrs. Lenor Jordan.

Miss Gertrude Joy, daughter of Mr. and Mrs. Bernard Joy, has entered Slippery Rock college.

Bernadette Walters, Morrison street, is spending a week with her sister, Mrs. Charles Schulenberg, Dunkirk, N. Y.

Mrs. Josephine Knoll and Mrs. Ruth Radsplanner have returned from a pleasant vacation trip to Toronto.

COCOANUT WARFARE
American Marines won a battle in the Solomons by throwing coconuts. Cornered Japs threw back grenades as fast as the Yanks could toss them. By throwing coconuts with the grenades, they confused the Nips, giving the explosives time to do their work.

Obituary

MRS. C. W. BENJAMIN
Services in memory of Mrs. Charles W. Benjamin, 422 Pennsylvania avenue, east, will be held at 3:30 Thursday afternoon at the Peterson Funeral Home, conducted by her pastor, the Rev. Wayne Furman, First Methodist minister. Interment will be made in Oakland cemetery.

MRS. ESTELLA BACKUS
Word has been received here that Mrs. Estella Backus, widow of Joseph J. Backus, died Tuesday afternoon at the home of her grandson, Frank Marsh, near Frewsburg. Aged nearly 80 years, she had been in failing health for some time. She formerly resided at Bone Run near Corydon and had many relatives and friends in this section.

She leaves three daughters: Mrs. Marjorie Marsh, Frewsburg; Mrs. Maudie LeDow, Jamestown, and Mrs. Marie Wassink, Falconer. Services in her memory will be held from the Stanley Funeral Home in Frewsburg at 2:30 p. m. Friday.

HENRY D. BIDWELL
Henry D. Bidwell, well known resident of Warren RD 2, died a the family home at 1:50 a. m. to lay. He was born June 1, 1884, in Crawford county, but had resided in this section for the past 2 years.

He is survived by his wife, Nori Jane Bidwell, and the following children: H. LeRoy, of Newport, R. I.; Mrs. Mildred Stack, Warren; Mrs. Julia Hutson and Paul Bidwell, Warren RD 2; Mrs. Bernetti Hanson, at home; also one sister, Mrs. Grace Osborn, Union City. Funeral services will be held from the family home at two o'clock Saturday afternoon, conducted by the Rev. G. V. Woods minister of the First Church of Nazarene, and followed by interment in the Youngsville cemetery.

Trout Shuts Out Bosox, 5-0, As Nats Lose 2-1 Battle In Ninth; Cubs, Cards Both Win

PENNANT RACES AT A GLANCE

American League				
Team	Won	Lost	Games Behind	Games to Play
Detroit	80	57	—	17
Washington	80	61	2	13
National League				
Team	Won	Lost	Games Behind	Games to Play
Chicago	85	50	—	19
St. Louis	83	53	2½	18

By JACK HAND
(Associated Press Sports Writer)
Dizzy Trout's "five-win plan," resigned to assure Detroit of the pennant during its final eastern jaunt, is 80 per cent complete today.

Before the talented righthander took the mound against New York, Sept. 4 for the opener of the Tigers 20-game tour, he revealed a self-made schedule calling for five victories along the Atlantic seaboard.

After blanking the Yankees 10-0, he beat them with relief help, 11-4, trimmed Boston in the fireman role, 6-3, and shut out the Red Sox yesterday, 5-0. Four decisions in eight days, a torrid pace even for a Trout.

Trout's sparkling two-hit performance in Boston was his 17th

success of the season. The triumph was made easier by Doc Cramer's three-run homer in the seventh inning. It was Detroit's eighth victory in 11 eastern starts with four in Philadelphia and five in Washington still to be played.

The Senators dropped a discouraging 2-1 tangle to Chicago after taking a 1-0 lead into the ninth inning. The White Sox beat Johnny Niggeling with two runs in the ninth on only one single.

New York and Cleveland were washed out of their final meeting of the campaign and the other clubs were not scheduled. Only news from that quarter was Luke Sewell's retention as Browns manager for 1946-47.

Hank Borowy, whose sale by the Yankees remains one of the big mysteries of the season, hurried his 10th complete game in as many starts for the Cubs, earning his eighth triumph in beating Boston by a 5 to 4 score.

Fordham Hank had his anxious moments after blowing a 3-0 lead but pulled through in the ninth when Phil Cavarretta raced home on pinch-hitter Ed Sauer's infield hit.

St. Louis had to come from 'way back, trailing once by four runs, to finally catch and pass New York in the last of the ninth, 6-5, on Whitey Kurowski's two-run single with the sacks loaded. Billy Southworth tossed five pitchers into the fray and Bill Crouch, recently acquired from Rochester, got credit for his first win of the year.

Pittsburgh continued its September drive, tightening its hold on fourth place, by dumping the Phillies twice, 5-4 in 10 innings and 5-1 on a five-run spurt in the eighth frame.

After Al Libke's 10th inning single gave Cincinnati a 5-4 shade over Brooklyn in the opener, the Dodgers snapped back with a 15-hit attack for an 11-6 victory to square the season series at 11 decisions apiece.

Cool and Nervous

Football Prospects At Major Colleges

UCLA

by BILL DECKER

Los Angeles, Sept. 12.—(AP)—They're not saying much out at the picturesque Westwood campus of UCLA, but an aura of quiet confidence surrounds the new Bruins grid regime by Bert La Brucherie.

Twenty Lettermen, including three veterans of the 1942 Bruin squad which played in the Rose Bowl, are back, the team looks solid, except for one tackle spot and a lack of big reserves.

La Brucherie, up from Los Angeles High School to replace Babe Horrell, will rely on speed and a short passing from the T-Formation.

Batavia Captures 3rd Straight Win

Buffalo, N. Y., Sept. 12.—(AP)—Lockport must beat Batavia Clippers tonight to stay in the running for the Governor's Cup in the PONY League playoffs.

The hard-hitting Clippers scored their third straight victory by a 5-2 margin last night to roll up a 3-0 lead in the best four out of seven series.

Game tonight: Batavia at Lockport.

Last night's game. Lockport . . . 000 000 020—2 3 4 Batavia . . . 104 000 005—5 8 1 Wallerstein and Novotny; Ludwig and Tighe.

(Batavia leads 3-0 in best four-out-of-seven final series for the Governor's Cup).

Last Night's Fights

By the Associated Press
New York—Tony Pellone, 141, New York, defeated Billy Graham, 135½, New York (10). Vincent Gigante, 172½, New York, outpointed Teddy Brown, 170½, Garfield, N. J., (8).

New York—Al (Bummy) Davis, 153½, Brooklyn, awarded decision over Johnny Jones, 151, Pittsburgh, in sixth round of eight rounder. Jones disqualified for not trying.

New York—Humberto Zavala, 142 3/4, Mexico City, defeated Jackie Leamus, 133½, New York (10). Al Victoria, 137½, New York, camp Kilmer, N. J., (5).

Buffalo, N. Y.—Phil Muscato, 178½, Buffalo, knocked out Prentiss Hall, 166, Buffalo (8).

Newark, N. J.—Charlie Fusari, 143, Irvington, N. J., stopped Joey Manfro, 137 3/4, New York, (1). Al Galgut, 168, Newark, stopped Clem Fitzpatrick, 160, New York, (5).

Pittsburgh—Harry Jeffra, 29, Baltimore, and Mickey Quack, 123, Pittsburgh, drew (10).

Sheffield Downs W. H. S. Seconds and Thirds, 19-7.

Sheffield High's Wolverines, engaging in their first actual scrimmage of the 1945 grid season, scored a 19-7 victory over a combination of Warren Dragon Seconds and Thirds last night at Sheffield. The Wolverines held a one touchdown lead at halftime, boosted it to a 19-0 lead until the final minutes of play.

Elmer Dutches scored the only Warren touchdown in the late minutes of the final stanza.

Pennsylvania is first among all states in extent of its highway system—40,615 miles.

ACCUSED

I've been accused of being a "Yes Man" . . . and come to think of it—I am! That is, I like to say "Yes" when people ask for a loan. Which is only logical, after all, for the more times I say "Yes" the more loans I make. And since making Personal Loans is my full-time business, that's mighty important to me.

*Usually I can say "Yes" in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why Personal is so often able to make loans that others cannot.

*Of course—once in a while I can't find a way. That's natural. When that happens, I personally sit down with the customer in a private office and discuss the situation frankly, on a common sense basis.

Like most people, I don't believe in unnecessary borrowing . . . but when a loan is needed or to your advantage, I'll be glad to say "Yes". Anytime you need extra cash—see me, won't you? Right now, for instance. See me at Personal Finance Co., 216 Liberty St., second floor, over Lester Shoe Store. Phone 285.

SPORTS ROUND-UP

By HUGH FULLERTON, JR.
New York, Sept. 12.—(AP)—Ed Wright, the rookie who shut out the Cubs for Boston the other day, was discovered by Red Smith, the Cub coach, who gave \$1,500 for his find. Wright may have pitched Red right out of a cut in the World Series dough. . . . Jimmy Johnston is broadcasting the news that he now is manager of Al Hootman, who was heavyweight champion of the Pacific area before his discharge from the army. Hootman is six feet five and weighs 210, which makes him about big enough to do everything Jimmy claims he can. . . . The Army-Notre Dame basketball game which would pack any indoor arena the way their football game does the Yankee Stadium, will be played in the West Point field house with no charge for admission. . . . Boston's Art Ross thinks newspapermen should be admitted to National Hockey League meetings because "we have nothing to hide."

Let Who Do It?

The New York University football manager is George Kleinke; his assistant is George Bear; the equipment manager is George Olsen and the publicity director is George Schiebler. . . . When there's a tough job, who do you suppose does it? . . . Why, Coach Jack Weinheimer, of course.

One-minute Sports Page

What's this story that the all American football conference is trying to peddle a quarter interest in its "strongest" franchise—Los

Angeles—for \$50,000? . . . Ray Dumont's National Basketball Congress has set a \$10,000 "ceiling" on the prize money to be awarded the winning team in future sandlot tournaments at Wichita. This year's championship averaged better than \$5,000 a night at the gate for two weeks. . . .

This Way Out

Manager Chick Wergeles tells about this phone conversation with Lightweight Beau Jack, who is due out of the army any day: "Mistah Wergeles, my papers is gone through, everything's gone through but I ain't gone through. I want to go through the gate."

LOTTSVILLE

Lottsville, Sept. 10.—Rev. Woodin preached the regular service at the Methodist church Sunday.

Memorial services were held for Elmer Bogie, who was killed in the invasion of Okinawa, at the Methodist church Sunday, with Rev. Wayne B. Price from Evansville, Ind., conducting the rites.

Stella Rebekah Lodge No. 239 held their picnic at the Cornish stand Saturday with a very small attendance.

Mr. and Mrs. Del Clark and daughter are taking a few days vacation.

Freehold Grange, held their regular meeting Sept. 5th putting on the 1st and 2nd degree to twelve candidates.

News Of The World As Seen In Pictures And Maps

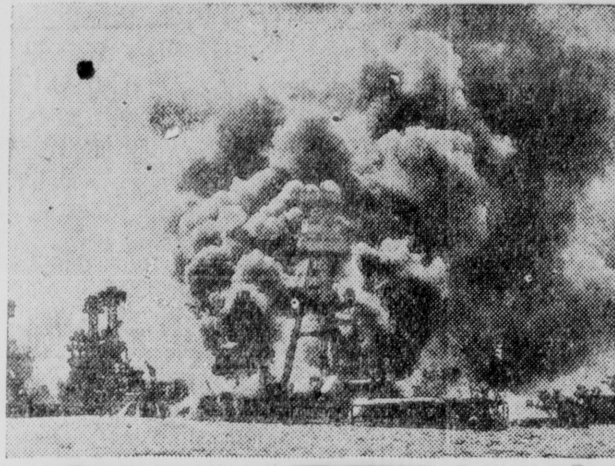

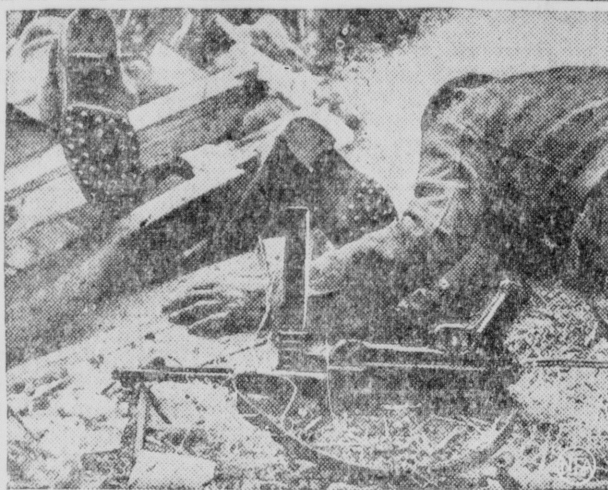

HAPPY BIRTHDAY: Six Years, Lacking One Day, After Its Start World War II Ends In Victory

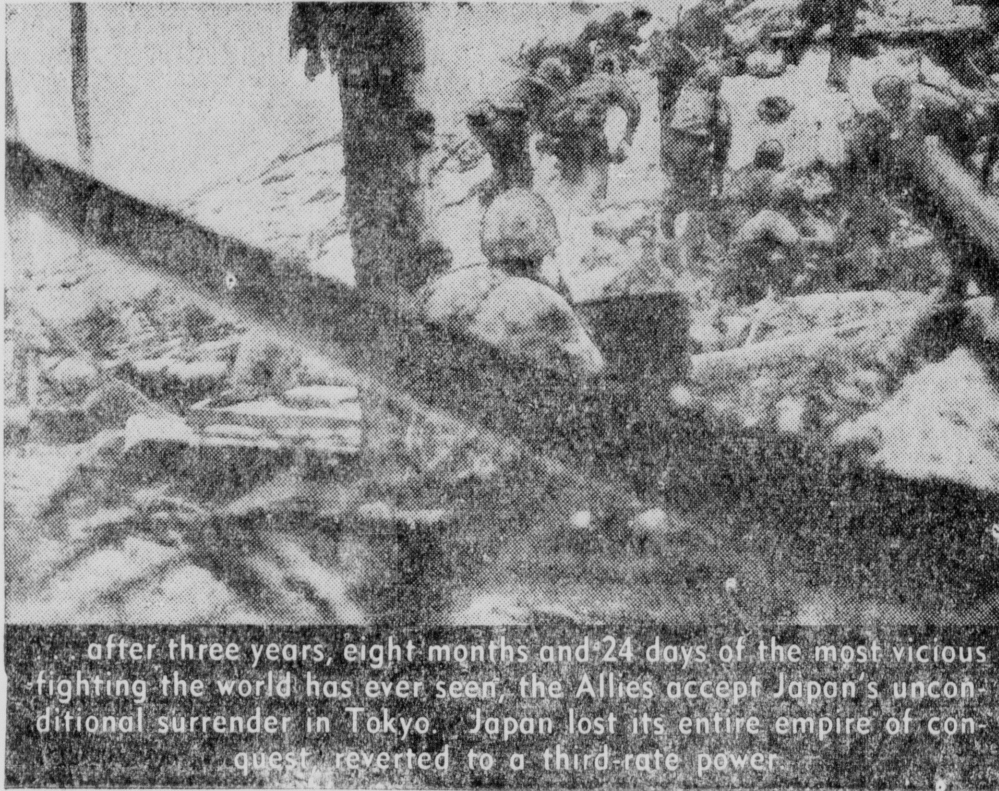

Sept. 1, 1939, by unleashing his merciless blitzkrieg against Poland, Adolf Hitler plunged the western world into a holocaust that left Europe a chaotic waste, but ended

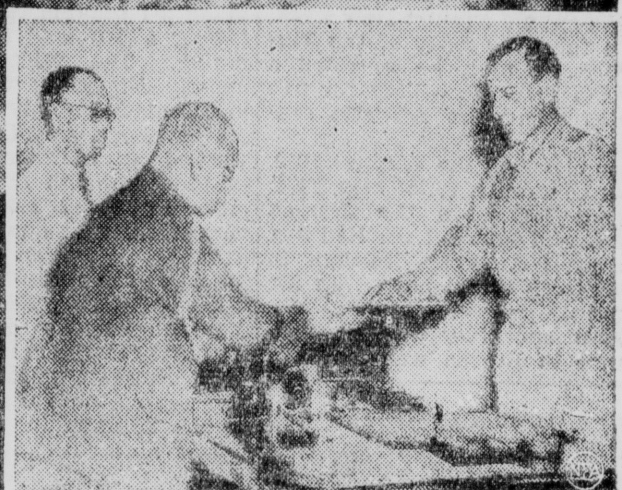

in the inevitable failure on May 8 when, with Hitler's armies shattered, himself and his chief fellow Nazis dead or in hiding, the German generals surrendered to the overwhelming might of the United Nations.

Dec. 7, 1941, Japan treacherously launched its long-planned war against the U. S. while talking of peace. A year of conquest spread the Japs' hold deep into Asia and far across Pacific. Then the Allied counteroffensive hit its stride and

after three years, eight months and 24 days of the most vicious fighting the world has ever seen, the Allies accept Japan's unconditional surrender in Tokyo. Japan lost its entire empire of conquest, reverted to a third-rate power.

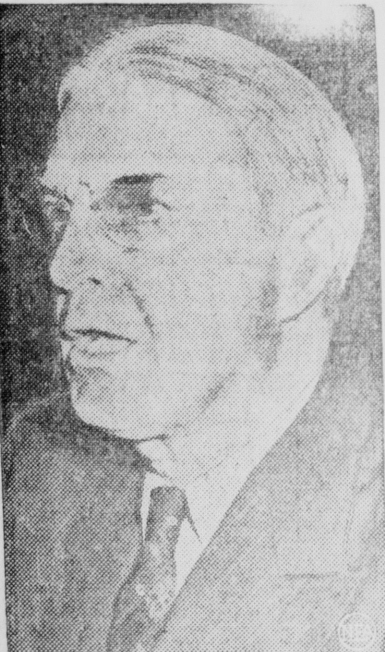

Cool Work, if You Can Get It

It was a hot day in Hollywood. Erskine Johnson, noted Hollywood columnist for NEA Service, was interviewing Charlotte Greenwood, famed "Lady Longlegs" of stage and screen, when suddenly she said, "Let's go swimming." And so they did, and here they are, continuing the interview—but comfortably.

Talks Loan

William L. Clayton, above, assistant Secretary of State, heads a U. S. delegation which is to discuss, with a special economic mission from England, a proposed long-term loan of three to four billion dollars at low interest rates to Great Britain.

Seeks Dollars

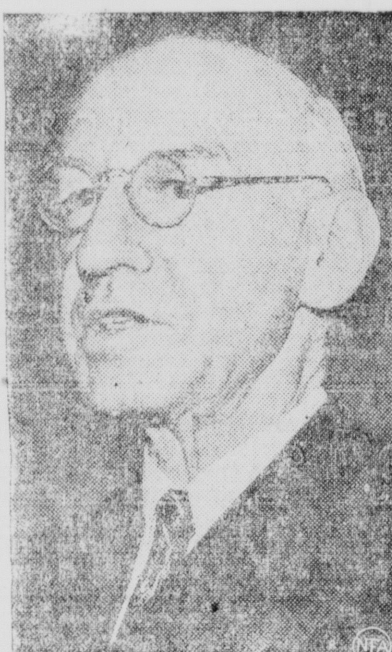

With Lord Halifax, British ambassador to Washington, Lord John Maynard Keynes, above, heads a special economic mission from England. Its goal: a long-term, low-interest loan of three to four billion dollars for his country. Britons will discuss the loan with a similar delegation representing the U. S.

To Philippines

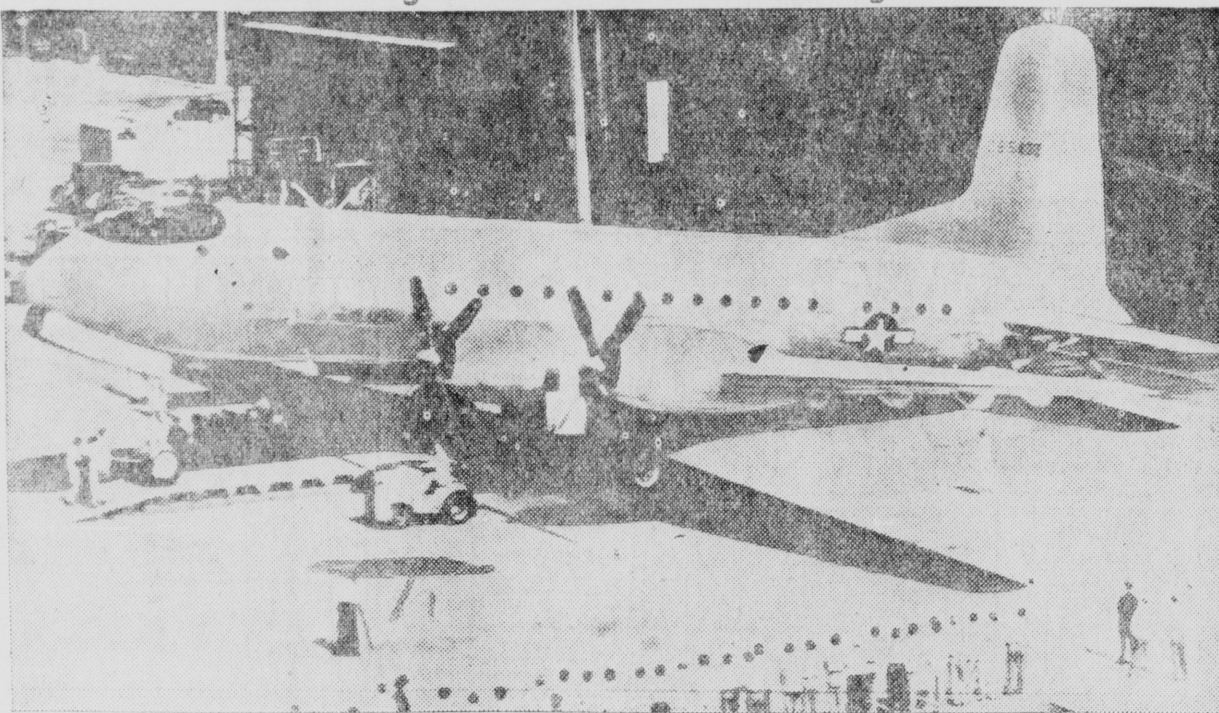

Paul V. McNutt, above, War Manpower Commissioner, has been named to serve again as U. S. High Commissioner to the Philippines. He served in that post from 1937 to 1939.

To Panama

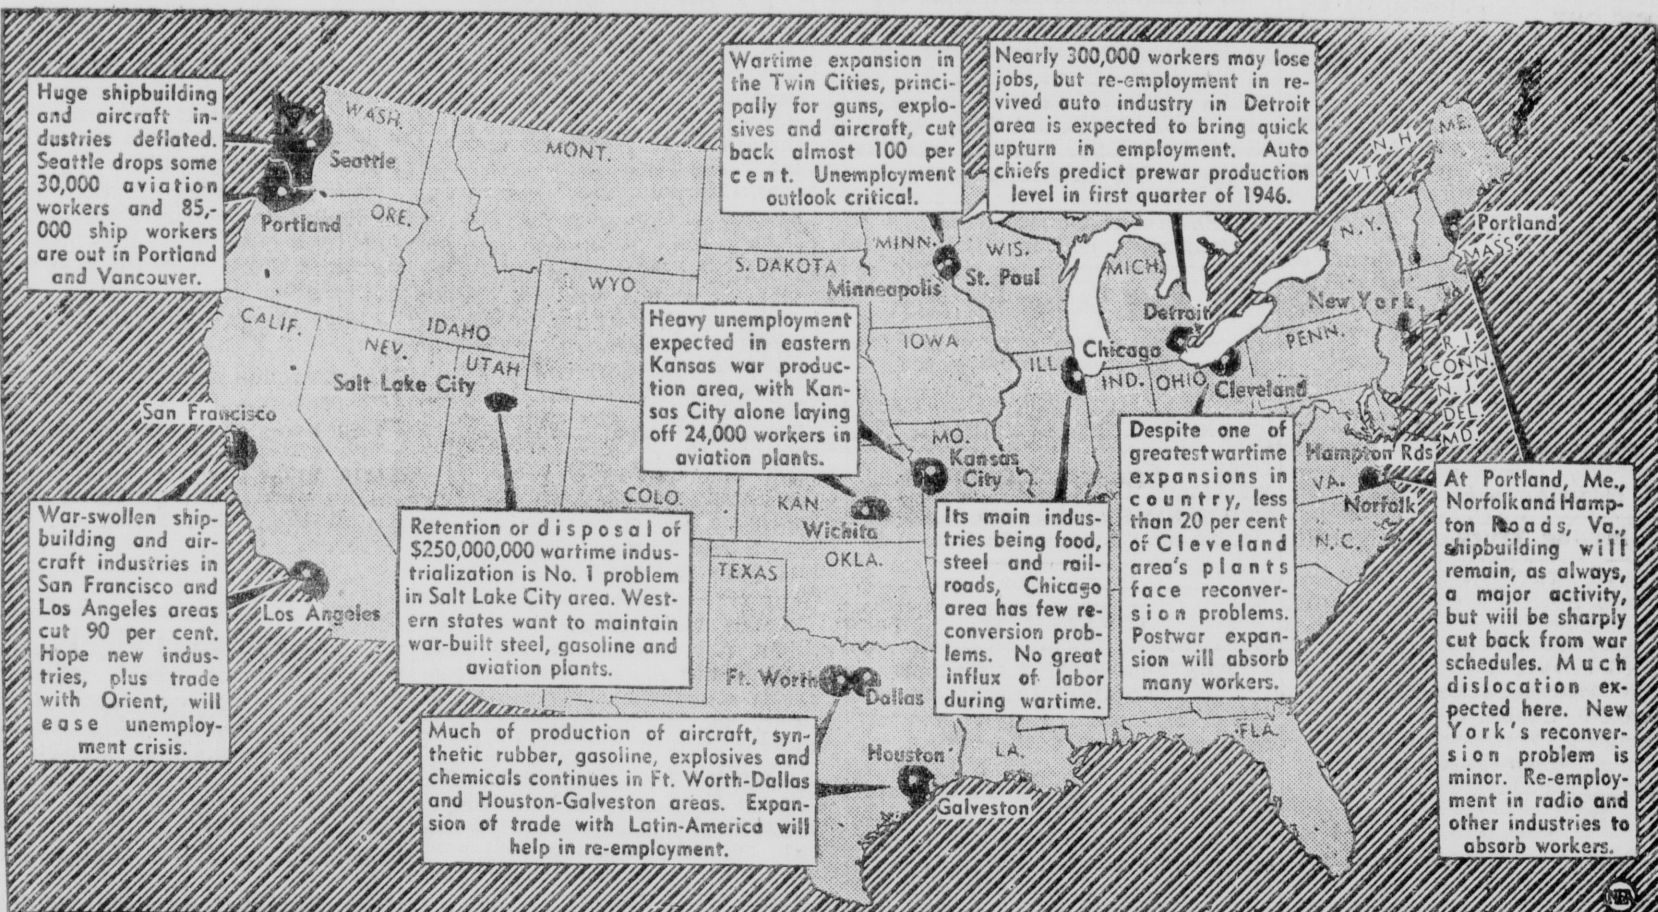

President Truman has named Brig-Gen. Frank T. Hines, above, as Ambassador to Panama. He was formerly Administrator of War Relocation Authority.

World's Largest Land Plane Passes Flight Test

Gigantic size of the Douglas C-74, world's largest land plane which performed perfectly in a test flight of an hour and 19 minutes at Long Beach, Calif., is emphasized in the photos above. The interior is amply large for the two jeeps drawn abreast, as seen in the lower picture. Important facts about the Globemaster: wingspread, 173 feet; length, 124 feet; height, 43 feet; cargo capacity, crew of 13 and 108 passengers, or 30 tons; gross weight, 162,000 pounds; speed, more than 300 miles per hour; cruising range, 7800 miles; powered by four 28-cylinder engines.

Where Postwar War Plant Cutbacks Hit Workers

The sudden cancellation of billions of dollars worth of war supplies hit some areas a quick, hard, body blow, while other sections came off with brighter prospects. Map above shows principal production centers where collapse of postwar boom was immediately felt.

To Get New Post

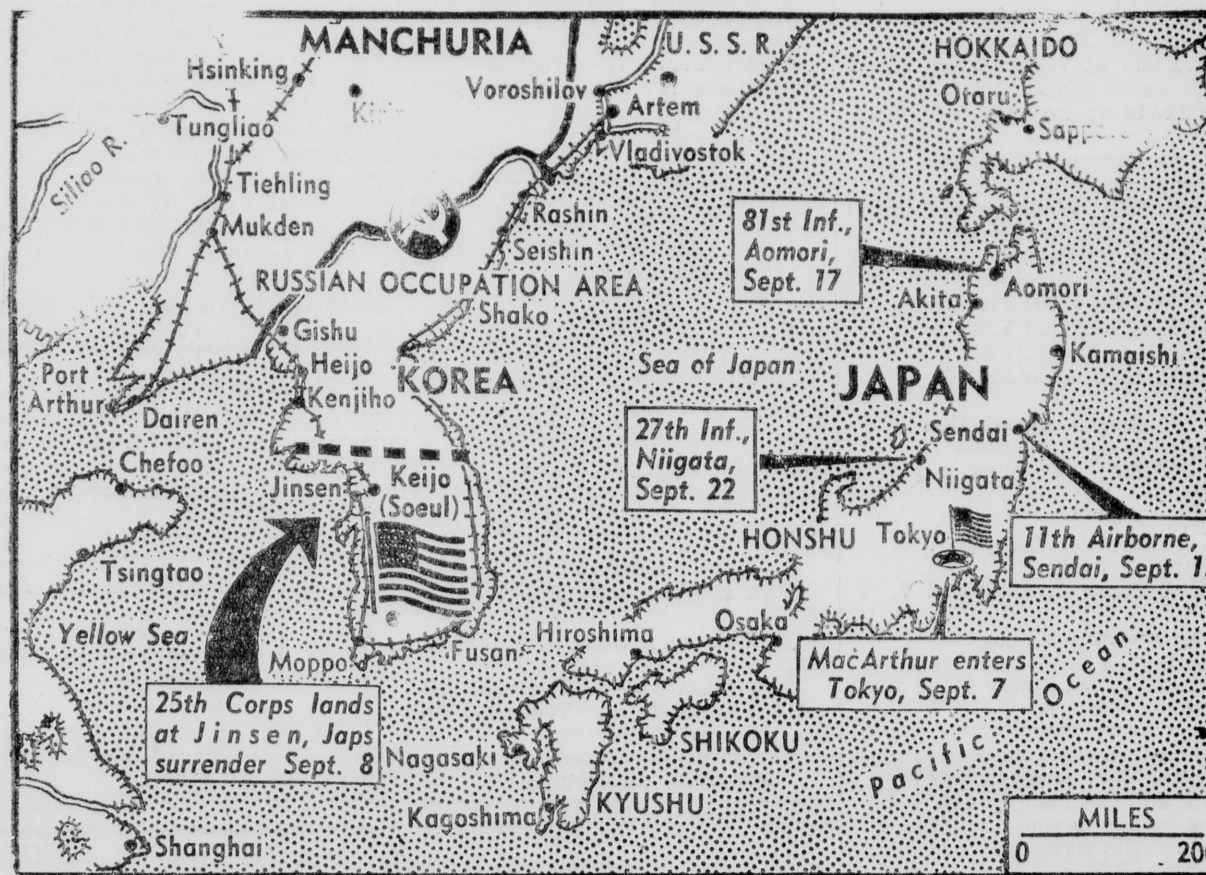

Sen. Chan Gurney, above, Republican of South Dakota, probably will be appointed to the important Senate Foreign Relations Committee, to fill the vacancy left by the death of the late Sen. Hiram W. Johnson, of California.

Leads in Tokyo

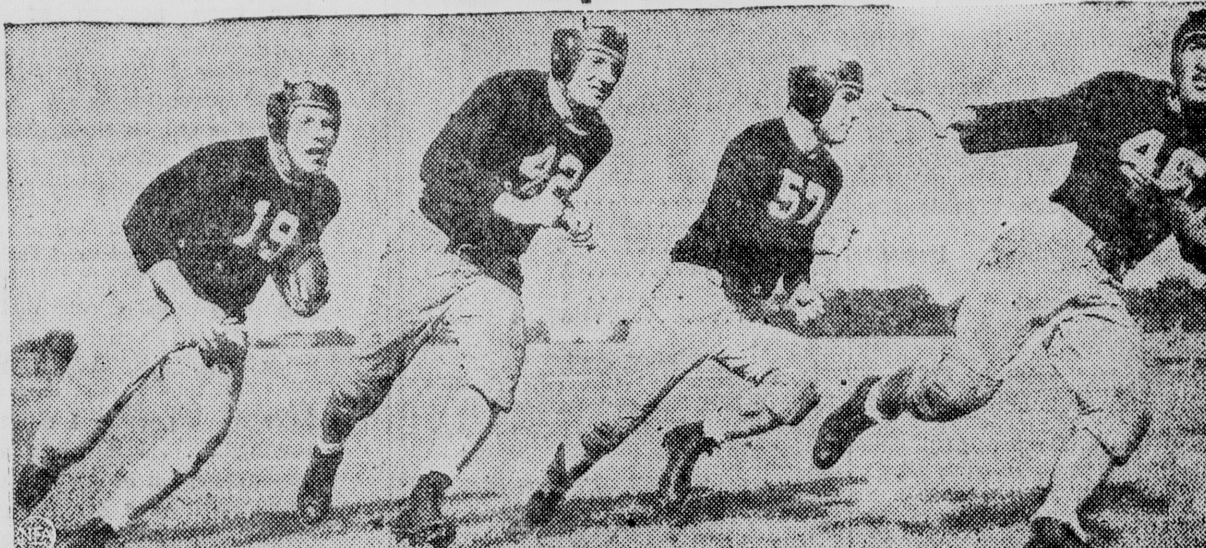

Maj-Gen. Charles P. Hall, above, commands the 11th Corps of the U. S. Eighth Army, which Gen. MacArthur assigned to take over the Tokyo area.

Americans Expand Control in Jap Areas

Scenes of important operations in process of happening or scheduled for the near future in Jap areas are shown on the map above. They include Gen. Douglas MacArthur's triumphal entry of Tokyo and the occupation of Korea. Dates shown for scheduled future events are approximate.

Irish Express — 1945

Carrying mail for Notre Dame this fall will be, left to right, Elmer Angsman, Frank Danciewicz, Marv Wendell and Phil Colella, leading prep scorer in Pennsylvania in 1943 before joining Navy.

BULLETINS

Washington, Sept. 12.—(P)—

The house voted today to turn the nation's clocks back one hour on Sept. 30 while the senate was being told the senate wants the draft to continue until next July.

The house acted on a resolution which would by pushing back the clocks one hour the last of this month—replace war time with Standard Time.

The senate still has to vote the same way, and probably will.

POLICE PENSION FUND PAYMENTS DELAYED

Harrisburg, Sept. 12.—(P)—

Distribution of \$761,018 among eligible police pension funds throughout Pennsylvania is being held up.

Auditor General G. Harold Wagner said today, by failure of most municipalities to return questionnaires.

Wagner said fewer than 700 of more than 3,300 municipalities have returned the questionnaires.

Of those 49 apparently have qualified for shares.

The money represents half of the net amount paid to the state from the two per cent tax on casually insurance premiums written in Pennsylvania by firms whose main offices are outside the state.

Grants For War Veterans Are Explained

Harrisburg, Sept. 12.—(P)—The department of public assistance stated that veterans' disability pensions are considered as "available resources," in the granting of relief to needy families.

Under policies established by the state board of public assistance the department said in a statement, "in computing the grant for a disabled veteran, any special requirement which can not be met within the program of the veteran's administration or the public assistance agency are given consideration, and, within the scope of the public assistance program, the pension or compensation may

be used to meet those needs before any reduction is made in the assistance grant."

The statement was issued in reply to one in which the Democratic state committee asserted the state "is in effect requisitioning disability pensions received by veterans from the federal government because of battle injury, for general family purposes."

The department noted that "there is nothing in the law to support a policy which sets a higher standard for one group of citizens than for another," and that in all cases, "any available resource or income is applied toward meeting" the needs of impoverished families.

"The principle which governs these public assistance policies is that the services and payments made by one governmental agency should supplement but never duplicate or overlap those of another public agency," it said. "In other words, public assistance supplements all other resources available to the recipient."

"In many instances the disability compensation received by veterans is sufficient to maintain themselves and their families. It is only in those instances in which the compensation is not sufficient to meet the living requirements that the public assistance agency is expected to help."

CHARTER APPLICATION

Notice is hereby given of the intention to file Articles of Incorporation with the Department of State of the Commonwealth of Pennsylvania on September 18, 1945 for a Certificate of Incorporation of a proposed business corporation to be organized under the "Business Corporation Law" of the Commonwealth of Pennsylvania approved May 5, 1933 entitled TOSS PRODUCTS, INC., and the purposes for which it is organized are buying and selling and dealing in petroleum products and in household and industrial cleaning products, and for these purposes to have, possess and enjoy all the rights, benefits and privileges of said Act of Assembly and all supplements thereto.

Salvage Man Is Commended

Mrs. Clyde R. Darling, 102 West Fifth avenue, has received from J. L. Hill the following commendation given her husband, C. R. Darling, ship's fitter first class on the USS Anchor, for "outstanding performance of duty in salvage operations."

"You were a member of the salvage squad detailed to raise wreck No. 66 in Naha harbor, a vessel of approximately four thousand (4,000) tons and sunk in turning basin. A minimum of twenty (20) days had been assigned for this operation. Through the outstanding work of yourself and the other members of your squad the vessel was raised and clear of the harbor in ten (10) days."

"The commanding officer is fully aware of the initiative, perseverance and hard work demonstrated by yourself in the operation and commends you for your part in this important work. Your performance was in keeping with the best traditions of the Naval Service."

But \$39,000 of October War Fund Will Go Out of County

Of a total of \$88,700 which Warren County will strive to raise in its October War Fund campaign, only \$39,000 will go out of the county, the balance remaining for the support of the seven agencies formerly financed by the Community Chest, the county work outside Warren borough, and the expense of the campaign.

But this \$39,000 is vitally important. E. W. Johnson, chairman of the drive, emphasized this morning that success in raising it is more vital now than ever. "The war is not over so far as the United War Fund is concerned until the last American boy is home again," Mr. Johnson stated. "That will not be for many months to come."

One of the most important beneficiaries of the War Fund is the U. S. O. Demands on USO in the coming year, such as expansion of USO-Camp Shows circuits, continuation of many operations throughout the Western Hemisphere, and immediate development of USO facilities in the Philippines mean that USO "faces a year, which in all probability will be the most critical and difficult in its existence," USO President Lindsley F. Kimball has announced.

"Only by concerted action on the part of all USO personnel, and the continued and generous support of the National War Fund which finances our work, can we meet the increased needs of the military in Europe, in the United States and in the Pacific," Dr. Kimball continued.

The President's statement went on to enumerate the calls that have been made on USO and that will be made in the solution of the morale problem that months of waiting creates for the armed forces—a problem considered more difficult and urgent even than that existing under combat conditions.

Howe some of these needs will be met were included in the statement. For example:

Hawaii, as well as the Philippines, will see great expansion. In the former, four more clubs have

been completed, and there are serving there more than 200 professional workers and several thousand volunteers. There are 60 operations in Hawaii. The largest Club serves as many as 30,000 in a day.

More than 800 physicians and other scientists were engaged at the Massachusetts Institute of Technology, under direction of Dr. L. A. Du Bridge, in development of radar as a war weapon and possible application to peacetime commercial flying.

Everybody reads the Times-Mirror.

Ugly Eczema

No Joke

The itching torment of eczema is enough to make anyone wretched and anxious for relief. If you suffer from the itching of eczema, pimples, angry red blotches and other irritating blemishes, get Peterson's Ointment, 35c all drug-gists. If one application does not delight you, money refunded. Peterson's Ointment also wonderful for itching feet, cracks between toes.

ROUNDUP OF RENEGADES PROGRESSING

American Occupation Authorities Extend List Of "Wanted" Occidentals As War Criminals

HOMMA MAKES ESCAPE

BULLETIN
Tokyo, Sept. 12.—(P)—The Japanese cabinet today called into special session to discuss General MacArthur's designation of members of former Premier Hideki Tojo's "Pearl Harbor" cabinet as among those to be taken into custody.

By the Associated Press
Tokyo, Sept. 12.—(P)—American occupation authorities tonight announced the roundup of 47 Japanese war leaders and renegade occidentals as a gift of blood from the life of Hideki Tojo, principal architect of the Pearl Harbor assault.

General MacArthur, extending his list of "wanted" men to include even of the notorious Black Dragon Society's top terrorists, ordered dissolution of that Jingoistic secret organization, which the Japanese claimed had disbanded more than a month ago.

While the roundup bag increased, one of the most badly wanted, Gen. Masaharu, who sanctioned the murderous death march of Bataan, fled to his island home in the northwest coast.

One of those caught, however, as Heinrich Georg Stahmer, German ambassador held chiefly responsible for bringing Japan into the Rome-Berlin Axis.

Stahmer came to Tokyo in 1940 as a special envoy on the Axis, and was rewarded by being named Hitler's envoy to the Nanjing puppet government and then became ambassador to Tokyo. He was a personal assistant to Nazi Foreign Minister Joachim von Ribbentrop.

Tojo, who attempted suicide yesterday, admittedly to escape trial, but who missed his heart with a bullet from a pistol taken from a downed American flier, rallied tonight after the transfusion of B-type whole blood and injections of penicillin.

The man who jumped was W. J. De Roche (address unavailable immediately), aviation ordinance man, who attempted to rescue his comrades but was driven away by flames and exploding ammunition.

Naval authorities have this description of the tragedy:
The big plane with 15 men aboard took off from the Naval Air Station on a regular training flight and as it gained the air observers in the control tower saw that its No. 3 engine was afire.

"Your engine is afire," the pilot was told by radio. "You will land immediately on any runway. All runways are being cleared for you."

Every plane in the vicinity was ordered out of the way of the distressed craft as the pilot acknowledged.

The train, west bound, was wrecked at 6:50 a. m. (Central War Time).

Surrender of Jap Forces In Southeast Asia and East Indies Made To Mountbatten

By MARC PURDUE
Singapore, Sept. 12.—(P)—Admiral Lord Louis Mountbatten received the surrender of all Japanese forces in southeast Asia and the East Indies today from Gen. Seishiro Itagaki, representing the ailing commander of the Japanese southern armies, Marshal Count Juichi Terauchi.

Promptly after the ceremony the Allied southeast Asia commander announced he would tolerate no arrogance from the Japanese and told his troops in an order of the day that they would have his support "in taking the sternest measures against any Japanese attempt at obstinacy, impudence or non-cooperation."

The order of the day underscored Mountbatten's previous stern announcement that "we are going to treat our enemies with justice and humanity, but we are going to be their masters."

The surrender involved about 85,000 Japanese troops in the Singapore area and some 500,000 soldiers and sailors in "the southern regions—southeast Asia and the East Indies."

By the instrument the Japanese gave up the richest and most expansive conquests of their long campaign of aggression—an area stretching 6,500 miles from the Arabian sea to Mollana, embracing 1,500,000 square miles and populated by 128,000,000 people.

Lt. Gen. Sir William J. Slim, commander of Allied land forces in southeast Asia, and Lt. Gen. R. A. Wheeler, of the U. S. Army, deputy southeast Asia commander, as well as representatives of the Netherlands, Australia, France and China looked on while Mountbatten signed eleven copies of the surrender instrument, using a fresh pen each time.

The ceremony began in the council chamber of Singapore's flag-draped municipal building at 11:15 a. m. (11:15 p. m. Tuesday EWT) and was concluded in a few minutes. Itagaki signed for Terauchi.

(Turn to Page Nine)

Scranton, Sept. 12.—(P)—Former U. S. Judge Albert W. Johnson has declined comment after his indictment by a federal grand jury on charges of conspiring to obstruct justice and defraud the government.

The indictment was handed up yesterday to Judge William H. Smith of Newark, specially presiding during the grand jury investigation.

Nine others are also named in the indictment, including three sons of the 72-year-old Johnson, who last July 3 resigned his post during hearings held by a congressional subcommittee in Washington.

The period of alleged conspiracy was fixed in the 29-page indictment from "on or about Feb. 1, 1934, up to and including Dec. 31, 1944."

The indictment charged that the government was deprived of its right to the faithful judgment and determination of Johnson.

The former judge, from his home in Lewisburg, said he had no comment.

Federal Judge Albert W. Watson said at Harrisburg he does not want to handle the case when it comes up in October.

Matty Jr. Is Home

Among the 14,500 soldiers landing in New York after the Queen Mary's latest trip from Europe was Lt. Col. Christy Mathewson, of Saranac Lake, N. Y., son of the famous Giant pitcher. He had been overseas 13 months with the AAF.

Mother Held For Death Of Five-Year-Old

Johnstown, Sept. 12.—(P)—Mrs. Mary Cimon Aniol, 28, who pleaded guilty when charged with the strangulation death of her five-year-old son yesterday, waited in Cambria county jail at Ebensburg today for action of the December grand jury.

Alderman Louis B. Saylor ordered her held without bail after a brief hearing last night. The charge was preferred by City Detective Charles Griffiths.

Mrs. Aniol at her arraignment was still wearing the simple house dress she had on when she was arrested.

Detective Sgt. John W. Reed stated officers were called to the Aniol home, in a war housing project, by neighbors who said Mrs. Aniol had begged them "come and help or call police."

John, was found dead in a bedroom of the home.

Reed quoted the mother as saying, "When I went into his room and saw him lying on the bed, I don't know what came over me."

At the hearing, Mrs. Aniol was hardly coherent; she appeared stunned.

(Turn to Page Nine)

Conventions Off Restricted List

Washington, Sept. 12.—(P)—Conventions, group meetings and trade shows go off the restricted list October 1.

The Office of Defense Transportation banned such gatherings last February 1 to reduce travel and ease hotel crowding. Since then it has loosened the rules to permit state meetings of any size and out-of-state attendance up to 150.

PEACE PLAN FOR ITALY IS GIVEN STUDY

France Presents to Conference of Big Five Views on Proposed Treaty To Be Adopted

REDS QUESTION MARK
By FLORA LEWIS
London, Sept. 12.—(P)—France presented to the conference of foreign ministers of the world's five big powers today her views on a proposed peace treaty for Italy, insisting at least on the principle of reparations.

Outlines of American and British views indicate both governments have opposed collection of reparations from Italy because they were eager to get the Italian economy back on a sound basis.

The French views, it was learned, were these:
1. France wants a small rectification of her border with Italy, mainly on the Alpine frontier around the towns of Labriague and Tante and would like complete control over the Roya Valley, on the frontier just north of the Mediterranean.

2. France disclaims any desire to annex the valley of Aosta in northern Italy, but wants guarantees either in the treaty or by joint international pledge that the French population in the area will be given home rule by Rome.

3. The French are inclined to side with the British and Americans on Trieste—to leave the city in Italian hands, but establish an international authority to assure Yugoslavia free use of the port.

4. The French are prepared to accept the British and American plan to place the bulk of the Italian colonies under Italian trusteeship. This would remove Rome's sovereignty, but retain Rome's rule. The French view is that Italy must have an outlet for emigrants.

5. The French demand all the East African area known as Fezzan. It is a strategic linch between Lake Chad and north Africa which belonged half to France and half to Italy before 1935. At that time it was turned over to Italy, French diplomats say, by Pierre Laval.

6. The French desire border rectifications on Tunisia's inland frontier with Italian colonies, seeking certain oases which are important on the desert routes.

7. France wants restitution for goods stolen by the Italians during the war, such as locomotives and machine tools.

8. France is insistent on at least the principle of Italian reparations. The French say they are not seeking any large sum for the (Turn to Page Nine)

VETS OF WORLD WAR TWO DRAFT PROGRAM

Philadelphia, Sept. 12.—(P)—Members of American Veterans of World War II are drafting a program calling for the Pennsylvania legislature, at its next session, to pass a "little GI bill of rights."

Edward B. Weisenberg, state field representative of the Am Vets, said the proposed bill will be made public at the first state conference of the organization in Reading on Sept. 29 and 30.

Weisenberg came here from Bethlehem to confer with Philadelphia members on plans for the convention.

Prisoner Bearing Up Well After Her Collapse Tuesday

After a night's rest from the ordeal of Tuesday on the witness stand, Mrs. Adaline McKinney this morning resumed the stand for a cross-examination at the hands of District Attorney Joseph H. Goldstein. Mrs. McKinney, pale and with but a touch of rouge on her cheeks, was much more composed than she was yesterday and answered all questions in a firm, clear voice. Several times she smiled at her attorneys as they interposed objections to questions of the commonwealth attorneys.

District Attorney Goldstein, courteously recognizing the nervous temperament of the woman, quietly put his questions and his cross-examination was not such as to cause an emotional outburst. He questioned her at some length relative to statements made to Sheriff L. E. Linder and Coroner Ed C. Lowrey.

Almost immediately he went into the "walk" which Mrs. McKinney took Sunday night. She related incidents of the evening calmly and in a clear voice as follows:
"I came home from the picture show about 9 and was home until 11 when I left the house for a walk. I saw a car which I recognized as one that had been driven past our house. I stopped and asked if the driver were 'Holly' Albaugh. He said it was and while talking I got into the car."

"Was it parked in an alley, do you remember?" said Mr. Goldstein.

"Yes, I think it was on the cross walk. After I got in the car we drove toward Corry. Finally he turned off on a dirt road and stopped the car. I opened the door and leaned back on the seat and we talked for some time. I didn't just know where we were. We sat there talking for about half an hour. I didn't get out of the car until I heard him say, 'I'm sorry, I wish I could drive and drive.'"

"Did you see a car near the brick works where Mr. Albaugh let you out of his car?"
"No I did not."

"Isn't it a fact that it was your husband's car that was close to you when you stopped?"
"I didn't see any other car."

Mrs. McKinney said she was treated most courteously by the officers on the evening she made her confession and that she tried to tell the truth as she knew it at the time but can remember better now. She recalled that she had shot the gun once last year sometime when she and her husband took a walk up on the hill and that it was the only time she ever shot a revolver.

"Do you recall," Mrs. McKinney, stating in your confession that you loaded the gun and held it behind your dress when you went back to the bath room?" queried Mr. Goldstein.

"No, I just didn't know whether I had it in my hand at my side or back of me, I just don't say," Mrs. McKinney related that she spent three days at Chautauque Lake with her sister in July. She said her husband didn't want her to go but that her husband had promised her a vacation a long time ago and so she went, anyway.

Several times during her examination she closed her eyes and held her hand over her eyes.

As Mr. Goldstein finished Mr. Glassman asked a couple of questions and she said "I never loaded a revolver in my life."

"What was your condition following the shooting on July 15th?" asked Mr. Goldstein.

"I could hardly talk and I was nervous and distraught. It was an awful shock but I gave the truth the best I could at the Sheriff's office where I was kept until about 1 o'clock in the morning."

Mr. Goldstein had no further questions.

HAAS WANTS MINORS BACK IN CLASS ROOMS

Harrisburg, Sept. 12.—(P)—Pennsylvania employers were urged by Dr. Francis B. Haas, superintendent of public instruction, to discharge all minors as early as possible so that they may return to school.

Dr. Haas, in a letter sent out yesterday to all county and district superintendents said "you may deem it advisable to write to employers of minors formerly enrolled in your schools, advising them of the immediate problem," that of adjusting the school system to provide for the return of the one-time students.

MANY VITAL QUESTIONS UP TO CONGRESS

Senate Military Committee Calls Big Shots To Find Out About Releasing Soldiers

Washington, Sept. 12.—(P)—Undersecretary of War Patterson today told congress—demanding to know why men can't be discharged from the army faster—that:

1. Six million would be discharged by next July 1.
2. The discharge rate will be speeded up by reducing the point score even lower than it is now.

Patterson made these statements to the senate military committee which called upon him and other top officials to explain about demobilization.

The present point system—80 points will get a man discharged—was defended by Patterson.

But when Senator Revercomb (R-W. Va.) asked if the lowering the point score still further would not hasten demobilization, Patterson said:

"Yes, and that will be done." By discharging six million men within the next 11 months, Patterson said the army then would be down to a strength of 2,500,000 by July 1.

Congress called up the military authorities in the hope that the folks back home would listen to the answers and stop writing letters complaining about the present rate of demobilization from service.

But congress was in a real questioning mood. It wanted to know about the Pearl Harbor disaster, about un-American activities, and what was going on in UNRRA.

A congressional investigation of the Pearl Harbor attack was all set. Both the senate and house voted for it unanimously. That means more quizzing for army, navy, big shots. Six Democrats and four Republicans will do the quizzing.

Un-American activities snapped back into the news when the house committee to investigate them held its first formal meeting under the new chairman, Rep. John S. Wood of Georgia.

This used to be the "Dies committee." Wood said he expects the group to have more work than ever before. (But he said he's going to be mighty careful whom he labels "Un-American.")

Herbert H. Lehman, boss of UNRRA—the United Nations Relief and Rehabilitation Administration—came before the senate foreign relations committee for stiff questioning.

A Republican from Pennsylvania, Rep. James Fulton, just back from Europe, took a poke at UNRRA. He said its activities are a "laughing stock" in Europe.

(Turn to Page Nine)

President Plans A "Flying" Visit

Washington, Sept. 12.—(P)—President Truman will fly to Missouri Friday to visit his mother and the homefolks at Kansas City and Independence.

The White House announced the president will leave here at 1:30 p. m., Friday from the National Airport, arriving in Kansas City about 6:25 p. m., Central War time.

He will return to Washington Sunday, arriving about 6:50 p. m. The chief executive, traveling in the presidential C-54—the "Sacred Cow"—will give Senate Majority Leader Barkley (Ky.) a lift to Paducah. Barkley has a weekend speaking engagement in his home state.

The president will pick up Barkley again on the return trip Sunday, flying him back to Washington.

On the Friday trip the president also will stop at Scott Field, Ill., where Miss Rachel Odum, Mrs. Truman's secretary, will leave the party to start a vacation at her home nearby.

Numerous Appointments Are Announced By Pres. Truman

Washington, Sept. 12.—(P)—President Truman announced the appointment of Francis Biddle, former U. S. Attorney general, as a member of the Allied military tribunal to try Axis war criminals. Judge John J. Parker of North Carolina was named as "mate."

A news conference in which he cleared his desk of a long series of appointments, the president disclosed the resignation of Elmer S. Bess as director of the Office of Information and the assignment of Nell Dalton of Louisville to succeed him for the purpose of dating that agency.

The president announced the appointment of former Senator Ben-

Committee Hears Of Elliott's Deal

Washington, Sept. 12.—(P)—A congressional committee met today to hear Brig. Gen. Elliott Roosevelt's own story of his financial transaction with John Hartford, president of The Great Atlantic & Pacific Tea Co.

The house ways and means committee decided to read behind closed doors a statement submitted by the late president's second son.

A treasury department study of the transaction was ordered by the committee after reports were published that:

1. Hartford loaned young Roosevelt \$200,000 while the latter was promoting a Texas radio chain.

2. Jesse Jones, former secretary of commerce, settled the loan for \$4,000 and

3. Hartford reported the remaining \$196,000 as a bad debt deduction in his 1942 income tax return.

The treasury has not yet allowed the deduction.

Rep. Fulton Is Very Critical Of U.N.R.R.A.

Washington, Sept. 12.—(P)—Rep. Fulton (R-Pa.) said today UNRRA activities are the "laughing stock" of Europe.

Fulton, just returned from nearly two months abroad, voiced the criticism of the United Nations Relief and Rehabilitation Administration as the senate foreign relations committee summoned UNRRA Chief Herbert H. Lehman.

Chairman Connally (D-Tex.) said he thought committee members would have "a lot of questions" to ask Lehman.

Fulton directed most of his barbs at UNRRA personnel.

"It's composed of impractical do-gooders and 'doodlers' who run around doing nothing," the Pennsylvania told a reporter. "The European peoples laugh at their futile efforts to provide relief."

"Right now, for instance," the biggest complaint among the UNRRA personnel is that they don't like their uniforms. That's a pretty good indication of the extent to which they are concerned with their jobs."

Fulton suggested that the "quickest and best solution" would be to have the army, under Gen. Dwight D. Eisenhower, take over UNRRA operations.

"It's a ridiculous and unthinkable," he asserted, "that General Eisenhower should have charge of the conquered governments without exercising similar control over relief and rehabilitation."

Fulton was a member of a joint congressional committee assigned to investigate the European theater of operations.

To Cut Price Of Gasoline and Oil

Washington, Sept. 12.—(P)—Consumers in the eastern seaboard area will begin paying less for gasoline and fuel oil Sept. 17.

The OPA today fixed this date for reductions at retail. Reductions at refinery and wholesale ceilings will be reduced 1.2 cents in the 17 eastern seaboard states and the District of Columbia with these exceptions: Florida east of the Appalachicola river, Georgia, most of West Virginia, western Pennsylvania and the Buffalo, N. Y., area, where the reduction will be six-tenths of a cent.

Retail ceilings for kerosene, prime white distillate, No. 1 fuel oil, No. 2 fuel oil and range oil will be lowered 1½ cents a gallon, with these exceptions: In metropolitan Boston and Rhode Island the reduction will be 1.4 cents; Florida east of the Appalachicola river, Georgia, most of West Virginia, western Pennsylvania and the Buffalo area, the reduction will be 1 cent.

SCHOOL TOT KILLED

Greensburg, Sept. 12.—(P)—Paul Edward Draskovich, 6, was killed yesterday when he stepped from a school bus and was struck by a passing car in front of his home on Greensburg R. D. 2.

Question of How Soon Meat Rationing Will End Presses

Washington, Sept. 12.—(P)—The question of how soon meat rationing will end moved nearer a showdown today.

As housewives began buying all varieties of cheese without stamps government food when he stepped from a school bus and was struck by a passing car in front of his home on Greensburg R. D. 2.

As housewives began buying all varieties of cheese without stamps government food when he stepped from a school bus and was struck by a passing car in front of his home on Greensburg R. D. 2.

Youngsville Community Fair Most Successful Ever Held

Youngsville, Sept. 11.—One of the best attended and successful Youngsville fairs was completed Saturday evening, Sept. 8th. The horse show was, as expected, the center of interest, on Friday and Saturday and was most interesting with many fine horses shown and with riders who showed great skill in their performance. Especially was this true of the closing stake events of the horse show.

Warren county Granges put on a fine exhibit with awards going to Diamond Grange, 1st; Warren Grange, 2nd, and Youngsville Grange, 3rd.

County Garden Clubs exhibited for the first time. Clarendon club was awarded 1st place with a large exhibit of flowers in vases. Youngsville Brokenstraw Valley Garden Club, which was awarded 2nd place, was a landscape scene, showing a garden with a lily pool, flowers in a yard arranged in pots, and a walk and grassy lawn at the front.

There were good exhibits of livestock, grains and vegetables, and flowers. Ray Bull, in charge of rabbits, reported one of the best rabbit exhibits ever shown at Youngsville Community Fair. Poultry also came in for compliments for their varieties. John Carr was in charge of this exhibit.

The concerts given by the Youngsville school band under the direction of Harvey Horn were much appreciated. Of course, everyone realizes that the lifting of the rationing of gasoline played a big part in the attendance of the 14th Annual Community Fair for Youngsville.

Already plans are beginning for the 15th Annual Community Fair, and it is to be hoped that many more, if not all, of Youngsville men and women now in U. S. service may be home and taking a part in community affairs by that time.

When Producer Cowan began work on the screen version of "Joe," he decided that here was an opportunity to weave in the romantic angle without making this theme too obvious.

He was, he said, proceeding on the theory that what's in a man's mind during an emotional experience is frequently more profound and dramatic and compelling than any story action. Here, is was decided, the love interest would be taken care of through the medium of symbols or by what Mr. Cowan calls the "intangibles."

In screening this picture, the producer made but two concessions to what might pass for realism in the minds of the audience. He did insert the scene in which a love-starved Brooklyn Yank encounters a voluptuous and willing Italian girl as she crashes into the interior of a shell-raked building. Also, he filmed a sequence which pictures the marriage of a Yank officer and an American army nurse—and their not-too-private honeymoon within the shelter of an immobile ambulance which stood nearby.

The rest of the story is carried out through suggestion. By this means Cowan brought to life the varied reactions of a war-weary and of men who deprived of the women upon whom they might expend their affection—men who sought by something pathetic little devices to stifle the gentle emotions which few if any of them could escape.

"Christmas in Connecticut" Held Over at Columbia Theatre Today and Thursday

Barbara Stanwyck, Dennis Morgan and Sydney Greenstreet head the cast of Warner Bros.' latest and delightfully different comedy-romance, "Christmas in Connecticut," which arrived Friday at the Columbia Theatre. Hailed as one of the most unique romantic triangles of the screen, the film tells the rollicking story of one hungry sailor's hilarious furlough weekend and of the beautiful girl he finds in his Christmas stocking.

With a supporting cast of old favorites, including S. Z. Sakall, Reginald Gardner, Frank Jenks, Joyce Compton and Robert Shayne, "Christmas in Connecticut" races along in merry style from start to finish, involving the leading characters in countless, gleeful adventures.

Directed by Peter Godfrey, the film was produced by William Jacobs. At the Columbia Theatre today and Thursday.

PLEASING GIFT

The Times-Mirror business office staff is very appreciative of a lovely gift of glads brought in by Sam Gerardi, one dark red specimen being particularly outstanding in the bouquet.

K. OF C. MEETING

The Knights of Columbus will hold their regular meeting tomorrow night promptly at eight o'clock in the club rooms. Lunch will be served following the meeting.

PASTORS RETURNED

It will interest their many Warren friends to learn that Methodist pastors returned to former charges at the Erie Conference sessions in Meadville include Rev. Ralph Richardson, to Conneautville, and Rev. Jesse J. Knapp, to Saegertown.

CRASHED TRAFFIC LIGHTS

Leonard Thompson, 307 Laurel street was summoned to police court last night at 8:10 when he crashed the traffic lights at Conewango and Pennsylvania avenues and also at Liberty street and Pennsylvania avenue. He was driving a Butterkrust Bread truck and went through both lights.

NURSES GRADUATED

Five Warren girls were included in the class of 65, largest ever graduated from Millard Fillmore Hospital School of Nursing in Buffalo, given diplomas on September 7. They were Wilma Endress, Elizabeth Edinger, Elizabeth Hotell, Louise Johnson and Marjorie Simones.

BOY BURGLARS

The Collins store at Gladerun, formerly the Smith store, has been entered several times lately and small articles taken. Last evening the proprietor caught several small boys making their exit from the store. They were rounded up and implicated other lods. The boys will have a confab with the police.

CONTINUES STUDIES

Mrs. Max English, wife of Ensign English, has returned to Louisville, Ky., after spending ten days with Mr. and Mrs. Max English, Kinzua. She will resume her studies at Nichols General Hospital in Louisville, where she is specializing in occupational therapy. Ensign English is now en route to some station in the South Pacific. Ensign and Mrs. English were married in Denver, Colo., on July 17.

ON FIVE-DAY WEEK

George W. Ervin, manager of the Erie, Pennsylvania field office of the Social Security Board, located in the G. Daniel Baldwin building, announced today that his office is now operating on a five-day week, Monday through Friday. Hours will be from 8:30 a. m. to 5:00 p. m. The new work week has been adopted by the Federal Security agency of which the Social Security Board is a part. This schedule is in line with the general policy of government departments and agencies to return to the normal number of working hours during a week which prevailed before the war. Return to the pre-war policy was requested by President Truman following the surrender of Japan. The field office will continue to provide its regular services to the public. Mr. Ervin stated that the office also claims for monthly retirement and survivors insurance benefits under the Social Security Act, issues social security account numbers and furnishes information to the public.

Personal Paragraphs

Mrs. W. W. Ion, of Fisher, Clarion county, spent Tuesday here as the guest of Mr. and Mrs. Charles Wetmore, Pennsylvania avenue, east.

Miss Ethel Hodges, nurse for the Warren County Tuberculosis Society, and Mrs. C. A. Satterlund, worker for the organization, are leaving today for Pittsburgh where they will attend a one-day conference.

Miss Alberta Hice, 520 Conewango avenue, is reported to be getting along very nicely after submitting to an appendectomy at the Warren General Hospital Saturday.

Donald Sheldon, aged 50, of Youngsville, was brought to Warren Hospital Tuesday by his brother, L. E. Sheldon, when it was feared he was suffering from sunstroke. He was admitted for further care and treatment.

Mrs. Carrie Sager, Dartmouth street, and her guest, Mrs. Alice Oatman, are spending a few days with relatives in Brookville.

Paper is a MUST in caring for the soldiers overseas. Have yours bundled and at the curb Sept. 19.

Poor Digestion? ☐ YES ☐ NO
Headachy? ☐ YES ☐ NO
Sour or Upset? ☐ YES ☐ NO
Tired-Listless? ☐ YES ☐ NO

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—after in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

Highway Dept. Engineer Is Speaker Before Lions Club

On Tuesday noon S. W. Jackson, district engineer for the Pennsylvania Department of Highways, was guest speaker at the Lions Club luncheon.

It was very interesting to learn that Mr. Jackson, who is now a resident of Franklin, was at one time a citizen of Warren. He entered the service of the highway department about 1905, which was shortly after the department was created by an act of the state legislature. At that time the district office of the highway department was located in the flat-iron building in Warren. While he lived in Warren, the speaker also sang in the choir of the Episcopal church. Later the highway districts were changed and Mr. Jackson was moved from Warren.

Since 1905 there have been many changes in road building, he pointed out. Up to 1911 the only roads built were those known as state aid roads. The state furnished part of the cost of building these roads and the townships paid the rest. In 1911 an act was passed by the legislature whereby the highway department took over the maintenance of 8,000 miles of roads. This amount has been added to each year until today the state maintains 41,522 miles of roads. Most people do not realize the magnitude or the importance of our Pennsylvania system of highways. It is the largest transportation system in the United States and one of the largest in the world. Our state highway system of roads is much larger than that of New York, Texas, Ohio, or West Virginia.

During the past several years, due to wartime conditions, the state has been able to do but very little new construction of roads. Most of the work done has been maintenance work such as resurfacing of roads, widening of roads, and surface treatment. We are located in Highway District No. 1, which consists of Erie, Venango, Crawford, Mercer, Lawrence, and Warren counties. Warren G. Lowe is superintendent in charge of construction and maintenance for Warren county. At the present time there are 518 miles of state maintained roads in this county. Of this amount 417 miles are improved roads and 101 are unimproved. The latter are smaller roads and the traffic over them would not justify expensive construction work. For the most part they are of the gravelled type.

Our highway department is maintained by the money which is received in the motor fund. At present the fund is very large. Most of this money is derived from license fees and state gasoline tax. From 1941 through 1943 a total of \$25,000,000 has been paid into the fund by motorists. About half of this amount or \$12,500,000 has gone to the Department of Highways during this same period. Some money is also received from the federal government for road building. Ordinarily from \$60,000 to \$85,000,000 is spent annually on our state highway system in Pennsylvania. At present a post war program calling for an expenditure of \$100,000,000 per year is being considered. Whether or not this program is carried out is dependent greatly upon employment conditions. If industry does not take up the workers released from war work, the state will use them in road work. If, however, industry does use these workers and business proves to be good probably the highway construction schedule will be held up somewhat in order to not take men away from industry.

At the present time there are many highway surveys being made. Among these are plans for improving such roads as Route 6 which goes through Warren. The purpose will be to straighten curves, rebuild certain sections of the road, and perhaps eliminate railroad crossings. Many factors will enter into this. Foremost among those mentioned was the question of whether or not the Kinzua dam will be built. Strange as it may seem, this will affect both the highways and railroads in this section. In this connection Mr. Jackson mentioned that highway surveys were at one time relatively simple and one man could survey one mile of road per day. At present and with modern developments it takes days and requires several men and quite an amount of equipment to survey a mile of new road.

In concluding the speaker read copies of some very interesting letters which had been received by various high-ranking officials of the state relative to certain projects for the repairing and relocating of roads. The letters were evidently from very eccentric people and proved most amusing.

Evidently most of the boys at

Tuesday's meeting were in good spirits, as several comments were heard about the volume of the group singing. Gus Borg and Bob Wilson staged a little contest to see who was the better song leader. The writer of this article does not wish to commit himself, so will only say that Gus Borg managed to survive (two didn't know how) after singing "On Wisconsin" as a solo number and perhaps should therefore be accorded top honors. Rev. Paul Ackert, of Valencia, M. E. Bucklin, of Tidoute, and A. Korr Vincent, of Tiffin, Ohio were out of town guests at the meeting.

Meeting At Court House This Evening

A large attendance of retailers, contractors and distributors of services is expected at the meeting in the large court room at the Court House this evening at 7:30 o'clock. L. Jerome Wolcott of Philadelphia, regional manager of the Committee for Economic Development, as already announced, will be speaker and will show a movie film, "The Last Three Feet".

The meeting is being sponsored by the Warren Chamber of Commerce for the Committee for Economic Development.

AT THE HOSPITAL

Visiting Hours:

**Awards Given
F/O Sheldon**

Mrs. Lester M. Sheldon has received from her husband, Flight Officer Sheldon, additional information concerning his recent decoration with the Distinguished Flying Cross and the Air Medal. Now stationed in Kunming, China, as an airline pilot, F/O Sheldon writes that the decorations were conferred by Brigadier General William H. Tunner, commanding general of the India-China Division of the Air Transport Command, for operational flight over the difficult and dangerous "Hump" and China routes where enemy attack was probable and expected. The Air Medal was given for 150 hours and the Distinguished Flying Cross for completion of 500 hours, the citations accompanying them reading, as follows: "Flying by night, as well as by day, at high altitude over impassable mountainous terrain, through treas characterized by extremely

treacherous weather conditions, necessitating long periods of operation on instruments . . . requiring courageous and superior performance of his duties to overcome, he accomplished his missions with distinction."

**GIVEN DISCHARGES

THE NATION'S LARGEST RETAILER OF POPULAR PRICED FURS

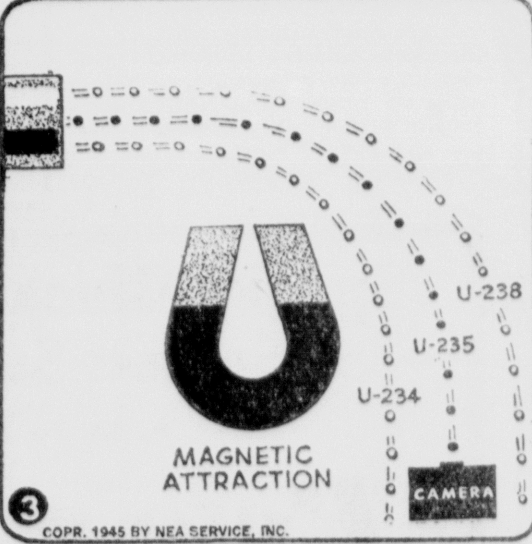

THE STORY OF THE ATOM

(1) The first artificially radioactive elements ever made were produced in Paris in 1934 by the daughter and son-in-law of Marie Curie, Irene Curie-Joliot and F. Joliot whose laboratory with its huge electrical equipment is shown above. To do this, they bombarded the elements boron, aluminum and magnesium with alpha particles, or the hearts of helium atoms. It is now known that radioactive forms of all the elements can be produced. Many of these already have become highly useful in medical and other forms of biological research. Radioactive sodium in table salt on a soda cracker, for example, can be followed in its course through the body, by the radiation it gives off.

(2) Neutrons, used in the atomic bomb, have proven to be some of the most useful of bullets to fire at atoms to blow them to bits. A stream of atomic bullets, fired from a cyclotron with a force of 40,000,000 electron volts, will cause a piece of steel in their path to vanish into vapor. The neutrons, made up of both positive and negative charges of electricity, goes straight to its mark because it is not pulled out of its course by any force in the outer shell of the atom. It was discovered by James Chadwick in England. The first neutrons obtained were knocked out of the atoms of beryllium, a close relative of aluminum, with alpha particles.

(3) With the discovery of the neutron, science had in its possession the first essential ingredient of the atomic bomb. The second essential ingredient, U-235, was discovered two years later by Arthur J. Dempster at the University of Chicago. It was found by Dempster's atomic microscope, or mass spectrograph. Uranium atoms were shot through an electric field, were deflected by the pull of a magnet and permitted to fall on a photographic plate. U-235 made a spot on the photograph. Ordinary uranium is a mixture of U-234, U-235, and U-238. The process of separating U-235 was like pulling iron buck shot of one size out of the air with a magnet when iron shot of different size was fired from a

gun. The iron shot would be attracted by the magnet; but each would be deflected according to its weight. Thus the U-235 would describe one curve, the U-234 and U-238 different curves.

(4) At the time of Dempster's discovery, Adolf Hitler was rallying the German people to world conquest. Not far from the resounding footsteps of the goose-stepping Nazis in Berlin before their Fuehrer, a group of scientists was quietly at work. They had put together the two ingredients of the atomic bomb—U-235 and neutrons—which might have brought victory to the Reich if events had gone differently.

tomorrow Scientists make headway

OUR WAR DEBT

If all the words that have been written about our obligations to the returning servicemen were laid end to end, the resulting text would be very monotonous, indeed.

Yet, in view of recent experiences, and in view of the imminent return of millions more of our war veterans to civilian life, it seems necessary to go over the subject again.

It would be absurd to think that the average person does not realize his obligation to the men who braved death, and in too many cases met death, that we at home might go on enjoying freedom from the horrors of bombs and shells and the terrors of an invasion and war on our own soil. We and our neighbors do feel indebted toward these men. But in every-day practice that feeling seems to be repressed, and we have this picture:

The fighter turns in his gun, puts on civvies, and tries to find a job and a home for his family. Time after time he's told by indifferent landlords that if he has children he's out of luck. If he finds a place, the rent is too high for his uninfated pocketbook. In many cases he finds his old job filled and he's shunted into an insignificant spot which barely complies with the draft law's requirements.

If he wants to build or buy a house, he finds himself snarled in the red tape of the G. I. loan mess. If he's lucky enough to get a business loan, he's immediately prey for all kinds of sharpshooters.

Is this the reception we planned for our sons and husbands and brothers? Can we blame these men if, after repeated instances of such mistreatment, they become bitter and wonder if all those things they were told—about fighting for a better world—were not just a lot of malarky?

There is, of course, an obligation on the part of the veteran.

The young fellow who left a job as a junior clerk to enlist in the Air Force, became a bomber pilot, commissioned as major with the corresponding high pay, cannot expect to step into such a high-salaried job as soon as he steps out of uniform. Nor can he expect that everyone he meets will know how many times he's been decorated and treat him with added deference. He must learn to slow down the tempo of his living, and go along the restrictions that have been necessary in wartime and which will continue, in many instances, for many postwar months.

The majority of fighters are so relieved to be through with killing that they are glad to live quietly and ask no favors, but there are a few who must learn. Just as some of us on the home front must learn that our debt to these men is not just a popular saying, but must be put into daily practice.

Only a handful of Pennsylvania's communities have as much as one acre of parks for every 100 of its townspeople, the Department of Internal Affairs declares. More than 300 communities do "not own a single park area," John W. Stoker, chief of the department's landscape division, wrote in the department's monthly bulletin. The one-acre-per-100-population ratio "is generally accepted among park, recreation and city planning authorities" as a minimum, Stoker said.

The boys who went to war gave their country first consideration. Their return calls for the same from their country.

With meats due to come off of rationing and a surplus the barnyard delicacy reported, we'll be glad to have a couple of old friends get together again—ham and eggs!

Towels are coming back on the market. Good news for the hotels and the Pullman washrooms.

Doubtless the youngsters returning to school were disappointed to find that studies weren't rationed.

When wartime is done away with we're going to miss that early morning chirp of the birds. Or are we?

Lot of folks were wondering what we would use for headlines after the war. Well!

T-H-O-U-G-H-T-S

And the Lord God said, It is not good that man should be alone; I will make him help meet for him.—Genesis 2:18.

An undutiful daughter will prove an unmanageable wife.—Benjamin Franklin

MacArthur Answers Critics At Most Opportune Moment

By DEWITT MACKENZIE
Foreign Affairs Analyst
General MacArthur has picked an opportune moment to crack down on Japan, since either by coincidence or by design his new edicts provide an answer to dissatisfaction exhibited in Australia (and to some extent in America) over what critics have described as the "kid glove" policy for Nippon. Apparently, the supreme commander has given Jap militarism an answer, too, judging from the fact that Arch Militarist General Tojo has shot himself. As premier, Tojo launched the attack on Pearl Harbor.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1925
The Chamber of Commerce has officially opened the Campaign of Education and Expansion by announcing that they would offer a trophy for the best essay on the subject.

C. H. Williams has arrived here from the State Highway Patrol training barracks at Hershey, Pa., and will aid Corp. James Springer in that department.

Ben Taylor, Webb Sechrist, J. C. Holderness, and Henry Walker, registered A.A.A. officials, will handle the opening football game here between Warren and Youngsville.

Mrs. Helen B. Paulsen, known as the "Mother Goose Lady," will speak in Warren under the auspices of the Community Service Department of the Woman's Club.

In 1935
It was announced this morning by the local Scout office that there are now 600 registered Scouts in the county, an increase of 65 in the past year and 187 since 1933.

Monty McClure advanced into the semi-finals of the Warren county Tennis Club's consolation tournament by defeating Israel Schoulman, 12-10 and 6-0.

A new traffic light, approved some time ago by the borough council, has been installed at the intersection of Liberty street and Pennsylvania avenue.

Max C. Chapman announced a grand opening to be held at the new Chapman Esso Station at the corner of Pennsylvania avenue and Schantz street.

Re-Birth of a Nation

Whaddya know?...Have a Coke

...passing the time o' day at the corner

The crossroads with its store, filling station and familiar red cooler is one of America's meeting places. There folks meet up with friends and the happy refreshment of ice-cold Coca-Cola. Have a Coke says a neighbor, and they settle down to a friendly chin-fest about "what's doin'".

using their privileges to spread propaganda at home and abroad. An excellent example of their sly type of skulduggery is seen in an article in the Nippon Times. The paper had the unmitigated gall to compliment the forces of occupation with the statement that there had been amazingly few cases of rape by American troops in Japan, adding that this was an improvement over former American records.

We may, I think, take both these moves by MacArthur as indicating that things are going well with the occupation. They bespeak assurance on his part.

District Elks Hold Meeting At Kane Lodge

Ridgway Record: With several state officials in attendance, the Elks North District Association held a quarterly meeting in Kane Sunday at the Elks Home in that place. Members from nine of the ten lodges were present, including delegations from Ridgway, St. Marys and Johnsonburg.

At a business meeting presided over by John Handel, president, from Punxsutawney, matters of importance were transacted and various reports submitted. Brief talks were made by Harry Robinson, of Wilkesburg, Past President of the State Association; Len Donaldson, of Etna, state vice president;

The Curious Clue
BY RUFUS HEED
AP Newsfeatures

Chapter 6
AFTER the General had finished his Miami call, he and Seth went into Luke Hale's office. Wallis Warner and Suzy were there, sitting off in a corner, not talking. Luke Hale left his desk and walked across the room toward Seth.

"I understand you have had valuable papers stolen so that this crime involves theft as well as murder."

Seth nodded.

"I have telephoned our police department. He'll be right over."

"Vienvenido Cobo is the Department. The General volunteered, dryly. "He has two assistants—Jesus Esquineldo, captain of the day police, who's the Chief's better half, and Faustos Gomez, the night man—that's headquarters' lineup."

"Who's your coroner?" Seth asked.

"We don't have a coroner. Usually no one ever dies in Key West from anything but old age, but of course," Hale added quickly, "a coroner will be appointed. The County Attorney does that."

"I think we better get Delgado and Potter in here before the Chief comes," the General said abruptly. "Everyone connected in any way with Dolores must be here to tell what he or she knows about what happened tonight. By the way, where's that doctor?"

"Right here, General," Dr. Blair called out from the doorway. "I thought the medical examiner might have arrived."

"That's Waldo. No, he won't be in town until tomorrow night. He's off on a fishing trip." Again it was the General who explained. "So you might give your report to the police, if you don't mind. Doctor, we're rather informal down here. I suppose you can tell us the time of death?"

"Yes, sir. I can. The girl was killed an hour ago. The body is still warm." Seth looked at his watch. It was just eleven o'clock. "My wife asked me the time as the bridal party left the run-

way. That was 9:42. I think she was strangled a few minutes before ten o'clock... but ten will be accurate enough for official purposes."

THE door of the office opened, and three men came in. Ramon Delgado and two men Luke Hale immediately introduced as Chief of Police Bienvenido Cobo and Jesus Esquineldo.

Luke Hale handed a paper to Cobo.

"Here, Chief, are a few facts about the murder which I've written down for you—to save you time." The manager waved his hand toward the people in the office. "These people were with Dolores at different times this evening. You'll probably want to interview them."

"Muchas gracias." The little man answered solemnly.

"Ya caigo! Now I ask questions."

COBO walked over and planted himself in front of the General.

"Where were you at 15 minutes to ten, and at ten o'clock this evening?" he demanded.

"I was at the bar, talking to the bartender. Easy to verify."

"And you, Mrs. Warner?"

"Walking on the beach, alone."

"Anyone see you?"

"Not that I know of."

"Now you, Mr. Peabody?"

"Walking up and down the lobby of the hotel."

"Anyone see you?"

"No. Not until ten o'clock, when I met Miss Van Tyne."

Potter had come into the office just as Cobo started his questioning. He turned to him now. "You were walking at ten o'clock, too?"

There was a thin edge of annoyance in the Chief's voice.

Potter grinned. "Yes. How did you know? Peabody can vouch for that. He saw me." Seth stared at him a moment. He did not know Potter had seen him, but that was after, not before ten.

"Walk, walk, walk. Everybody walk. You walk too, Ramon?"

House-of-the-Month Is Being Displayed at Warren National

To satisfy the increased demand for one story dwellings, this current House-of-the-Month was designed along modern architectural lines to provide the maximum of comfort and convenience. For those who consider a flat roof too severe, a hip roof is suggested since such an alternate necessitates no other change in the basic plans.

The Ulster is in the shape of an inverted "U" with the living and dining area in the rear, the sleeping quarters in the right wing, the garage, utility room and kitchen in the left wing, while the open space forms a delightful paved patio in the front.

The main entry is into the living room. Cases and a plywood partition that shield the dining space from the front door form a semi-foyer equipped with closet large enough for guests' clothing, card tables, etc. Two completely glazed walls are formed by the windows of full depth horizontal sliding type, though a more conventional type may be substituted if desired. Both bedrooms have cross ven-

tilation with the master bedroom containing a large closet and a standard size closet. The other room features corner windows, a regulation closet and ample wall space. The bathroom, with its linen closet just outside the door, is especially well placed so as to be easily accessible from all parts of the house.

In harmony with the shape of the house, the kitchen is also designed on the "U" plan which is by far the most practical type of layout. Three windows above the working area permit an excellent view of the rear garden. The adjoining utility room, with sliding door between, houses the laundry and heating equipment.

For those who desire a basement, the utility room may be changed to a service entry having an appropriate stairway in this space. Working drawings show this alternate arrangement.

The garage is of ample size to permit a work bench with cases above and also two 2'x4' cabinets for storage of tools, garden equipment, etc. The left door at the rear of the garage may be used as a service entrance through the utility room while the one at the right rear allows covered entry to the main part of the house.

As is the case with all Houses-of-the-Month, the Ulster has been designed to conform with the standards and construction requirements of the FHA and with electrical layout checked and approved by the National Adequate Wiring Bureau.

Colored sketches, posters, 1/4" scale blueprints and specifications as well as similar material for many former Houses-of-the-Month are now on display in the lobby of the Warren National Bank.

LANDER

Lander, Sept. 9—Weekend guests of Mr. and Mrs. Joseph Swanson were Mrs. Harriette Gardner and daughter Ceora, Mrs. Mabel Wonders and Mr. Ridgway. Other Sunday guests were Miss Phyllis Gardner of Warren, Mr. and Mrs. Stanley Fosburg of Jamestown and John Fosburg of Frewsburg. Labor Day guests were Mr. and Mrs. Oliver Swanson and Mrs. Amanda Swanson of Jamestown.

Mr. and Mrs. Harry Ludwick accompanied by Mrs. Walter Thompson and Miss Audrey Wall of Russell went to Leetsdale Wednesday to bring Linda Thompson, who was in a hospital there, home.

Misses Rose, Mary and Caroline Wilcox, Edward and Weston Wilcox visited relatives at Marienville Sunday. Mrs. Evelyn Wilcox and granddaughter Delores returned home after a week's visit there.

Sunday guests of Mr. and Mrs. Lyle Porter were Mr. and Mrs. Clifford Scranston of Starbuck; Mrs. Baugher and son Merle of Oil City.

Miss Evelyn Porter attended the wedding reception of Miss Agnes Moore and Rodger McFarlane at the Wheeler Hill church, near Fentonville Thursday.

Mr. Myles Porter and children attended the Home Coming at Scandia, Labor Day.

Sunday guests of Mr. and Mrs. J. A. Cowles were Corp. and Mrs. J. Clair Cowles and daughter of Bangor, Me., and Mr. and Mrs. Lloyd Cowles and family of Jamestown.

Miss Rose Mary Wilcox has returned to Jamestown where she is a teacher.

Miss Pauline Rowland and Evan Wilcox attended an executive meeting of the Senior Extension at the home of Helen Peterson, Lottsville, Wednesday evening.

Mr. and Mrs. Lavern Gebhart and family called on Mr. and Mrs. Lyle Porter Monday evening.

Miss Rachel Hitchcock is attending Jamestown Business College.

Miss Evelyn Porter visited Mr. and Mrs. Everett Webster at Mud-run Sunday.

Ed Sweet of Warren visited Mr. and Mrs. Myles Porter Thursday evening.

Mrs. Jean Beck is visiting her parents, Mr. and Mrs. Fred Ludwick.

Mr. and Mrs. Fred Ludwick attended the 30th wedding anniversary of Dr. and Mrs. Ralph Knapp at Youngsville Friday evening.

Mr. and Mrs. Lewis VanOrd and sons Lewis and Stewart and Norman VanOrd were in Erie Sunday where Mr. and Mrs. VanOrd visited Howard VanOrd at the Zem Zem hospital.

Misses Irene, Marlan, Kay Shepard visited the families of Lewis and Bert VanOrd last week.

The "500" club gathered at the home of Mr. and Mrs. Ernest Stanton Thursday evening to celebrate their silver wedding anniversary which was Sept. 4. The evening was spent in playing "500" with prizes awarded to Cecil Cowles and Ernest Stanton for high, Lucy Lindell and Paul Rowland for consolation. Mary Stufflebeam receiving the traveling prize. Lunch was served and the club presented Mr. and Mrs. Stanton a gift. The guests departed at a late hour wishing them many more anniversaries.

"Hanging out the laundry" in war combat parlance means to drop parachute troopers.

ANOTHER "IDEA HOUSE" FOR HOME BUILDERS

BUILDING A HOME . . . watching it progress from blueprint to the final coat of paint . . . is a happy experience you will always remember. You will want to be sure your new home includes every modern construction feature . . . and the answer is advance planning. Take advantage of our House-of-the-Month Club. It offers ideas by America's leading small house architects . . . without cost.

Don't overlook including in your plans a program of regular saving to accumulate a substantial down-payment. Ask us how the balance may be financed by a plan as modern as your home itself. We'll be glad to quote the monthly payment on the amount you expect will require financing.

COMPLETE FLOOR PLANS and a large poster of "THE ULSTER" are now on display in our lobby. A scale model will be added within a few days.

WE INVITE YOU to make full use of this exhibit and if you would like a color sketch with floor plans of each House-of-the-Month as announced, just use the convenient coupon.

Special Memorial Display At the Warren Public Library

Books honoring the memory of Mrs. Hilda Wood Jacobs are in the special memorial display at the public library this week. Additional titles presented in memory of Mrs. Jacobs are also on order at the present time.

Titles in the display are The Biography of a Cathedral by Robert Anderson; Soul of Amber, the Background of Electrical Science by Alfred Still; The Maintenance of Shade and Ornamental Trees by P. P. Pirone; Pastel Painting by Gladys Rockmore Davis; All Our Lives, a biography of Alice Duer Miller by Henry Wise Miller; Shakespeare and the Popular Dramatic Tradition by S. L. Bethell; and The Romance of Archaeology by Magoffin and Davis.

Also on display at the public library this week is a group of memorial books recently presented to honor Dr. M. V. Ball. They are Joseph Lister, Father of Modern Surgery by Rhoda Truax; The Best Is Yet by Morris L. Ernst; Growth of American Thought by Merle Curti; Human Nature, the Marxian by Vernon Venable; Mind, Medicine and Man by Gregory Zilboorg; Doctors at War by Morris

Fishbein; Public Medical Care, by Frantz Goldman; Man the Measure by Erick Kahler; the Home Book of Quotations edited by Burton Stevenson; and the Modern Home Medical Adviser by Morris Fishbein.

Additional titles are also on order to be placed in the library in Dr. Ball's honor. The books at present on display will be released for circulation on Saturday, September 16th.

What Endocrine can do to bless you with a younger looking face

Think of the added beauty a more youthful face and throat can give! Then harken to this: Scientific research has proved that ENDOCRINE can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that ENDOCRINE actually helps to improve the skin itself, not just its transient, superficial "look." This is because ENDOCRINE, alone, possesses ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own natural skin-vitalizing substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.

Endocrine ... in successful use since 1937

County Girl Scout Council Greets New Staff Member

The Warren County Girl Scout Council greeted a new staff member, Miss Mary Alice Clark, of Wichita, Kansas, at the first meeting of the fall season on Tuesday afternoon. Miss Clark, who took up her duties on Monday, September 10, is well known to many Warren county Girl Scouts by reason of membership in the staff of Camp Birdsall Edey for the past three seasons.

P. T. A. News

STARBRICK UNIT BEGINS NEW SEASON

The following officers were in charge of the first fall meeting of the Starbrick PTA: Albert Toner, president; Ralph Olson, vice president; Esther Olson, secretary; and Ruth Morris, treasurer. The session opened with singing of "Long, Long Ago," after which Pearl Hucklebone led the group in repeating the Lord's Prayer. Announcement was then made of appointment of the following committee chairmen for the new year: Finance, Barbara Olson; publicity, Betty Sigworth; music, Louise Franklin; program, Bessie Hucklebone; membership, Ethel Hucklebone; hospitality, Mabel Keller; Clare Tres Major play tickets, Arlene Johnson.

During the meeting the Boy Scout charter was renewed for another year and a half, with Don Lauffer, neighborhood commissioner, charging the new following committee with its duties: Earl Walker, chairman; Harry Hubbard Glenn Fitzgerald, Pearl Hucklebone. Edwin Morris is the Scoutmaster and Harry Black is assistant. The meeting was closed with all singing "Faith of Our Fathers".

The Scouts then held a court of honor and the following were given advancements: Senior Patrol Leader Willis Fitzgerald, merit badges for swimming and forestry; Patrol Leader Richard Hucklebone, advanced to first-class Scout and given merit badges for safety, public health, first aid, cooking and athletics; Otto Sidon, Jr., advanced to first class Scout and given badges for cooking, handicraft, safety, public health and athletics; Jack Armstrong, advanced to second class Scout and given a merit badge on safety; Ronald McCain and James Sigworth, advanced to second class rating.

Concluding, refreshments were served by Helen Newark, Bessie Hucklebone and Ethel Hucklebone.

Dobsons Observe Golden Wedding At Sugar Grove

Sugar Grove, Sept. 12.—Mr. and Mrs. A. G. Dobson were at home to friends Sunday afternoon and evening in celebration of their 50th wedding anniversary. More than 50 friends called at their farm home near here during the day.

The home was decorated with the many lovely bouquets of flowers sent them by friends, among which was a basket of flowers from the Presbyterian church, of which both Mr. and Mrs. Dobson are members. Mrs. Ellsworth Dobson and Mrs. Harold Dobson, daughters-in-law of the couple, seated the callers at a table centered with the large cake decorated in gold and white. They were assisted by the two granddaughters, Florence and Margaret Dobson, and Ann Younie. The couple received nice gifts, including cards and money.

Mr. and Mrs. Dobson were married September 18, 1895, in Burdett township, Winnebago county, Ill., and resided in Roscoe and Rockford, Ill., until 1921, when they came to Sugar Grove. They have four sons, Ernest, who resides in Beloit, Wis.; Harold and Ellsworth, in Sugar Grove. They also have nine grandchildren.

Today, Mr. and Mrs. Dobson are leaving to visit their sons in Roscoe and Beloit, where a celebration is being planned for the 18th and at which the couple will be attendants of the bride and groom of fifty years ago are expected to be present.

Mrs. Dobson is 72 years of age and Mr. Dobson is 80 years old. Both of them are in fine health and help operate the large dairy farm with their son, Harold, and wife, doing more work than many younger persons.

Warren Soldier Is Wed to Ex-Brooklyn Girl In No. Africa

S/Sgt. Joseph A. Scallie, Jr., of this city, son of Mr. and Mrs. Joseph A. Scallie, 413 Taft place, was married to Miss Amy Conticello, formerly Brooklyn girl and daughter of Mr. and Mrs. Albert Conticello, also formerly of Brooklyn, on September 11, 1943. The following account of the wedding will interest the many friends of the family.

The ceremony took place at the famous Pro-Cathedral of Tunis, Tunisia (North Africa) where more than 1000 people joined together in one of the greatest military weddings overseas. There was a Military Police Guard of Honor of 24 MPs (12 from two MP companies). The Honor Guard was at "Present Arms" when the bride and groom and six best men and maid of honor passed through. Captain Jacob V. Fried, Personnel Service Officer of the 126th AAF Base Unit, was best man and Miss Mary Elise Morand of the American Red Cross station in Tunis, was maid of honor. A dinner reception was held at the "Dar-Naouar", Sidi-Bou-Said, Tunisia, and a grand reception and dance held at the Hotel de France. The couple spent their ten day honeymoon at a summer resort in Hammamet, Tunisia.

Staff Sergeant Scallie enlisted in the army with the Pennsylvania National Guard, 112th Infantry, on 14 February, 1941. He was stationed at Indiantown Gap for one year and departed overseas on 8 February 1943. He has been overseas 31 months.

Mr. and Mrs. Albert Conticello have one son, Leo and their daughter, Anny. They are all from Brooklyn, New York and have been living in Tunis the past 14 years. They expect soon to return to Brooklyn and S/Sgt. Scallie and his wife also expect to return to the states in the near future.

Martha Maitland Bride On Tuesday

Martha L. Maitland, daughter of Mrs. Marie Maitland, became the bride of Paul E. Jackson, son of the late Mr. and Mrs. Melvin Jackson, at eleven o'clock Tuesday morning, September 11, at the Maitland residence, 114 Coneywango avenue.

Chaplain James A. Davidson, assisted by Rev. Milton G. Perry, performed the ceremony in the presence of the immediate families.

After a wedding breakfast at the Pittsfield Inn, the couple are motoring to Seattle, Wash., and after October 1, will be at home at 2728 Harvard avenue, N. E., Seattle, 2, Wash.

Mrs. Jackson has been a teacher at the Johnson school for a number of years and Mr. Jackson, formerly of Warren, has just been honorably discharged from service in the United States Army.

Recreation Unit Very Appreciative Of Council Help

At its first fall meeting on Tuesday, the Community PTA Council voted to continue its sponsorship of the community recreation parties at Beaty school for young people of the community, requesting that the Committee on Community Recreation continue to be responsible for heading up the party plans.

In this connection, the committee on Commonwealth Recreation has asked the Times-Mirror to publicly express its appreciation to the PTA Council for its fine cooperation in this project.

The Committee announced today that its sub-committee for this month's party is headed by Duane Wilder and Teresa Fino. Different co-chairmen will have charge of each month's parties, Charles Cochrane and Georgia Spinney, having been appointed by the committee to head the October recreation night events.

The young people are enthusiastic about their plans for the Hill-Billy party which they are planning for Saturday, the 22nd of September. Betty Lou Hook is lining up the young artists in town to contribute their talent for the decorating. Betty Bimber is working on a special new square dance feature which will be used at the next party.

There was a good turnout for floor show auditions Monday night and the tryouts will be completed on Saturday morning at ten o'clock in the Beaty school auditorium. The young people report that Jean Foster, talented young professional orchestra vocalist, who was so enthusiastically received at one of the community parties this summer, is assisting with the next floor show. Her sister, Betty Seymour, is also helping, with a Hill-Billy act, which promises to make a hit.

It is important that there should be a large number of volunteers helping at the next party. The game rooms will be opened up for the 22nd and also a special room for square dancing, in addition to dancing in the gymnasium, with a floor show at ten o'clock. Young people wishing to help are asked to get in touch with one of the co-chairmen, Duane Wilder or Teresa Fino, or other committee heads, who will be announced tomorrow.

Many Activities At Community PTA Council Meeting

Much business of importance was transacted at the first fall meeting of the Community PTA Council, held Tuesday afternoon at the YWCA activities building.

The group voted to sponsor two Clare Tree Major plays in the coming season, "The Little Princess" on October 22 and "Aladdin and His Lamp" on February 4. It was stated that children participating in the Clare Tree Major contest must have their entries in the hands of the chairman, Mrs. Albert Ristau, no later than October 11. It was stated the price of season tickets will remain the same as last year and that distribution of tickets to school buildings will be carried out under the same plan. There will be both matinee and evening performances, all at the high school.

The president, Mrs. Walter Mather, announced appointment of Mrs. William Rohrer as PTA Magazine chairman; Mrs. Ristau, as play chairman, and Mrs. F. H. Hetrick to head the publicity committee. She also made announcement of the all-day conference of the Northwestern Pennsylvania District to be held here during October and named as general committee Mrs. Rohrer, Mrs. Francis Kotmar, Mrs. T. R. Sponsler.

The Council will contribute two books to the Mothers' Shelf at the public library, with Mrs. William Wright and Mrs. Hetrick named to select the volumes.

The unit voted to continue its sponsorship of the community recreation parties for young people at Beaty school and welcomed expressions of appreciation from the following young people: Duane Wilder, Teresa and Gujo Fino, Georgia Spinney, Rita Scrivano and JoAnn Phillips. A letter from Charles Cochrane expressed his gratitude for the Council's help in these activities.

Lacy school unit was hostess for the social hour and refreshments which followed the following serving as a committee: Mrs. Orta Buchanan, Mrs. Ray Gafner and Mrs. Newton O'Dell.

East street's group will be hostesses for the next meeting on December 11.

Regional Session

Principal item to come before the Thursday luncheon-meeting of Zonta Club, to be held at the YWCA activities building, will be completion of plans for the fall conference of Region A, District 3, to be held here on Saturday, October 6. The schedule will include registration from 9 to 10 a. m., business sessions from 10 a. m. to noon and from 2 to 5 p. m., luncheon at 12:30 p. m. and banquet at 6:30 p. m. All reservations must be made no later than Saturday, September 22. Marjorie Dougherty, general chairman for the conference arrangements, is being assisted by Dorothy Newell, Lillian Offerle, Beulah Nichols, Pearl Bradley and Bertha Christensen as co-chairmen, with these committees handling other details.

Conference headquarters, Mary Church; registration, Mary Topper, Ann Donahue, Ethel Hodges, Connie Frederickson, Marian Robertson; finance, Rocena Stone, Wilda Peel, Nancy Van Tassel; credentials, Irma Eba; reservations, Mary Corah, Isabelle Beck, Erma Connelly, Agnes McLaughlin, Alice Wilson; luncheon and banquet, Althea Correll, Elvelda Fagley, Dorothy Spirdon; publicity, Mary Topper; program, including speakers, music, etc., Grace Aberg, Ann McGhee, Alice Mead, Marguerite Painter, Frances Schimelfeng, decorations, Elvelda Fagley, Lillian Offerle, Jessie Sanden, Claire Elliott, Mame Wendelboe, Lucille McLaughlin; hostess, Dr. Elizabeth Beaty, Pearl Bradley, with all other members of the club; correspondence, Alice Davis. Ann McGary heads the local club as it prepares to entertain other units of the section and has as her slate these officers and directors: Vice president, Dorothy Newell; secretary, Irma Eba; treasurer, Martha Topper; directors, Lillian Offerle, Beulah Nichols, Pearl Bradley, Bertha Christensen.

Prisoner Bearing Up Well After Her Collapse Tuesday

(From Page One)

One of the most sensational scenes ever enacted in the staid old Warren county court house thrilled those in attendance at the murder trial of Mrs. Adaline McKinney yesterday afternoon. The young woman, who was testifying in her own behalf, which overcame with emotion and nervous strain, she collapsed and half supported by court attendants slid to the floor. Screaming, "I can't do it, I can't do it," she suffered a severe nervous convulsion and was carried to the Judge's Chamber. Women in the crowd wept with her and a great wave of sympathy for the girl widow swept the court room.

Judge Wade declared a recess and a physician was hastily brought to the court house by Sheriff L. E. Linder. A cot in one of the rooms on the floor at the rear of the court room was pressed into service. A sedative was administered and after about half an hour the physicians in attendance recommended to the Court that if the court room were cleared Mrs. McKinney might be able to continue her story.

A Court order was made to the effect that the court room be cleared and the crowd of over 400 was turned out. Mrs. McKinney was then again placed on the stand. Attorney William I. Glassman reassured the young woman and she continued her testimony until her direct examination was concluded about 4 p. m. and court was recessed until this morning.

The break came when Mrs. McKinney was relating how during the month of February Priscilla Dove came to her home and when McKinney came from work he picked up a shoe and struck his wife.

Upon resuming the stand Mr. Glassman led her skillfully until she regained a measure of composure. Then she related a number of incidents of her married life which culminated in the fatal shooting on July 16th.

"One evening he (Wendell McKinney) came home and I did not have supper quite ready. He grew angry and tried to choke me and I ran out in the yard. He would not let me in. Finally I said 'what will the neighbors say?' He then let me in and he grabbed me and threw me into a chair. At the supper table he threw a glass of milk at me."

"On another occasion he tried to hold my head in the toilet bowl and drown me."

"He tried to get me to go out with other fellows and he asked me to go out with a fellow. Fellows called me up at all hours and drove their cars past our house. Wendell told Priscilla to tell a fellow I wanted to go out with him but I told him I was true to him and would not do it. He said he wanted Priscilla to think I was an awful wife."

"Once I went down to talk to Priscilla's mother and when I told my husband about it he wouldn't let me sleep in the bed. I lay on the davenport so tense I didn't dare move. He said that when I got to sleep he would use the gun on me so I wouldn't know it. I slept on the davenport for six nights."

"Wendell wanted me to go so he could get the house and the children. I told him that no one could have my house or come in and take my children. He would get mad if I went to a show but he would stay out late and come in at 4 or 5 o'clock and once it was 6:30."

"I couldn't go without my children and I loved my husband in spite of it all."

"On Sunday, July 15, I came home from the show and he was talking on the telephone. I said, 'Who is it?' I took the phone from his ear and heard Priscilla and I told her to go to her own business. Then he choked me and covered my mouth and nose with his hand so I could not scream. In bed he had the gun under his pillow and he tried to choke me, but I got his hands away. We quarreled until 3 o'clock in the morning."

"Sunday evening when Wendell came home I went out for a walk. I have often taken long walks evenings. I saw a car driving by and it looked like a car that had often driven past our house. I stopped it and asked the driver 'are you Harold Albright?' He said 'yes'. Then I said 'I want to talk to you. Are you the man who has been driving past our house?' He said 'yes'. I asked him if he was the man who had been calling me up at all hours and he said, 'No'."

"Two girls were coming along and I stepped into his car and he drove around for a time and I told him about Wendell. I wanted to tell somebody."

"Monday morning I got up and prepared his breakfast and packed his lunch but he did not talk to me. When he came home that evening about 5 o'clock he said 'I want you to get out of here before next week'. Then he went up to take a bath. I went up and said 'Wendell, why can't we forget it all and start over again?' He didn't answer me. Then I said, 'My jaw is sore where you hit me'."

HOME WITH BRIDE
Pfc. Herman Hollowell, who was united in marriage with Lillie Mae Warr in South Carolina on September 1, brought his bride home for a five-day turlough with his mother, Mrs. M. Hollowell. He will return to camp on September 14.

DEFOREST CLASS
Miss Catherine Henderson will entertain members of the Gerda DeForest Class of First Presbyterian church at her home, 604 Water street, at eight o'clock Thursday evening.

SUNSHINE CLUB CHANGES MEETING
Lander Sunshine Club members will meet with Mrs. Dorothy Firth on September 21. Instead of this Friday, the change having been made because of the Sugar Grove fair.

rear of the court room was pressed into service. A sedative was administered and after about half an hour the physicians in attendance recommended to the Court that if the court room were cleared Mrs. McKinney might be able to continue her story.

A Court order was made to the effect that the court room be cleared and the crowd of over 400 was turned out. Mrs. McKinney was then again placed on the stand.

Attorney William I. Glassman reassured the young woman and she continued her testimony until her direct examination was concluded about 4 p. m. and court was recessed until this morning.

The break came when Mrs. McKinney was relating how during the month of February Priscilla Dove came to her home and when McKinney came from work he picked up a shoe and struck his wife.

Upon resuming the stand Mr. Glassman led her skillfully until she regained a measure of composure. Then she related a number of incidents of her married life which culminated in the fatal shooting on July 16th.

"One evening he (Wendell McKinney) came home and I did not have supper quite ready. He grew angry and tried to choke me and I ran out in the yard. He would not let me in. Finally I said 'what will the neighbors say?' He then let me in and he grabbed me and threw me into a chair. At the supper table he threw a glass of milk at me."

"On another occasion he tried to hold my head in the toilet bowl and drown me."

"He tried to get me to go out with other fellows and he asked me to go out with a fellow. Fellows called me up at all hours and drove their cars past our house. Wendell told Priscilla to tell a fellow I wanted to go out with him but I told him I was true to him and would not do it. He said he wanted Priscilla to think I was an awful wife."

"Once I went down to talk to Priscilla's mother and when I told my husband about it he wouldn't let me sleep in the bed. I lay on the davenport so tense I didn't dare move. He said that when I got to sleep he would use the gun on me so I wouldn't know it. I slept on the davenport for six nights."

"Wendell wanted me to go so he could get the house and the children. I told him that no one could have my house or come in and take my children. He would get mad if I went to a show but he would stay out late and come in at 4 or 5 o'clock and once it was 6:30."

"I couldn't go without my children and I loved my husband in spite of it all."

"On Sunday, July 15, I came home from the show and he was talking on the telephone. I said, 'Who is it?' I took the phone from his ear and heard Priscilla and I told her to go to her own business. Then he choked me and covered my mouth and nose with his hand so I could not scream. In bed he had the gun under his pillow and he tried to choke me, but I got his hands away. We quarreled until 3 o'clock in the morning."

"Sunday evening when Wendell came home I went out for a walk. I have often taken long walks evenings. I saw a car driving by and it looked like a car that had often driven past our house. I stopped it and asked the driver 'are you Harold Albright?' He said 'yes'. Then I said 'I want to talk to you. Are you the man who has been driving past our house?' He said 'yes'. I asked him if he was the man who had been calling me up at all hours and he said, 'No'."

"Two girls were coming along and I stepped into his car and he drove around for a time and I told him about Wendell. I wanted to tell somebody."

"Monday morning I got up and prepared his breakfast and packed his lunch but he did not talk to me. When he came home that evening about 5 o'clock he said 'I want you to get out of here before next week'. Then he went up to take a bath. I went up and said 'Wendell, why can't we forget it all and start over again?' He didn't answer me. Then I said, 'My jaw is sore where you hit me'."

HOME WITH BRIDE
Pfc. Herman Hollowell, who was united in marriage with Lillie Mae Warr in South Carolina on September 1, brought his bride home for a five-day turlough with his mother, Mrs. M. Hollowell. He will return to camp on September 14.

DEFOREST CLASS
Miss Catherine Henderson will entertain members of the Gerda DeForest Class of First Presbyterian church at her home, 604 Water street, at eight o'clock Thursday evening.

SUNSHINE CLUB CHANGES MEETING
Lander Sunshine Club members will meet with Mrs. Dorothy Firth on September 21. Instead of this Friday, the change having been made because of the Sugar Grove fair.

NOTICE
Dr. P. G. Fago will not be in his office in Youngsville until Sept. 21st. 9-10-31

Four beloved button-up... up to new fall mischief. Definitely leftist, that smart side entrance... downright giddy, the keyhole neckline and bow. In Zanda crepe, a fine rayon fabric by Hayman.

Obituary
Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12; 2 to 4 and 7 to 9 p. m.

MRS. C. W. BENJAMIN
Services in memory of Mrs. Charles W. Benjamin, 422 Pennsylvania avenue, east, will be held at 3:30 Thursday afternoon at the Peterson Funeral Home, conducted by her pastor, the Rev. Wayne Furman, First Methodist minister. Interment will be made in Oakland cemetery.

MRS. ESTELLA BACKUS
Word has been received here that Mrs. Estella Backus, widow of Joseph J. Backus, died Tuesday afternoon at the home of her grandson, Frank Marsh, near Frewsburg. Aged nearly 80 years, she had been in failing health for some time. She formerly resided at Bone Run near Corydon and had many relatives and friends in this section.

She leaves three daughters: Mrs. Marjorie Marsh, Frewsburg; Mrs. Maude LaDow, Jamestown, and Mrs. Marie Wassink, Falconer. Services in her memory will be held from the Stanley Funeral Home in Frewsburg at 2:30 p. m. Friday.

HENRY D. BIDWELL
Henry D. Bidwell, well known resident of Warren RD 2, died at the family home at 1:50 a. m. today. He was born June 1, 1884, in Crawford county, but had resided in this section for the past 23 years.

He is survived by his wife, Nora Jane Bidwell, and the following children: H. LeRoy, of Newport, R. I.; Mrs. Mildred Stack, Warren; Mrs. Julia Fulton and Paul Bidwell, of Clarendon, was brought to Warren General Hospital on Tuesday when it was feared she was suffering from pneumonia.

Miss Gertrude Joy, daughter of Mr. and Mrs. Bernard Joy, has entered Slippery Rock college.

Bernadette Walters, Morrison street, is spending a week with her sister, Mrs. Charles Schulerberg, Dunkirk, N. Y.

Mrs. Josephine Knoll and Mrs. Ruth Radspringer have returned from a pleasant vacation trip to Toronto.

COCONUT WARFARE
American Marines won a battle in the Solomons by throwing coconuts. Cornered Japs threw back grenades as fast as the Yanks could toss them. By throwing coconuts with the grenades, they confused the Nips, giving the explosives time to do their work.

Paper is a MUST in caring for the soldiers overseas. Have yours bundled and at the curb Sept. 19. 9-11-2*

Trout Shuts Out Bosox, 5-0, As Nats Lose 2-1 Battle In Ninth; Cubs, Cards Both Win

PENNANT RACES AT A GLANCE

American League				
Team	Won	Lost	Games Behind	Games to Play
Detroit	80	57	—	17
Washington	80	61	2	13
National League				
Team	Won	Lost	Games Behind	Games to Play
Chicago	85	50	—	19
St. Louis	83	53	2½	18

By JACK HAND
(Associated Press Sports Writer)
Dizzy Trout's "five-win plan," resigned to assure Detroit of the pennant during its final eastern jaunt, is 80 per cent complete today.

Before the talented right-hander took the mound against New York, Sept. 4 for the opener of the Tigers' 20-game tour, he revealed a self-made schedule calling for five victories along the Atlantic seaboard.

After blanking the Yankees 10-0, he beat them with relief help, 11-4, trimmed Boston in the fireman role, 6-3, and shut out the Red Sox yesterday, 5-0. Four decisions in eight days, a torrid pace even for Trout.

Trout's sparkling two-hit performance in Boston was his 17th in the majors.

Success of the season. The triumph was made easier by Doc Cramer's three-run homer in the seventh inning. It was Detroit's eighth victory in 11 eastern starts with four in Philadelphia and five in Washington still to be played.

The Senators dropped a discouraging 2-1 tonight to Chicago after taking a 1-0 lead into the ninth inning. The White Sox beat Johnny Niggeling with two runs in the ninth on only one single.

New York and Cleveland were washed out of their final meeting of the campaign and the other clubs were not scheduled. Only news from that quarter was Luke Sewell's retention as Brownsie manager for 1946-47.

Hank Borowy, whose sale by the Yankees remains one of the big mysteries of the season, hurled his 10th complete game in as many starts for the Cubs, earning his eighth triumph in beating Boston by a 5 to 4 score.

Fordham Hank had his anxious moments after blowing a 3-0 lead but pulled through in the ninth when Phil Cavarretta raced home on pinch-hitter Ed Sauer's infield hit.

St. Louis had to come from "way back, trailing once by four runs, to finally catch and pass New York in the last of the ninth, 6-5, on Whitey Kurowski's two-run single with the sacks loaded. Billy Southworth tossed five pitchers into the fray and Bill Crouch, recently acquired from Rochester, got credit for his first win of the year.

Pittsburgh continued its September drive, tightening its hold on fourth place, by dumping the Phillies twice, 5-4 in 10 innings and 5-1 on a five-run spurt in the eighth frame.

After Al Libke's 10th inning single gave Cincinnati a 5-4 shade over Brooklyn in the opener, the Dodgers snapped back with a 15-hit attack for an 11-6 victory to square the season series at 11 decisions apiece.

Tonight
There will be a meeting of The Girls Bowling League at the Arcade Alleys, Wednesday, September 12, 7 p. m.

Cool and Nervous

"During a hot flag race like this one," says Detroit's Steve O'Neill, "is no time for a ball club to worry..."

Football Prospects At Major Colleges

UCLA

by BILL DECKER

Los Angeles, Sept. 12—(AP)—They're not saying much out at the picturesque Westwood campus of UCLA, but an aura of quiet confidence surrounds the new Bruin grid regime by Bert La Brucherie. Twenty Lettermen, including three veterans of the 1942 Bruin squad which played in the Rose Bowl, are back, the team looks solid, except for one tackle spot and a lack of big reserves.

La Brucherie, up from Los Angeles High School to replace Babe Horrell, will rely on speed and a short passing from the T-Formation.

At the vital quarterback post will be wily Ernie Case, 170, 1941 letter winner from the air forces. Case is a sharpshooting southpaw passer, clever ball-handler, fair punter.

Letterman Jack Boyd and freshman ace Gene Rowland are fighting for the left half post, with Cal Rossi, rugged letterman, and newcomer Art Steffen fixtures at right half and fullback.

Backfield replacements include lettermen Brooks Biddle and Kken Solid, halves; fullbacks Jim Millett, 195, and Bert West; and quarterbacks Rocky Childres and Jack Porter.

The line looms strong at ends and guards, but is light by major college standards. The starting wall, averaging less than 190 pounds, includes Bob Hansen and Bob Wheeler or Nelson King at ends; Don Malmberg, all- coast in 1942, and Dean Markham at tackles; Eddie Eaton, frosh star, and Rod Woelfe or Al Sparlis, both 1942 vets, guards; and Bill Woods or Gene Lee at center.

Sheffield Downs W. H. S. Seconds and Thirds, 19-7.

Sheffield High's Wolverines, engaging in their first actual scrimmage of the 1945 grid season, scored a 19-7 victory over a combination of Warren Dragon Seconds and Thirds last night at Sheffield. The Wolverines held a one touchdown lead at halftime, boosted it to a 19-0 lead until the final minutes of play.

Elmer Dutschke scored the only Warren touchdown in the late minutes of the final stanza.

Pennsylvania is first among all states in extent of its highway system—40,615 miles.

Accused
I've been accused of being a "Yes Man" . . . and come to think of it—I am! That is, I like to say "Yes" when people ask for a loan. Which is only logical, after all, for the more times I say "Yes" the more loans I make. And since making Personal Loans is my full-time business, that's mighty important to me.

*Usually I can say "Yes" in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why Personal is so often able to make loans that others cannot.

*Of course—once in a while I can't find a way. That's natural. When that happens, I personally sit down with the customer in a private office and discuss the situation frankly, on a common sense basis.

Like most people, I don't believe in unnecessary borrowing . . . but when a loan is needed or to your advantage, I'll be glad to say "Yes". Anytime you need extra cash—see me, won't you? Right now, for instance. See me at Personal Finance Co., 216 Liberty St., second floor, over Lester Shoe Store. Phone 285.

Batavia Captures 3rd Straight Win

Buffalo, N. Y., Sept. 12—(AP)—Lockport must beat Batavia Clippers tonight to stay in the running for the Governor's Cup in the PONY League playoffs.

The hard-hitting Clippers scored their third straight playoff victory by a 5-2 margin last night to roll up a 3-0 lead in the best four out of seven series.

Game tonight: Batavia at Lockport.

Last night's game.
Lockport . . . 000 000 020—2 3 4
Batavia . . . 104 000 00x—5 8 1
Wallerstein and Novotney; Ludwig and Tighe.

(Batavia leads 3-0 in best four-out-of-seven final series for the Governor's Cup).

Last Night's Fights
By the Associated Press
New York—Tony Pellone, 141, New York, defeated Billy Graham, 135½, New York (10). Vincent Gigante, 172½, New York, outpointed Teddy Brown, 170½, Garfield, N. J. (6).

New York—Al (Bummy) Davis, 153½, Brooklyn, outpointed Johnny Jones, 151, Pittsburgh, in sixth round of eight rounder. Jones disqualified for not trying.

New York—Humberto Zavala, 142 3/4, Mexico City, defeated Jackie Leamus, 133½, New York (10). Al Victoria, 137½, New York, knocked out Jimmy Mason, 137½, Camp Kilmer, N. J. (5).

Buffalo, N. Y.—Phil Muscato, 178½, Buffalo, knocked out Prentiss Hall, 166, Buffalo (8). Newark, N. J.—Charlie Fusari, 143, Irvington, N. J., stopped Joey Manfro, 137 3/4, New York, (1). Al Galt, 168, Newark, stopped Clem Fitzpatrick, 160, New York, (5).

Pittsburgh—Harry Jeffra, 29, Baltimore, and Mickey Quack, 123, Pittsburgh, drew (10).

ALLEY OOP
LOOK, WHOEVER YOU'RE! WE'RE GRATEFUL FOR YOUR AID IN DEMORALIZING OUR ENEMIES!

SPORTS ROUND-UP

By HUGH FULLERTON, JR.
New York, Sept. 12—(AP)—Ed Wright, the rookie who shut out the Cubs for Boston the other day, was discovered by Red Smith, the Cub coach, who gave \$1,500 for his find. Wright may have pitched Red right out of a cut in the World Series dough. . . Jimmy Johnston is broadcasting the news that he now is manager of Al Hoosman, who was heavyweight champion of the Pacific area before his discharge from the army. Hoosman is six feet five and weighs 210, which makes him about big enough to do everything Jimmy claims he can. . . The Army-Notre Dame basketball game which would pack any indoor arena the way their football game does the Yankee Stadium, will be played in the West Point field house with no charge for admission. . . Boston's Art Ross thinks you suppose should be admitted to National Hockey League meetings because "We have nothing to hide."

Let Who Do It?
The New York University football manager is George Kleinknecht; his assistant is George Bear; the equipment manager is George Olsen and the publicity director is George Schieber. . . When there's a tough job, who do you suppose does it? . . . Why, Coach Jack Weinheimer, of course.

One-minute Sports Page
What's this story that the all American football conference is trying to peddle a quarter interest in its "strongest" franchise—Los

Angeles—for \$50,000? . . . Ray Dumont's National Basketball Congress has set a \$10,000 "ceiling" on the prize money to be awarded the winning team in future sandlot tournaments at Wichita. This year's championship averaged better than \$5,000 a night at the gate for two weeks. . .

This Way Out
Manager Chick Werges tells about this phone conversation with Lightweight Beau Jack, who is due out of the army any day: "Mistah Werges, my papers is gone through, everything's gone through but I ain't gone through. I want to go through the gate."

LOTTVILLE

Lottsville, Sept. 10—Rev. Woodin preached the regular service at the Methodist church Sunday.

Memorial services were held for Elmer Bogie, who was killed in the invasion of Okinawa, at the Methodist church Sunday, with Rev. Wayne B. Price from Evansville, Ind., conducting the rites.

Stella Rebekah Lodge No. 239 held their picnic at the Cornish stand Saturday with a very small attendance.

Mr. and Mrs. Del Clark and daughter are taking a few days vacation.

Frederick Grange, held their regular meeting Sept. 5th putting on the 1st and 2nd degree to twelve candidates.

Mrs. Rocena Stone, from Warren spent the weekend with her

Breakfast becomes an occasion worth getting up early for—when you're headed for Wheaties. Swell nourishment, exciting flavor in those toasted whole wheat flakes. Have a big bowlful of milk, fruit, and Wheaties, famous "Breakfast of Champions"—every morning.

Wrightsville were visiting their mother and sister, Mrs. Hattie Smith and Mrs. Stella Reed Sunday.

Mr. and Mrs. Reed and daughter were weekend guests of their daughter and family, Mr. and Mrs. Robert Scott.

News Of The World As Seen In Pictures And Maps

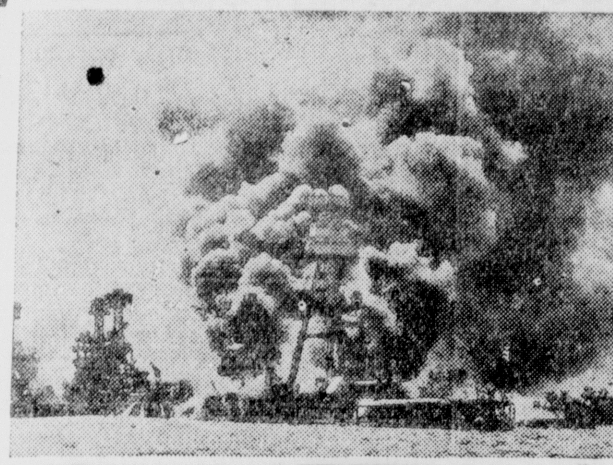

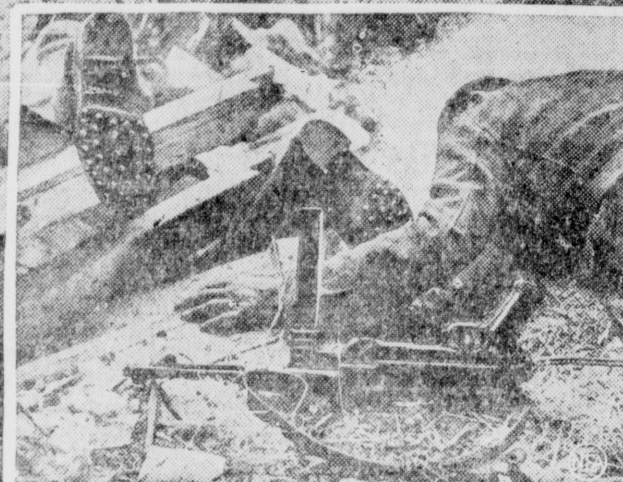

HAPPY BIRTHDAY: Six Years, Lacking One Day, After Its Start World War II Ends In Victory

Sept. 1, 1939, by unleashing his merciless blitzkrieg against Poland, Adolf Hitler plunged the western world into a holocaust that left Europe a chaotic waste, but ended

in the inevitable failure on May 8 when, with Hitler's armies shattered, himself and his chief fellow-Nazis dead or in hiding, the German generals surrendered to the overwhelming might of the United Nations.

Dec. 7, 1941, Japan treacherously launched its long-planned war against the U. S. while talking of peace. A year of conquest spread the Japs' hold deep into Asia and far across Pacific. Then the Allied counteroffensive hit its stride and

after three years, eight months and 24 days of the most vicious fighting the world has ever seen, the Allies accept Japan's unconditional surrender in Tokyo. Japan lost its entire empire of conquest, reverted to a third-rate power.

Cool Work, if You Can Get It

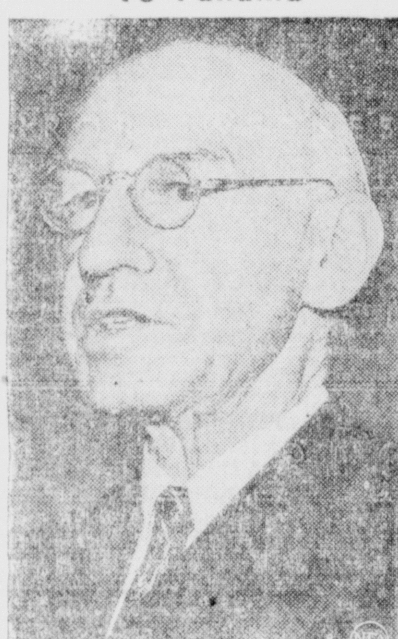

It was a hot day in Hollywood. Erskine Johnson, noted Hollywood columnist for NEA Service, was interviewing Charlotte Greenwood, famed "Lady Longlegs" of stage and screen, when suddenly she said, "Let's go swimming." And so they did, and here they are, continuing the interview—but comfortably.

To Philippines

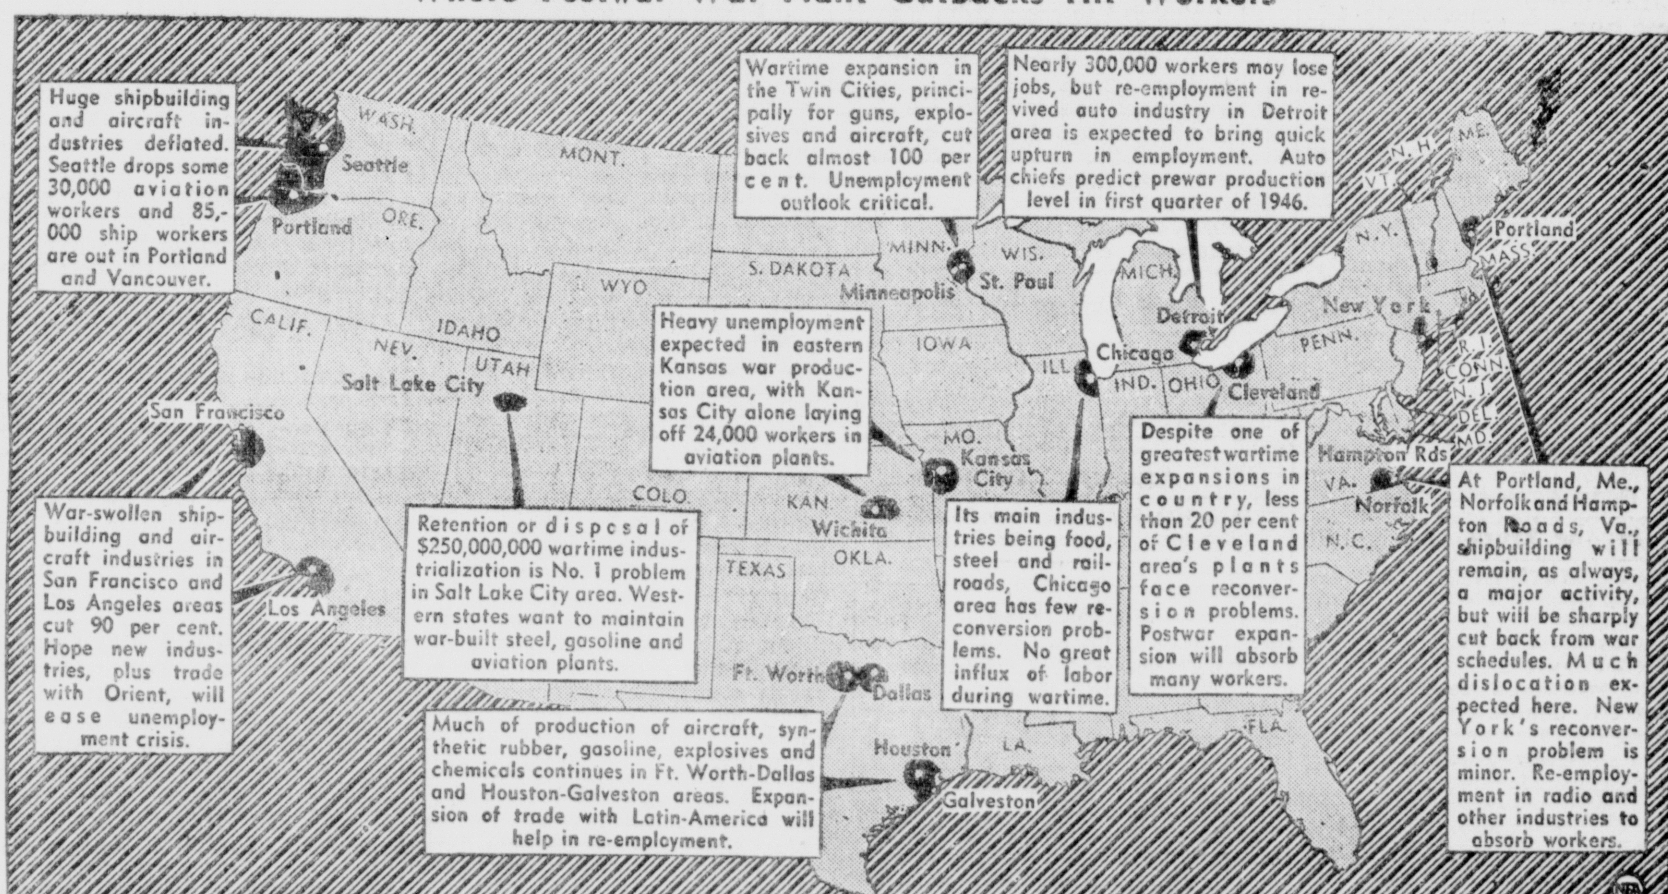

Paul V. McNutt, above, War Manpower Commissioner, has been named to serve again as U. S. High Commissioner to the Philippines. He served in that post from 1937 to 1939.

To Panama

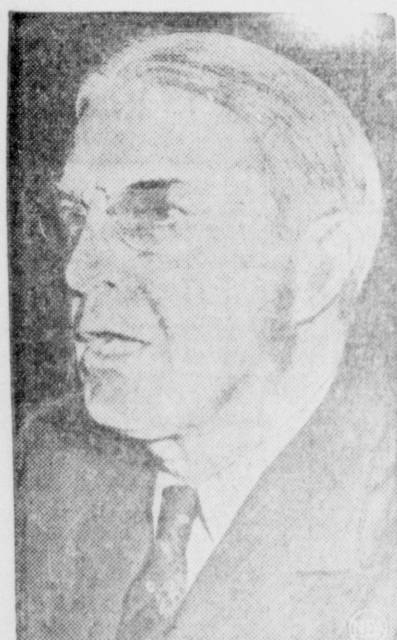

President Truman has named Brig.-Gen. Frank T. Hines, above, as Ambassador to Panama. He was formerly Administrator of Veterans' Affairs.

Where Postwar War Plant Cutbacks Hit Workers

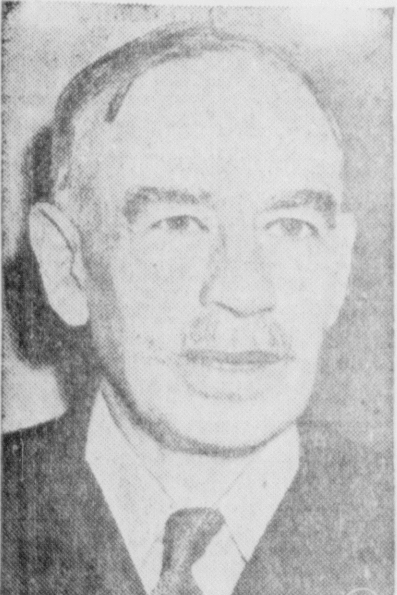

Talks Loan

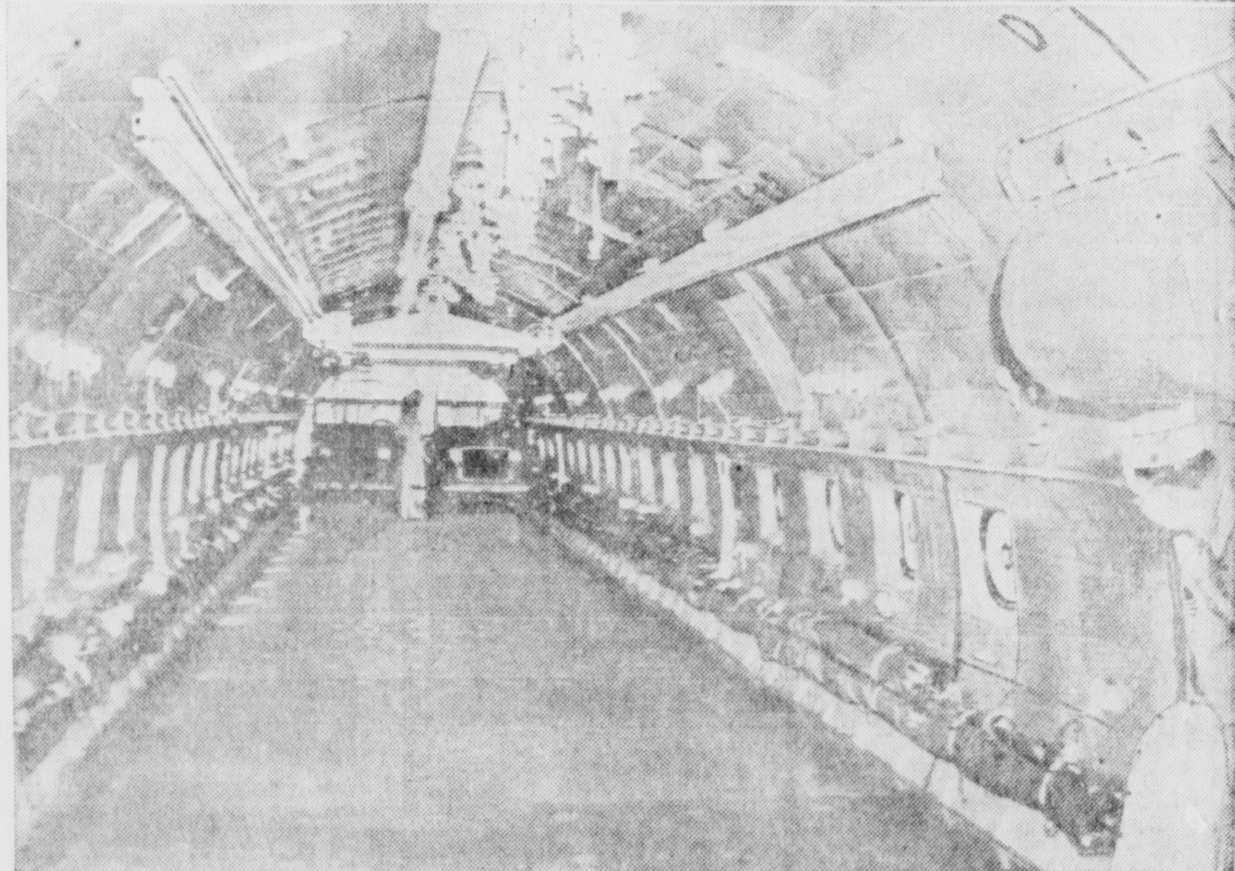

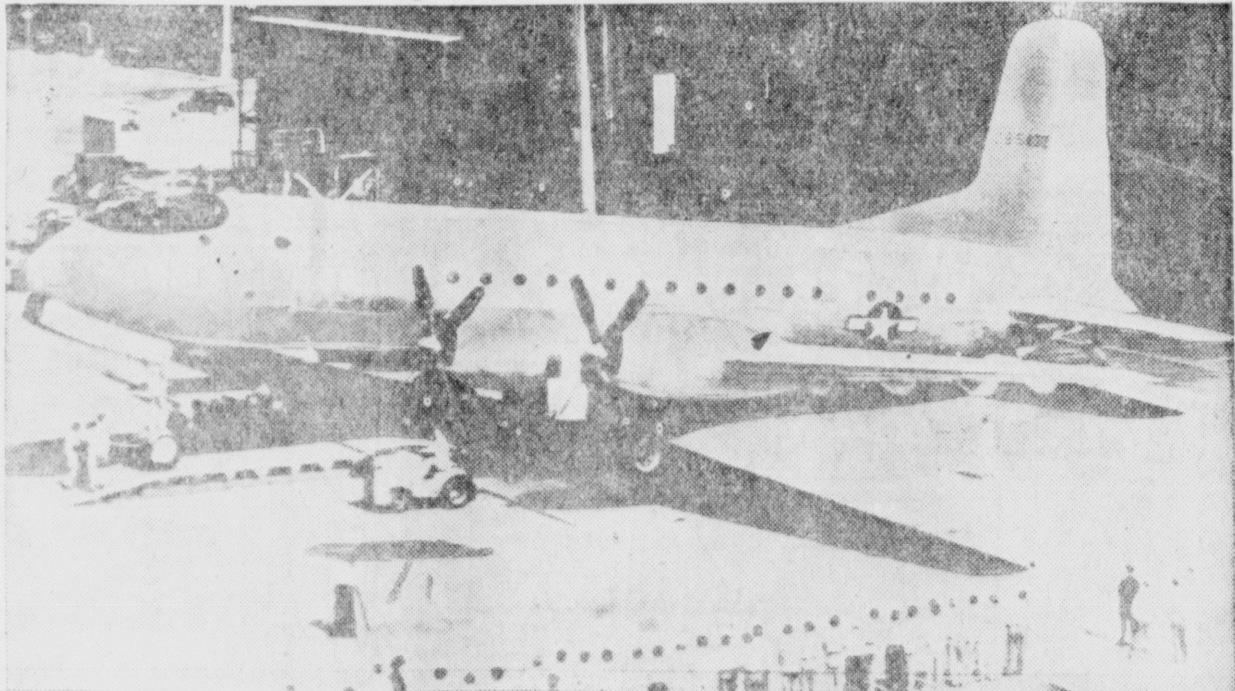

William L. Clayton, above, assistant Secretary of State, heads a U. S. delegation which is to discuss, with a special economic mission from England, a proposed long-term loan of three to four billion dollars at low interest rates to Great Britain.

Seeks Dollars

With Lord Halifax, British ambassador to Washington, Lord John Maynard Keynes, above, heads a special economic mission from England. Its goal: a long-term, low-interest loan of three to four billion dollars for his country. Britons will discuss the loan with a similar delegation representing the U. S.

World's Largest Land Plane Passes Flight Test

Gigantic size of the Douglas C-74, world's largest land plane which performed perfectly in a test flight of an hour and 19 minutes at Long Beach, Calif., is emphasized in the photos above. The interior is amply large for the two jeeps drawn abreast, as seen in the lower picture. Important facts about the Globemaster: wingspread, 173 feet; length, 124 feet; height, 43 feet; cargo capacity, crew of 13 and 108 passengers, or 30 tons; gross weight, 162,000 pounds; speed, more than 300 miles per hour; cruising range, 7800 miles; powered by four 28-cylinder engines.

The sudden cancellation of billions of dollars worth of war supplies hit some areas a quick, hard, body blow, while other sections came off with brighter prospects. Map above shows principal production centers where collapse of postwar boom was immediately felt.

To Get New Post

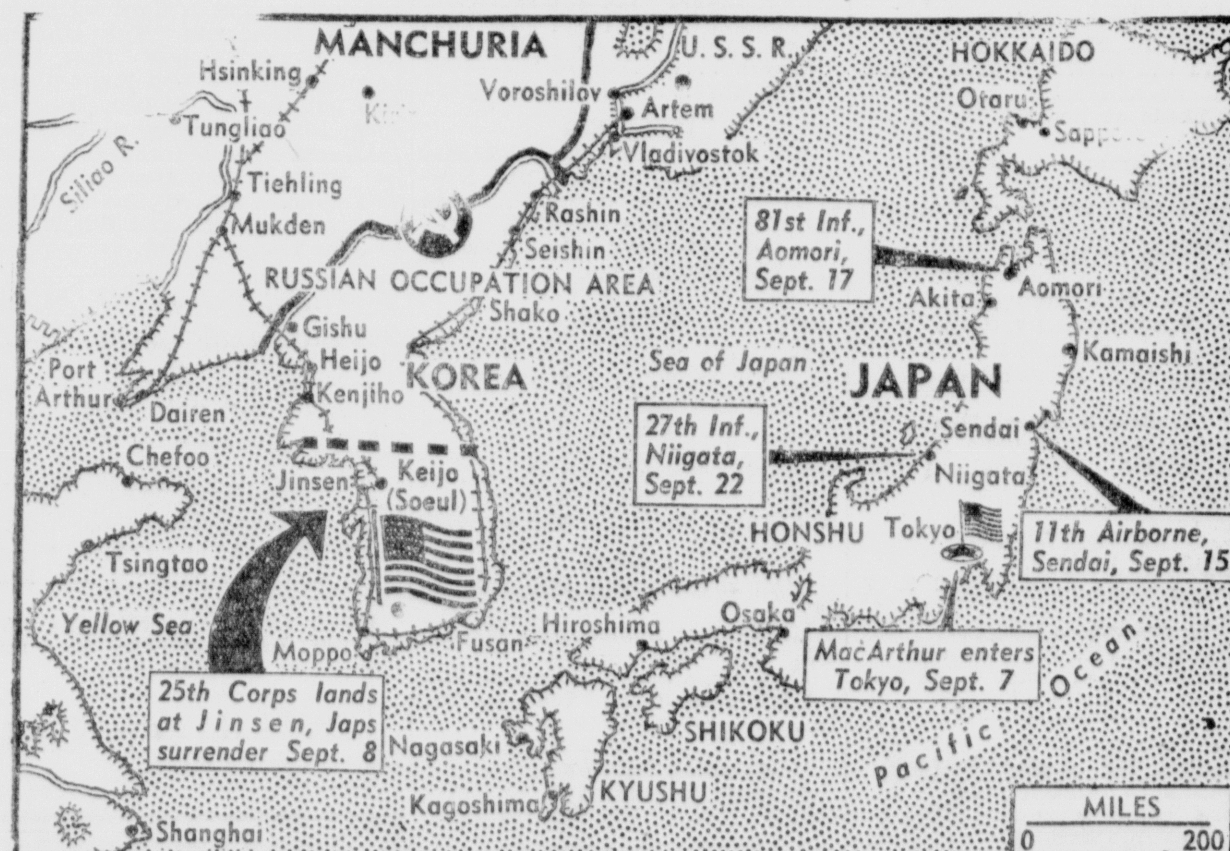

Sen. Chan Gurney, above, Republican of South Dakota, probably will be appointed to the important Senate Foreign Relations Committee, to fill the vacancy left by the death of the late Sen. Hiram W. Johnson, of California.

Leads in Tokyo

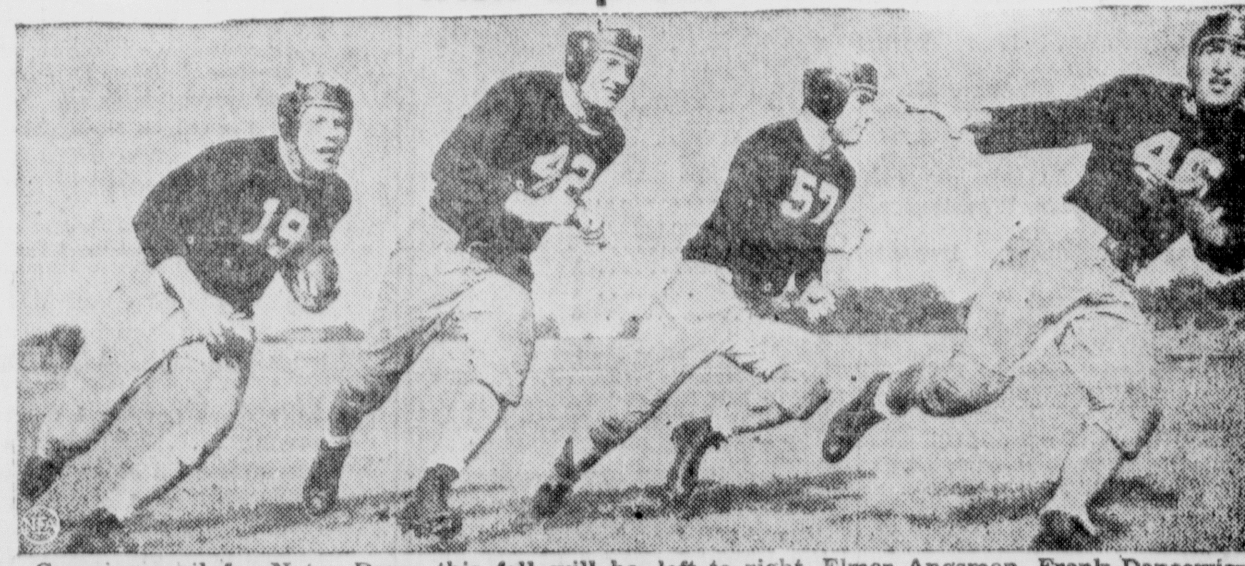

Maj.-Gen. Charles P. Hall, above, commands the 11th Corps of the U. S. Eighth Army, which Gen. MacArthur assigned to take over the Tokyo area.

Americans Expand Control in Jap Areas

Scenes of important operations in process of happening or scheduled for the near future in Jap areas are shown on the map above. They include Gen. Douglas MacArthur's triumphal entry of Tokyo and the occupation of Korea. Dates shown for scheduled future events are approximate.

Irish Express — 1945

Carrying mail for Notre Dame this fall will be, left to right, Elmer Angsman, Frank Dancewicz, Marv Wadell and Phil Colella, leading prep soccer in Pennsylvania in 1943 before joining Navy.

BULLETINS

Washington, Sept. 12.—(P)—The house voted today to turn the nation's clocks back one hour on Sept. 30 while the senate was being told the army wants the draft to continue until next July. The house acted on a resolution which would—by pushing back the clocks one hour the last of this month—replace war time with Standard Time. The senate still has to vote the same way, and and probably will.

POLICE PENSION FUND PAYMENTS DELAYED

Harrisburg, Sept. 12.—(P)—Distribution of \$761,018 among eligible police pension funds through-out Pennsylvania is being held up. Auditor General G. Harold Wagner said today, by failure of most municipalities to return questionnaires. Wagner said fewer than 700 of more than 3,300 municipalities have returned the questionnaires. Of those 49 apparently have qualified for shares. The money represents half of the net amount paid to the state from the two per cent tax on casually insurance premiums written in Pennsylvania by firms whose main offices are outside the state.

Smart for B. G.* GIRLS

The Business Girl knows that she always looks neatest in a blouse, skirt and sweater.

All Styles in Blouses
3.98 to 5.98

Long sleeve tailored blouses in rayon crepe or short sleeved ones with a bow tie if she wishes or perhaps she prefers the little round neck ones that look so well on most girls. In white and colors.

The Sleeveless Sweater
3.98

The jerkin type of sleeveless sweater to wear over the blouse for that extra warmth and good looks. In every color to match the plaid skirts.

Pleated Plaid Skirts
5.98

All the way around go the pleats in these skirts—some have diagonal pleats, others straight up and down, others are gathered at the waist band and hang full.

Grants For War Veterans Are Explained

Harrisburg, Sept. 12.—(P)—The department of public assistance stated that veterans' disability pensions are considered as "available resources," in the granting of relief to needy families.

Under policies established by the state board of public assistance the department said in a statement, "in computing the grant for a disabled veteran, any special requirement which can not be met within the program of the veteran's administration or the public assistance agency are given consideration, and, within the scope of the public assistance program, the pension or compensation may

be used to meet those needs before any reduction is made in the assistance grant."

The statement was issued in reply to one in which the Democratic state committee asserted the state "is in effect requisitioning disability pensions received by veterans from the federal government because of battle injury, for general family purposes."

The department noted that "there is nothing in the law to support a policy which sets a higher standard for one group of citizens than for another," and that in all cases, "any available resource or income is applied toward meeting the needs of impoverished families."

"The principle which governs these public assistance policies is that the services and payments made by one governmental agency should supplement but never duplicate or overlay those of another public agency," it said. "In other words, public assistance supplements all other resources available to the recipient."

"In many instances the disability compensation received by veterans is sufficient to maintain themselves and their families. It is only in those instances in which the compensation is not sufficient to meet the living requirements that the public assistance agency is expected to help."

CHARTER APPLICATION

Notice is hereby given of the intention to file Articles of Incorporation with the Department of State of the Commonwealth of Pennsylvania on September 18, 1945 for a Certificate of Incorporation of a proposed business corporation to be organized under the "Business Corporation Law" of the Commonwealth of Pennsylvania approved May 5, 1933 entitled TOSS PRODUCTS, INC., and the purposes for which it is organized are buying and selling and dealing in petroleum products and in household and industrial cleaning products, and for these purposes to have, possess and enjoy all the rights, benefits and privileges of said Act of Assembly and all supplements thereto.

Salvage Man Is Commended

Mrs. Clyde R. Darling, 102 West Fifth avenue, has received from J. L. Hill the following commendation given her husband, C. R. Darling, ship's fitter first class on the USS Anchor, for "outstanding performance of duty in salvage operations:

"You were a member of the salvage squad detailed to raise wreck No. 66 in Naha harbor, a vessel of approximately four thousand (4,000) tons and sunk in turning basin. A minimum of twenty (20) days had been assigned for this operation. Through the outstanding work of yourself and the other members of your squad the vessel was raised and clear of the harbor in ten (10) days."

"The commanding officer is fully aware of the initiative, perseverance and hard work demonstrated by yourself in the operation and commends you for your part in this important work. Your performance was in keeping with the best traditions of the Naval Service."

CORYDON

(From Page Three)
Line Run, and remembered here by a number.

Mrs. George Oberlin, is a recent Bradford visitor.

Mr. and Mrs. Kenneth Schuler and family has returned here to reside, taking an apartment in the home of his parents.

Mr. and Mrs. Malcolm Sparks and children, of Avis, Pa., has been visiting a number of Corydon relatives and friends.

But \$39,000 of October War Fund Will Go Out of County

Of a total of \$88,700 which Warren County will strive to raise in its October War Fund campaign, only \$39,000 will go out of the county, the balance remaining for the support of the seven agencies formerly financed by the Community Chest, the county work of the expense of the campaign.

But this \$39,000 is vitally important, E. W. Johnson, chairman of the drive, emphasized this morning that success in raising it is more vital now than ever. "The war is not over so far as the United War Fund is concerned until the last American boy is home again," Mr. Johnson stated. "That will not be for many months to come."

One of the most important beneficiaries of the War Fund is the U. S. O. Demands on USO in the coming year, such as expansion of USO-Camp Shows circuits, continuation of many operations throughout the Western Hemisphere, and immediate development of USO facilities in the Philippines mean that USO "faces a year, which in all probability will be the most critical and difficult in its existence," USO President Lindsey F. Kimball has announced.

"Only by concerted action on the part of all USO personnel, and the continued and generous support of the National War Fund which finances our work, can we meet the increased needs of the military in Europe, in the United States and in the Pacific," Dr. Kimball continued.

The President's statement went on to enumerate the calls that have been made on USO and that will be made in the solution of the morale problem that months of waiting creates for the armed forces—a problem considered more difficult and urgent even than that existing under combat conditions. Howe some of these needs will be met were included in the statement. For example:

Hawaii, as well as the Philippines, will see great expansion. In the former, four more clubs have

been completed, and there are serving there more than 200 professional workers and several thousand volunteers. There are 60 operations in Hawaii. The largest Club serves as many as 30,000 in a day.

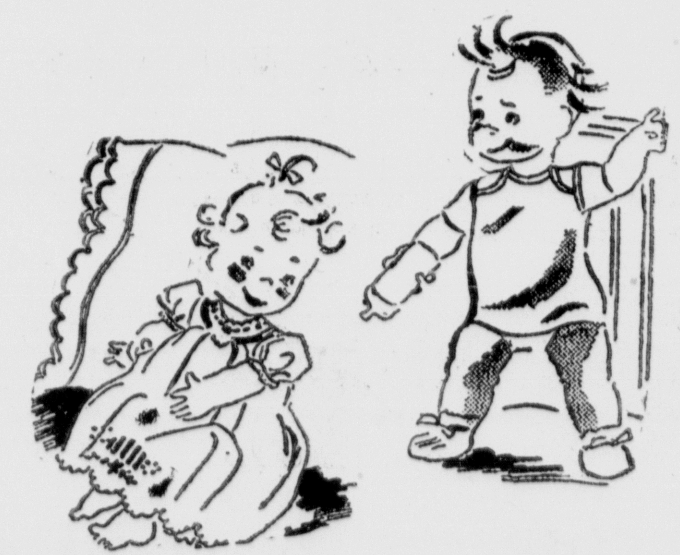

More than 800 physicists and other scientists were engaged at the Massachusetts Institute of Technology, under direction of Dr. L. A. Du Bridge, in development of radar as a war weapon and possible application to peacetime commercial flying.

Everybody reads the Times-Mirror.

Ugly Eczema No Joke

The itching torment of eczema is enough to make anyone wretched and anxious for relief. If you suffer from the itching of eczema, pimples, angry red blotches and other irritating blemishes, get Peterson's Ointment, 35c all drug-gists.
